**A. J. SMITH**

### RALEIGH.

Smallpox in 24 Counties. Still recurring, Early Trucking, Atwater Against Butler, Street Railways.

Raleigh, Feb. 16.—Dr. Richard H. Lewis, secretary of the state board of health, has completed his report for January, which shows that during that month there was smallpox in twenty-four counties. Since then it has made its appearance in two others, Blount and Haywood. It is now very widely spread. Dr. Lewis is hearty in his ridicule of physicians who diagnose smallpox as "elephant's tich." Of course there is no such disease as the latter, but some physicians, who ought to be ashamed of themselves, deliberately make such an absurd diagnosis.

The commissioners returned from Duplin county where he held a farmer's institute, which he says was well attended and in which marked interest was shown. The next institute will be shown. The next institute will be held in Galloway county.

Professor Ira Roman, chemist of Johns Hopkins university, will deliver the annual address next June before the students of the Agricultural and Mechanical college here. He is one of the ablest chemists in the country and a most entertaining speaker.

Captain Z. B. Vance, the recruiting officer here, is now in the western part of the State, after recruits for the regular army. He says Greensboro is now the best recruiting point. A great many have gone from the Piedmont section.

The weather bureau in a bulletin today says that thanks to the very pleasant weather in January, work in preparation for an early truck season is well advanced in the east. The monthly mean temperature for the State was 40.8 degrees, or 2 degrees above normal. The highest was 75, at Cherryville, the lowest a below zero at Lenoir and Marshall. The greatest daily range was 49, at Henderson. The average rainfall was 3.33 inches, one inch below the normal. The greatest was 7.31 inches, at Wilmington. The average snow fall was only 1.4 inches.

It is said by some prominent Democrats that no matter whether C. B. Aycock or M. H. Justice gets the Democratic nomination for governor, John C. Cunningham will get the nomination for lieutenant governor.

The organization and charter of the Lowell cotton mill, in Gaston county with \$75,000 capital, is the seventh this year in the state.

Dr. Wolf Hopper is booked to appear at the Academy of Music here May 1st and end the theatrical season.

The legislature in June will in all probability give the corporation commission ample power to assess railway and steamship property, thus remedying any possible vagueness of the act creating it.

Congressman Atwater, Populist, attacks Senator Butler for antagonizing the constitutional amendment, saying Butler has made a great mistake and should have declared for it, as he said ten months ago he would do. Atwater says he is sure the amendment will carry and declares the populists will support it at the polls next August.

The Roanoke river is very high and is yet rising. There are only 202 miles of air rail in North Carolina. The number of passengers last year was 2,708,749 and the receipts \$142,058. Charlotte's net increase was \$10,048. Wilmington's road transported 745,417. Raleigh 281,967, Winston 241,168, Pinckney 7,843, Asheville 715,181, Charlotte 613,826.

"I had dyspepsia for years. No medicine was so effective as Kador Dyspepsia Cure. It gave immediate relief. Two bottles produced marvelous results," writes L. H. Warren, Albany, Wis. It digests what you eat and cannot fail to cure. P. S. Duffy.

Currency Bill Passes Senate. Washington, Feb. 15.—The Senate substitute for the House currency bill was passed by the Senate to-day by the majority of 46 to 29.

Prior to the final passage of the bill amendments were considered under the ten-minute rule. Only two of these amendments were adopted, viz—one offered by the Finance Committee keeping the four per cent international tax, and one by Mr. Nelson, of Minnesota, providing for national banks with 30,000 capital in towns of not more than four thousand inhabitants.

Mr. J. E. Miller, Sawtooth Hamilton, Pa., writes, "I think DeWitt's Kidney Pills are the greatest pills made." It cures piles and leads everything. All treatment indications are worthless. P. S. Duffy.

Colony Institute for the Deaf will open next September. One-hundred children are made and sold in large quantities.

J. J. Deane will call all of his winter stock now on hand to make room for spring goods.

Yacht Club building. Will be located at corner of First and Third streets.

