Clearing weather is promised by the weather bureau for today.

The maximum temperature yesterday was 49, and the minimum 40 degrees. The rainfall for 24 hours was .16.

The new fertilizer warehouse of the A. & N. C. railroad on the Neuse river is about completed, the tin roof being finished although not yet painted.

Senator Fritchard has introduced in the Senate a bill to pay James M. Howard \$40,000 for the rent of the marine railway property in New Bern during the civil war.

In addition to the side track being put in by the Atlantic Coast Line for trestle, a track is being laid on the south side of the main track to the Virginia Carolina Chemical Co.

There will be a congregational meeting held tomorrow, Sunday morning after service of the Presbyterian church, for the purpose of electing additional officers, Elders and Deacons, if the way be clear. A full attendance of the members of the church is desired. Rev. R. E. Knowles of Gait, Canada, will preach at night. All are cordially invited.

A change in the time table of the A. & N. C. railroad in this issue should be noted. The new daily passenger and freight solid train from Goldsboro to New Bern and return will begin Monday. On Sunday this train will be a passenger train only, but will run from Goldsboro to Morehead, thus giving two passenger trains Sunday each way. This train leaves Goldsboro at 7:40 a. m. and leaves Morehead at 4:05 p. m. and leaves New Bern 5:45 p. m. Other trains run as usual.

**N. C. Press Association Meeting.**

The annual meeting of the North Carolina Press Association to be held this year at Hendersonville, has been set for June 18th and 19th.

These dates it is thought will not conflict with the work of the editors, who will be unusually busy this year in the various political meetings and conventions which must be held.

**Familico County News.**

The annual meeting of the Familico county, note that measles are epidemic throughout the county, many elderly people having severe cases of the disease.

Farmers are busy planting their Irish potato crop, which will be an immense acreage.

As soon as the potato crop is gathered, cotton will be planted in the same acreage. Probably the largest cotton crop ever planted will be put in this year.

**Madam Amac.**

The celebrated medium and palmist, who has accomplished more good for humanity than all others combined, is now located in New Bern. She reads life from the cradle to the grave without a mistake. Tells you everything you wish to know. Madam Amac is acknowledged to be the greatest living Medium and the truest, best friend to the human race that has appeared in centuries. During the past thirty years she has been consulted by the leading minds of the world. Presidents, distinguished statesmen, men eminent in professional life, crowned heads of Europe—who have consulted her—all bear testimony to the great value of her advice and predictions.

Husbands and wives having family troubles, young ladies and gentlemen contemplating marriage, business men about to embark in new enterprises, parties threatened with lawsuits, and, in fact, every one having any trouble at home or uncertainty in business life, should call and consult her, as her advice and aid will be of the greatest benefit to them. She removes all evil influences and gives good luck in every walk in life.

Drunkenness and all other evil habits are most effectually and permanently cured by this gifted lady. There are thousands of happy homes today, that were once desolate and in ruins from the cause of drink and other evil influences, which owe all their happiness and prosperity to Madam Amac.

**STONEWALL.**

Farmers busy on early crops. Visitors are plentiful. Greeting to Mrs. L. of Schaefer.

March 7.

The farmers are making good use of the few days good spring weather, planting potatoes and preparing the gardens for vegetables. Owing to much very heavy rains followed by hard freezing the potatoes are not planted yet, but with a few days more of good weather the job of planting will be over, the acreage will be longer than any previous year. In the County of Pamlico we predict fair prices for matured stock.

The cabbage crop in our section is not looking well, owing to severe frosts.

Mrs. Bray, wife of Silvanus Bray died at her home yesterday of pneumonia. Her funeral was attended by Doctor Peterson of Oriental. She leaves a large family of little children and husband to mourn her loss. May the Lord temper the winds to the sheep and comfort the bereft husband.

Orr town has had her share of clever drummers and strangers. Friend Gallop of E. City, Mr. Mucherson, the cotton buyer, Messrs. Nunn and Henderson of New Bern, and our clever JOURNAL man who visited Stonewall yesterday in the interest of the Journal. Bob is clever and I am always glad to shake his hand.

Our fishermen are supplying the community with plenty of croakers, spots and trout. Our brother L. of Bellair, gives thanks to the busy hen and faithful old cow, we will add the faithful fisherman to the catalogue of blessings. I wish brother L. could be with us sometime to enjoy eating the speckled Trout, White Perch and the old time Round Robin the best of all.

