### SAFE AT LAST.

Butler Will Enter Ladysmith in a Few Days.

GENERAL CRONJE AT BAY.

Throws Off Pious British Assaults. Intrenched in His Camp. Jonhart Orders Concentration Against Roberts. Military Critique's Opinion.

Special to Journal.

LONDON, Feb. 21.—The Berlin Tageblatt publishes a special dispatch from Brussels which says that the Transvaal legation in that city has announced that the Boers are evacuating Natal.

Their position in the Colony was admitted to be untenable. General Joubert has ordered a concentration of all available forces to oppose the advance of General Roberts.

It is further announced that the siege of Ladysmith will enter the town by the end of the week.

LONDON, February 21.—Special—Official Boer dispatches from Pretoria, dated the 20th report the fighting on the 18th and 19th near Koodoos Rand. They state that the British attempted to surround the laager of General Cronje and were repulsed. General Dewet reports that the Boers captured several kopjes between Paardeburg and Koodoos Rand and took forty British prisoners.

A dispatch from Cape Town says that General Cronje's force, estimated at even thousand, has been checked in its retreat at Paardeburg where Cronje is strongly intrenched. He has saved his guns and is believed to have ample ammunition. Every attack on his position made by the British so far has been repulsed.

LONDON, Feb. 21.—The relief of Ladysmith has been announced. The Boers are relaxing their hold on all sides in order to assemble and oppose Lord Roberts who is pressing on steadily toward Johannesburg.

Spencer Wilkinson, reviewing the military situation in the Morning Post today, says:

"The meaning of the position in Natal is that the Boers have sent the bulk of their forces to resist Lord Roberts. General Buller's aim is to join Sir George White and then either to push on to Ladysmith or to send back two divisions to reinforce Lord Roberts, retaining two in Natal to complete the recovery of the northern triangle.

"It is to be hoped that Lord Roberts will overcome General Cronje before the latter is reinforced. Otherwise the British commander may find himself facing a Boer army equal in strength to his own, as all the Boers appear to be hurrying toward Cronje.

"The British commanders ought soon to be able to free both Natal and Cape Colony from the enemy. The actions now in progress are the decisive battles of the war and every effort must be made to reinforce Lord Roberts."

"I had dyspepsia for years. No medicine was so effective as Kodol Dyspepsia Cure. It gave immediate relief. Two bottles produced marvelous results." writes L. H. Warren, Albany, Wis. It digests what you eat and cannot fail to cure. F. B. Duffy.

Mrs. J. K. Miller, Newton Hamilton Pa., writes, "I think DeWitt's Witch Hazel Salve the greatest salve made." It cures piles and heals everything. All fraudulent imitations are worthless. F. B. Duffy.

DeWitt's Witch Hazel Salve is unequalled for piles, injuries and skin diseases. It is the original Witch Hazel Salve. Beware of all counterfeits. F. B. Duffy.

### WATCHING HIM.

Interest Taken in The Butler Program For Populists.

The Fusion Plan For This State.

Trail At Wilson. Cotton Mill. LaGrange Public Schools. Vance Stairs.

RALEIGH, Feb. 21.—The Populists here read with interest the news of the bolt against Butler at Lincoln, Neb. They called to mind how he had hoisted the convention here when there was at the outset a majority against him, by delaying, dilly-dallying, taking recesses and having his workers out. Butler wanted to trade with the Democrats in 1898 and it staggered him when his propositions were so quickly and decidedly rejected. Cy. Thompson was as much surprised as Butler was. Populists know lots of things about the Senator. They know that back in 1894 the agreement was made between Butler and Pritchard as to the senatorial matter and that there were witnesses, etc. They also know that Butler let Pritchard understand that in taking the short term in 1895 there was a pledge for his re-election in 1897 and that this would give him eight years to Butler's six.

The talk of the fusionists about putting up Marion Butler for Governor and Spencer B. Adams for Lieutenant Governor, on their fusion ticket, increases daily. Attorney General Walter said of it: "You see Butler would then be made Senator and Adams Governor." The Republicans say Butler can control more Populists than any other man. They really appear to believe that Butler is the entire Populist party. Of course he wants them to have precisely that belief. They will not go into any deal with him unless they have him in such a shape he can't go back on them. They appear to think Pritchard will be judge.

The new trial of John J. Jefferson, the murderer of Capt. Calvin Barnett at Wilson, is now in progress. T. J. Pence, of The Raleigh Post, is one of the chief witnesses; perhaps the most important one, as to him Jefferson confessed, after having been brought here, at 2 o'clock one night.

The State charters the Smithfield Cotton Mill, capital \$300,000. E. W. Fox and others are stockholders.

The cotton mill at Wake Forest will be about a mile north of the village, and alongside the Seaboard Air Line Railroad.

The town of LaGrange notifies the State Superintendent of Public Instruction that it, too, desires to have a public school, maintained by special tax. The date for the meeting at Rocky Mount in the interest of a public school is postponed until next Monday, in order that the State Superintendent can attend and make a speech. He will be there.

The Agricultural and Mechanical College here needs a building for the textile department. President Winston is now at work on a plan to secure this. He thinks he will succeed. He says another dormitory is greatly needed.

The committee on the Vance statue is notified that the life-size model would not be ready for inspection until March 1st and goes to Washington that day.

As Joseph Crowder, a tinner, was coming down a flight of steps, with a tinner's fire pot in his hand, he struck, overturned and broke a bottle of gasoline. In an instant he was on fire. This occurred in rear of a store. He ran into the store and ran around in it. Only two ladies were there. One pulled off his coat and opened the door. He dashed into the street and a lawyer threw him down and smothered the fire with his own overcoat. The burns are not serious.

Taylor and Beckham Confer.

FRANKFORT, Ky., Feb. 20.—The attorneys for Taylor and Beckham will hold a joint conference at 10 o'clock tomorrow for the purpose of discussing propositions to settle which of the two injunction suits relating to the contest over the Governorship shall have precedence on the consolidation of the cases in order to avoid a clash between courts over the question of jurisdiction.

The Beckham suit is set for hearing before Judge Cantrell at Georgetown Friday, and the attorneys will attempt to agree upon a plan of action and facts forming the basis of the suit, and as to what judge the agreed case shall be tried before.

The Democratic members of the two houses of the Legislature met in joint session at 8 o'clock this afternoon and by a vote of 74 to 3 ratified the former proceedings by which William Goebel was declared Governor and J. C. W. Beckham Lieutenant-Governor, and through which Beckham, since the death of Goebel, claims title to the office of Governor. The Republican members of the Legislature remained away from the joint session, having decided in caucus not to attend.