**G. H. STREET**

### FINALLY RECEIVED.

Kimberley Reached by Lord Roberts Force Thursday Night.

General French Led the Advance into Cecil Rhodes Town. Roseberry vs the War Army Figures.

London, February 16.—Lord Roberts has sent a dispatch to the War office saying that Kimberley was relieved Thursday evening. The force of cavalry and mounted infantry under General French led the advance.

Lord Roberts occupies Jacobabad between the Riet and Modder rivers formerly held in strength by the Boers. The lines of communication of General Cronje with Bloemfontein have been cut. The Boers have made no preparations to defend the capital of the Orange Free State.

London, February 15.—Lord Roberts in the House of Lords tonight made a second attack on Premier Salisbury.

With vigor and often vehemence of language he made a great indictment of the Government. There was no mining of words, no reticence at reserve in the picture which Roseberry drew of the perils of the hour.

"This is a great emergency," said he. "The Government has 50,000 more troops to send to South Africa. If these are not sufficient, what then?"

"What then?" he repeated, in accents that visibly thrilled the House. "This is for us a matter of life and death. Nothing can hide the fact that behind Roberts' force, with the exception of the Eighth Division, we have no more trained soldiers."

"If you lose South Africa you lose the principal column of your empire. You will be shut up in these islands, one of which does not love you."

The speech made a great sensation. In clubs and political circles advocates of a reorganization of the ministry, which Roseberry and a few other imperialistic Liberals in it, are increasing in numbers every day.

London, Feb. 15.—The House of Commons this evening adopted the Government's military proposals by a vote of 330 against 24, the minority consisting chiefly of Irish members.

These proposals provide for embodying an army of 317,000 men for home defense besides the 313,000 for South Africa and other forces elsewhere. The army expenditure for the current financial year, ending March 31, is put at \$284,090,905, expressed in United States money.

### OTIS REPORTS PROGRESS.

Philippine, However, Are Still Active Even in Luzon.

WASHINGTON, February 15.—The Adjutant-General received a cable message today from General Otis giving a brief outline of the progress of military operations in the Philippines since his last report of several days ago announcing the opening of the hump ports in Southern Luzon. The dispatch is as follows:

"Bata left today with two regiments and a battery of artillery on transports for San Miguel bay, province of Camarines Sur, to move on Nueva Caceres and towns in that section. The road east from Alifanua through the province of Tayabas is not practicable for troops."

"The insurgents in Camarines show considerable activity and make attacks on our troops along the southeastern coast of Luzon island. It is reported that they hold several hundred Spanish and a few American prisoners in the vicinity of Nueva Caceres."

"Kobba, with two regiments, occupies the southeastern extremity of Luzon from the south; also all important points of the islands of Catanduanes, Samar and Leyte. The conditions throughout the Philippines are gradually improving."

All existing vessels are now engaged in transporting merchandise and products. The Ladrones element is troublesome in all of the islands and hump troops very actively engaged."

### BECKHAM RECOGNIZED.

Prison Officials Release Convict on His Order.

FRANKFORT, Ky., Feb. 15.—The clash between the Democratic and Republican branches of the State government was emphasized tonight by the prison officials releasing John Seale, a Louisville convict, on a pardon issued by W. J. C. Beckham, Democratic claimant to the Governorship of Kentucky.

Deputy Warden Punch was being warden. When the pardon papers were presented to him he ordered Seale released, and the latter left the city at once.

Douglas Hays, a Knott county convict recently pardoned by William B. Taylor, Republican claimant to the Governorship, is still in confinement, the prison officials refusing to recognize Taylor as Governor.

BE SURE that your blood is rich and pure. The best blood purifier, enricher and vitalizer is Hood's Sarsaparilla. Be sure to GET HOOD'S.

## CORSETS

We invite especial attention to our CORSET DEPARTMENT which is supplied with the newest styles and forms in the best Standard Brands.
