## KEEP AWAY.

Defender of the Negro Manly Ordered Away From Henderson.

Republican Candidates For Governor Very Shy. Craig Law to Stay. Capitol Dome Painted Strawberry Crop. Meets at Morehead.

Raleigh, March 15.—Not long after the negro editor, Manly, left Wilmington and the other obnoxious whites and blacks were expelled from that place, a negro preacher named Scott, of Henderson, went to New York and at a "Manly meeting" unceremoniously rebuked the vile of his wrath. He was notified by Henderson people that his return to that place would not be permitted. A Henderson man says that notwithstanding this Scott appeared there a day or two ago. He was waited on and told that he must depart in 24 hours. He departed.

It is quite significant that some of the Republican leaders are saying they do not think their party should attempt any organization in eastern North Carolina until after the August election.

Republicans are saying that Richmond Pearson does not want to be a candidate for Governor, but that what he does wish is to oust Crawford and get the latter seat, or in case of failure to make another canvass in the ninth district. The fact is none of the Republicans appear to banker after that nomination for Governor. They know very well, Fritchard, Spencer B. Adams, Pearson and all of them, that it is a wild-goose chase in this year of grace 1900.

It appears that some of the insurance companies which have ceased to do business in this State have an idea that the Legislature in June will repeal or greatly modify the Craig domestication law. Inquiry made as to this elicited the response that such a thing as repeal was altogether improbable, but that the Legislature may make some interpretation of the law, which is a quite desirable thing to do.

For 100 past six or eight years a number of new tobacco markets have annually been established in the eastern part of this State, and in South Carolina. This year it is said the number will be considerably reduced.

The State charter the Snow Basket Company, of High Point, capital \$10,000, also the Bonnie Cotton Mill at King's Mountain, capital \$100,000. This mill will both spin and weave.

The exterior of the dome of the capitol is being repainted, a lead color being selected, but the crown which rests upon the dome will be golden.

The Supreme Court confirms the decree of the court below giving Mrs. Buffalo, of Raleigh, a divorce from Dr. Buffalo. She is a daughter of the superintendent of the Oxford Orphan Asylum.

Today a 7 1/2 months freedom of the partridges on the gunners began. The hunting season was one of the best in many years.

Wiley B. Post of Wayne, is here and says there will be an immense straw berry crop along the line of the Wilmington & Weldon Railroad between Goldsboro and Castle Hayne. The growers have made very satisfactory arrangements with the railroads. The Armour's will also put in their refrigerator cars. People who know only of the little berry patches in the west and piedmont section have no idea of the immensity of the berry industry in the region along the Wilmington & Weldon, where the land is as black as prairie.

It is decided that the North Carolina Teachers' Assembly shall meet this year at Morehead City. Wilmington would probably have won had the hotel there made its rate \$1 a day, which is always the rate at Morehead.

To secure the original witch hazel salve, ask for DeWitt's Witch Hazel Salve, well known as a certain cure for piles and skin diseases. Beware of worthless counterfeits. They are dangerous. F. S. Duffy.

## ROBERTS' TRIUMPH.

Occupies Presidential Mansion in Free State Capitol.

Many Citizens Rejoice in British Success. Boers Retired North. Free Staters Between Two British Forces.

LONDON, March 14.—The Daily Telegraph has received the following dispatch from South Africa: Bloemfontein, Orange Free State, March 13.—Lord Roberts entered Bloemfontein at noon today, followed by the Gordon Highlanders, a cavalry brigade and three batteries of horse artillery.

President Steyn and other prominent officials fled privately from the capital last night, transferring the seat of government.

General French was within five miles of the place at 5 o'clock Monday afternoon. He sent a summons into the town, threatening to bombard unless it surrendered by 4 a. m. Tuesday. A white flag was hoisted Tuesday morning and a deputation of the Town Council, with Mayor Kallner, went out to meet Lord Roberts at Spitzkop, south of the town, making a formal surrender of the place.

Lord Roberts made a state entry at noon. He received a tremendous ovation. After visiting the public buildings he went to the official residence of the President, followed by cheering crowd, which waved the British flag and sang the British national anthem. The crowd was in a condition of frenzied excitement.

Lord Roberts has his headquarters at the President's house and there are many of the British wounded in the building. The railway is not injured.

Since the affair at Abraham's Kraal there has been only a single skirmish, when the cavalry was engaged yesterday.

The back of the war here is broken. The populace is cheering Roberts and the soldiers and Union Jacks are flying.

Lord Roberts is not likely to lose much time in providing a provisional government to administer the affairs of the Free State. General White is considered the best man to take hold of affairs.

The commander-in-chief can now turn his attention to the South of the Free State, where Clements, Gatacre and Brabant have been holding the south bank of the Orange river, awaiting the order to push back the Boers. The latter are now in a bad position between two British forces.

It appears from advices received here that President Steyn has retired north to Winburg or Kroonstadt. It is probable that the army of 12,000 burghers, with 16 guns, has followed him from Abraham's kraal.

The general opinion expressed in the London press is that the Free Staters have practically thrown up the sponge. It is thought likely that a rear-guard action will be fought to Kroonstadt by fighting men of the Free State and the Transvaalers, and that then a retirement will be made from the Free State and Natal upon the line of the Vaal, where there is sure to be serious fighting.

Rev. W. E. Sitzer, W. Canton, N. Y. writes: "I had dyspepsia over twenty years, and tried doctors and medicines without benefit. I was persuaded to use Kodol Dyspepsia Cure and it helped me from the start. I believe it to be a panacea for all forms of indigestion." It digests what you eat. F. S. Duffy.

## Gold Now the Standard.

WASHINGTON, March 14.—Gold is the single standard of value of United States money.

The President affixed his signature to the currency bill at 1.14 o'clock this afternoon.

Mr. Overstreet, of Indiana, the father of the measure, arrived at the White House at 1:10 o'clock and was immediately shown into the cabinet room. Here he was joined by the President.

Mr. McKinley took the document, and glancing over it, inquired if it had been compared with care. On being assured that it had the President seated himself preparatory to affixing his signature.

Mr. McKinley recalled to those who stood about him that many of the important financial bills passed by Congress had been approved on the 14th of the month. He spoke of the Sherman act, the resumption act, and now the bill before him.