**The Rough Riders Meeting.**

A largely attended meeting of the Rough Riders was held last night in Scott's Hall.

The following resolutions were offered and unanimously adopted, and by vote same were requested to be published in Daily JOURNAL and Weekly Democrat.

And those white men who have failed or refused to vote for White Supremacy.

3rd. That we endorse for the nomination by the Democratic Convention, for Governor of the State, that tried and fearless Democrat, C. B. Aycock.

4th. That we recommend for the position of chairman of the Democratic Executive Committee of Craven county, for this campaign, that friend of the people, and staunch believer in white supremacy, C. T. Watson.

Wm. Orr, Newark, O., says, "We never feel safe without One Minute Cough Cure in the house. It saved my little boy's life when he had the pneumonia. We think it is the best medicine made." It cures coughs and all lung diseases. Pleasant to take, harmless and gives immediate results. F. S. Duffy.

**SGROFULA AND ITS AWFUL HORRORS**

Johnston's Sarsaparilla

QUART BOTTLES.

A MOST WONDERFUL CURE.

A Grand Old Lady Gives Her Experience.

Mrs. Thankful Orilla Hurd lives in the beautiful village of Brighton, Livingston Co., Mich. This venerable and highly respected lady was born in the year 1812, the year of the great war, in Hebron, Washington Co., New York. She came to Michigan in 1840, the year of "Tippecanoe and Tyler too." All her faculties are excellently preserved, and possessing a very retentive memory, her mind is full of interesting reminiscences of her early life, of the early days of the State of Michigan and the interesting and remarkable people she has met, and the stirring events of which she was a witness. But nothing in her varied and manifold recollections are more marvelous and worthy of attention than are her experiences in the use of JOHNSTON'S SARSAPARILLA. Mrs. Hurd inherited a tendency and predisposition to scrofula, that terribly destructive blood taint which has cursed and is cursing the lives of thousands and marking thousands more as victims of the death angel. Transmitted from generation to generation, it is found in nearly every family in one form or another. It may make its appearance in dreadful running sores, in unsightly swellings in the neck or guttae, or in eruptions of varied forms. Attacking the mucous membrane, it may be known as catarrh in the head, or developing in the lungs it may be, and often is, the prime cause of consumption.

Speaking of her case, Mrs. Hurd says: "I was troubled for many years with a bad skin disease. My arms and limbs would break out in a mass of sores, discharging yellow matter. My neck began to swell and became very unsightly in appearance. My body was covered with scrofulous eruptions. My eyes were also greatly inflamed and weakened, and they pained me very much. My blood was in a very bad condition and my head ached severely at frequent intervals, and I had no appetite. I had sores also in my ears. I was in a miserable condition, I had tried every remedy that had been recommended, and doctor after doctor had failed. One of the best physicians in the state told me I must die of scrofulous consumption, as internal abscesses were beginning to form. I at length was told of Dr. Johnston, of Detroit, and his famous Sarsaparilla. I tried a bottle, more as an experiment than anything else, as I had no faith in it, and greatly to my agreeable surprise, I began to grow better. You can be sure I kept on taking it. I took a great many bottles. But I steadily improved until I became entirely well. All the sores healed up, all the bad symptoms disappeared. I gained perfect health, and I have never been troubled with scrofula since. Of course an old lady of 88 years is not a young woman, but I have had remarkably good health since then, and I firmly believe that JOHNSTON'S SARSAPARILLA is the greatest blood purifier and the best medicine in the world, both for scrofula and as a spring medicine." This remarkably interesting old lady did not look to be more than sixty, and she repeated several times, "I believe my life was saved by JOHNSTON'S SARSAPARILLA."

**Fire Last Night.**

An alarm at 10:23 last night was caused by a fire in the residence of Dr. R. D. V. Jones on Broad street. The fire is supposed to have caught from a flue. The flames spread into the attic and burst through the roof, but were gotten under control by the department soon after the arrival of the wagons.

There was a fine water pressure and streams were directed from the middle of the street into the upper windows. Much of the furniture was removed but the whole house was completely hooded. Dr. Jones carried insurance on the furniture and the building was insured by J. R. B. Carraway, the owner, for \$1,500.00.
