BULLER

Carries by Assault Entrenched Position of the Boers.

First Attempt Last Friday Failed. Buller Must be Close to Ladysmith. England's Colonies Rejoice Over Roberts.

LONDON, Feb. 28.—A dispatch from General Buller has been received by the war office. It states that Pieters kopje, the main position held by the Boers on the railroad to Ladysmith, was captured yesterday by assault. Sixty prisoners were taken.

LONDON, Feb. 27.—A letter has been received from a private in the First Dragoons, now in South Africa, tending to confirm the report that a supply transport reached Ladysmith during the engagement at Spion kop.

He says the Dragoons were the escort of the transport, which was seven miles long.

COLONNO, NATAL, Sunday, Feb. 25.—In the attempt of the Inniskillings Friday evening to rush the Boer position on Pieter's hill, the Boer fire was so terrible when the infantry emerged from the cover of the trees that almost every man in the leading line fell.

The advance line of the British reached a donga in front of the first Boer trench, which was not apparent until they were actually in it. The Boers retired to the crest and then returned, on both flanks of the Inniskillings, enfilading the captured donga with a terrific crossfire.

Finding it impossible to advance or to hold the position, the British fell back and entrenched themselves half way up the hill. The Boers maintained a heavy fire.

In the course of the night the Dublin Fusiliers and the Connaughts arrived to support the Inniskillings. Another determined attempt was made to take the Boer positions. This also failed. A heavy fire continued throughout the night.

The Inniskillings lost 14 out of 17 officers killed or wounded and 253 non-commissioned officers and men.

General Buller's Brigade relieved General Hart's Brigade in the morning, and the artillery duel was continued Saturday, though no great damage was done.

Today an armistice was agreed upon to enable both sides to collect their dead and wounded.

The Boers admit having had heavy losses, but they scout the idea that the British will compel them to raise the siege of Ladysmith.

Colonies Rejoice.

LONDON, Feb. 27.—The success of "Little Boats" is accentuated here by the satisfaction at the fact that it occurred on anniversary of Majuba Hill. While the papers all comment upon this coincidence they do not forget the bravery of the Boers.

There was a more general outward display of rejoicing in the provinces than in London. The Glasgow and Liverpool stock exchanges were greatly excited. The members sang "God Save the Queen" repeatedly and cheered for "Little Boats." Flags were liberally displayed on the municipal and public buildings in all the large English towns.

Cable dispatches poured in from the colonies announcing that the rejoicing in those parts of the world over Lord Roberts' victory was no less enthusiastic than in England itself. Bombay and Gibraltar reported that their cities became a mass of bunting and that cheering crowds filled their streets.

It is reported that Lady Roberts, wife of Lord Roberts, will soon start to join her husband.

OTTAWA, Ont., Feb. 27.—There was general enthusiasm and rejoicing in this city today when the news of General Cronje's surrender was received.

The news was confirmed later by a dispatch from Sir Alfred Milner, High Commissioner at Cape Town, who also congratulated Governor-General Minto on the share taken by the troops from Canada. Flags were hoisted from the Parliament buildings and all the principal buildings in the city. In official and military circles there was intense enthusiasm.

MONTREAL, Feb. 27.—News of the surrender of General Cronje was received in Montreal with the greatest joy. There was a special celebration at night.

TORONTO, Ont., Feb. 27.—Every flag in this city was raised high when the news from Paardeberg became known.

Contentment Disappointed.

BENTLEY, Feb. 27.—The German newspapers are disappointed at the surrender of General Cronje. They admit that Lord Roberts has shown real military ability and dash, and some say that the Boers have lost in Cronje their most skillful leader.

PARIS, Feb. 27.—The news of General Cronje's surrender made a considerable impression in Paris, especially as, although the press dispatches had represented the Boer commander's position as hopeless, Lord Roberts himself had been so unexpectedly reticent during the last few days that he had led people here into the belief that Cronje's situation was less critical than it really was.

"I used Hotel D'Hygiene Cure in my family with wonderful results. It gives immediate relief, is pleasant to take and treats the druggists' best friend," says H. Harpster, Druggist, 1010 Broadway, when you see. Contact call to Mrs. F. S. Duff.

RALEIGH

Convicts Still At Shirt Making. Duncan Loves Buller. Rocky Mount Wants Public School.

RALEIGH, February 28.—The number of federal convicts in the penitentiary has fallen to 100. It will continue to diminish as only those sentenced in this State are now sent here. There are directly convicts employed in the shirt factory and the production is 100 dozen a day. The number of female convicts is forty-five all being now in the main prison. Of them thirty-eight are in the laundry or making clothes for convicts. The health of the convicts is said to be remarkably good and during the past six months there have been only two deaths in the penitentiary.

Mr. Dennis Simmons, of Beaufort county, makes a gift of \$800 to the Baptist female university here.

Revenue Collector Duncan, who has the management of Republican affairs in the eastern half of North Carolina, is sending out under Senator Buller's frank a great many copies of the latter's speech against the franchise amendment to the constitution. The collector is mailing these to white men whose names he obtains. The collector expresses a most intense admiration for Senator Buller.

Brodie Moring, the negro youth who has been in jail here under suspicion of the murder of his father, Solomon Moring, was discharged last evening after a habeas corpus hearing by Justice Walter Clark. Three witnesses swore they had seen Solomon since the alleged murder and that he was on his way to Virginia.

The funeral of Dr. John H. Tucker, who died at Henderson of consumption, was held there yesterday. He was one of the most valued citizens.

The Lily cotton mill at Spray, which the State has chartered is the fourteenth granted a charter this year.

A charter is granted the Sanford furniture company at Sanford, authorized capital \$100,000, J. W. Scott, W. J. Edwards and others stockholders.

The first number of the North Carolina Historical and Genealogical Register has appeared. It is compiled and published by J. R. B. Hathaway, of Edenton, and is along a new line.

The town of Rocky Mount is half in Nash and half in Edgecombe and the citizens last night in mass meeting decided to ask the legislature to pass next June a bill giving the town a public school irrespective of county lines or control.

Suzerainty For Cuba.

MONTREAL, Feb. 28.—Sir William Van Horns, until recently president of the Canadian Pacific Railway, has just returned from Cuba. Speaking of the island's political future he said:

"I believe Cuba will soon be accorded self government, but that the United States, in view of its responsibility as well as its interests, will reserve a veto power in all questions of foreign policy and of legislation affecting the public debt. The United States cannot say 'We will annex Cuba and continue our tariffs against her.' If her products are admitted free of duty the tobacco and sugar interests in the Southern States must suffer."

Peanuts Advancing.
NORFOLK, Va., Feb. 27.—The local peanut market has been somewhat excited for the past two weeks, especially the market for Spanish nuts (farmers' stock). This grade has advanced from 70 cents to 90 cents per bushel within two weeks, and the tendency is upward. There has been for all grades an active demand ever since the season opened. This has puzzled the cleaners, who generally believed that the free buying was for speculative account and would cease when this was supplied.

The takings continue large, however, and the crops appears to be going into consumption. The cleaners or many of them, have begun to show some reluctance to sell at present prices, and in view of this an advance in price appears to be imminent. The crop, only an average one, is going out of the hands of cleaners here, and some grades of nuts are not over plentiful.
