Roberts Scatters Boer Forces Attempting to Reach Cronje.

Reinforcements From Joubert at Ladysmith Replied White British Artillery the Intrenched Camp, Buller Advancing.

Special to Journal.
London, February 22.—The war office has received the following dispatch from General Roberts:

"Paardeberg, February 21.—Yesterday afternoon I was satisfied by a careful reconnaissance in force that the position of the enemy could not be carried as usual, without a heavy loss, which I was anxious to avoid.

"Therefore I decided to bombard the hill with artillery and turn my attention to the enemy's reinforcements.

"The result was most satisfactory. The Boers were driven in all directions, losing many, in killed and wounded.

"We took about fifty prisoners who state that they arrived from Ladysmith in two days by rail. They say that it was our artillery that caused them to abandon the kopje which they had been occupying.

"Our loss in two officers and four men slightly wounded."

London, February 21.—A private telegram received here from Berlin this afternoon declares that General Cronje is in a bad position, bearing out yesterday's Berlin rumor that General Cronje was surrounded and that a time limit had been given him within which to capitulate.

Cape Town, Feb. 21.—A special correspondent of The Cape Argus says:

General Cronje is surrounded at Paardeberg, but is offering a stubborn resistance. The British are shelling the Boers vigorously and expect to capture the whole force.

London, Feb. 21.—The war office has received the following from General Buller:

"Chieveley Camp, Feb. 21.—The 5th Division crossed the Tugela today, by pontoon, and drove back the enemy's rear guard, our naval 12-pounder silencing all of the enemy's guns."

ORGANIZATION.

White Supremacy Clubs to be Formed Through the State.

They Will be Working Bodies. Aycock Consistent of Success. Many New Cotton Mill Charities. Furniture Factories.

RALEIGH, February 23.—Chairman Simmons has completed and will send out this week to the various county chairmen the plan of organization of white supremacy clubs. Mr. Simmons says that these clubs will be organized throughout the State this year and by the middle of June he expects to see at least two thousand in full blast in North Carolina. He predicts that before the election there will be such a coming together of the white people of North Carolina in support of the amendment as has not been seen in this State in any previous election.

The clubs will be working bodies, not dress-parade organizations. Important work will be assigned to each member.

The work will be such as he can perform without loss of time from his own business. It will be such work as he can do, and no work will be assigned to any member to which he objects, and no work will be assigned to any member which is not honorable, legitimate and proper.

The Democratic party will appeal to the honor, character and highest aspirations of the people, and it will condemn any except honorable methods of campaigning.

The State committee believes that a man can render the party better service by being a member than by remaining outside. But no man's Democracy or fealty shall be brought into question because he does not join. The propriety of joining is left to each person.

Mr. Aycock was asked what was the political outlook in the State. He replied: "We will carry the State easily. I had more enthusiasts in than I have ever seen at this early date."

The State chartered the Wenoah Cotton Mill at Lexington, capital \$150,000, owners, W. E. Holt and Ethel Holt, of Charlotte, and W. B. Holt, Jr., of Lexington. The mill will spin and weave. This will give Lexington three mills.

The Wenoah Cotton Mills, at Lexington, N. C. is the third new cotton mill chartered in the State this week. One of the three had a million dollars capital stock. Also the Rocky Mount Sash & Blind Company was today chartered with a capital of \$9,000.

During January the State chartered six mills and during February thus far six. It is a period of remarkable development. The money is raised for all these mills. They are not merely on paper.

The town of Oxford is making great progress. Among its new features of industrial life are a cotton mill and furniture factories.

The Jefferson murder trial at Wilson is postponed until next week.

Several Raleigh newspaper men went to Norfolk last night to take a trial trip today on the steamer Augusta, owned by the Southern Railway, to Baltimore.

The stock has been subscribed for a \$25,000 furniture factory at Winston. The company expects to organize the latter part of the week. It will be composed of fine business men, three of whom are residents of Winston and two of Salem. The site for the plant will probably be chosen this week.

"I had dyspepsia for years. No medicine was so effective as Kodol Dyspepsia Cure. It gave immediate relief. Two bottles produced marvellous results," writes L. B. Warren, Albany, Wis. It digests what you eat and cannot fail to cure." F. S. Duffy.

KANSAS CITY THE PLACE.

Democratic Convention Called to Meet on Independence Day.

Special to Journal.
WASHINGTON, Feb. 22.—The Democratic National Committee met today and selected July 4th as the date for holding the National Democratic Convention.

After taking a recess until three o'clock the committee heard the representatives of Kansas City and Milwaukee for the location of the convention of July 4th.

New York city was to have been represented by Congressman Levy, but in his absence did not enter the contest as objection was made to the name being presented by any but a representative of that State.

After a number of gentlemen had presented the claims of the two cities a vote was taken by the committee with the following result: Kansas City 40 votes, Milwaukee 9 votes, thus locating the next Democratic National Convention at Kansas City, Mo.
