RALEIGH.

Legal Opinion On When is a Sign a Public Nuisance

Republicans Say No Political Talk—Base of Vance Monument Nearly Ready. Recommend Purchase Electric Light Plant. Not For Governor.

RALEIGH, March 28.—Some intimation has been made that perhaps Dr. O. Thompson would suit the fulcrum as a candidate for Governor, but the Dr. says he would not, under any circumstances, accept the nomination.

It is really amusing to hear Republicans who come here declare that they do not hear a word said about politics. Isaac W. Meekins, of the first district, made this assertion after a statement that he had been all over the district. The fact is the Republicans talk little else; they do not know which way to turn; they know the amendment will be ratified and their manipulation of the negro vote ended.

Within ten days or thereabouts the base of the Vance statue will be in position in the east walk of the capitol square. The base will be seven feet, two inches square. Its height will be eight and one half feet. The top of the statue will be the same. The base is of gray granite, of fine grain from Ireland county. The ground at the point where the statue will stand will be raised about three feet above the present level so as to make it conform to the artificial elevation on which the statue of Washington now stands; in other words the ground will be made level from the east door of the capitol to the statue and a flight of steps will connect this higher level with the remainder of the walk eastward.

There is quite a lot of gripe, at the school for the blind, Superintendent Ray says, four teachers, the carpenter and the engineer are down with it.

The Board of Agriculture notifies the contractor that he must remedy the defects in the museum annex, defects which the architect admits.

The investigation of the failure of the water company to have proper pressure at the fire last month, at which much tobacco was burned, is in progress and a very bad showing for the company is made.

The Supreme Court in a notable case for Raleigh, that of State vs. Higges, grants a new trial. The question at issue was whether the electric sign over the sidewalk could be ordered removed. The court says the municipal corporation, being a creature of the Legislature, has only such powers as are expressly given it, or such as are incident to or necessary in the execution of those expressly delegated. The municipal corporation holds a fee in public streets in trust for the use and benefit of the public, and the mayor and aldermen, as agents of the city, are authorized to keep the streets and sidewalks in such condition as to best serve the public welfare, but to exercising this authority they cannot arbitrarily interfere with the private rights of citizens when not demanded by public interest. The property-owner has an easement in his frontage upon a public street subject to the government of the city in interest and for the benefit of the public. A thing not per se a nuisance is not rendered a nuisance by an ordinance of the city declaring it a nuisance.

A sign hanging 14 feet above the sidewalk and projecting four feet, safely constructed and securely attached to the wall of a building, cannot be lawfully condemned as a "projection or obstruction" whereby the free and safe passage of persons is hindered, delayed, obstructed or in any way endangered. And the owner of such sign who refuses to remove the same cannot be adjudged guilty of a misdemeanor or violating a city ordinance prohibiting the projecting and suspending of a sign over the sidewalk of the city. The city authorities may prohibit the projecting of such signs over sidewalks as are dangerous or such as tend to impede the travel of foot men and the ordinance in question is void only in so far as it violates this rule. A city ordinance prescribing a fine of \$50 or imprisonment for 30 days as a penalty for violation thereof is not void for uncertainty.

Appeals from the ninth district will be called on April 3d as follows: State vs. Smith, Wall vs. Wall, Glenna vs. Wray Overby vs. Overby, Robert vs. Johnson, Bowles vs. Caudle, Gray vs. Little, Dyer vs. Ellington, Foy vs. Winston, Mott vs. Griffith, Matt vs. Commissioners.

A white man, J. H. Jackson, alias J. A. Jackson, was sentenced here to four years in the penitentiary, by Judge Hays who recognized him as a desperate criminal whom he tried at Greensboro. Jackson then pleaded his own case, saying he was a very bad man, even worse than was thought. He pleaded for mercy and got only nine months imprisonment. The offense for which he was convicted

was obtaining goods under false pretenses. He is badly maimed by wounds, having been shot four times, he says in a bar-room at Newport News, Va.

The committee recommends to the board of aldermen that Raleigh buy and operate the electric light plant.

RUSSIA THREATENS.

Active Preparations For a Move On Constantinople Should the Sultan Prove Intractable.

LONDON, March 27.—The Standard gives extreme prominence to the following special dispatch from Odessa, Russia:

"There can be no longer any doubt as to the object of the warlike preparations now being completed in South Russia. Nearly 950,000 troops have already mobilized near this place for active service. The Black Sea squadron, with transports is held in instant readiness.

"The tension in the relations between St. Petersburg and the Sublime Port becomes every day more acute. The position is looked upon with the gravest apprehension.

"If the Ottoman Government, supported by Germany, should prove stubbornly intractable with regard to Russia's concessionary demands in Asia Minor serious complications must inevitably ensue. The Russian garrisons in the Caucasus and along the Armenian frontier have been increased fourfold and equipped for active service."

NEW MILITARY DIVISION.

It Will Embrace All The Philippine Archipelago.

WASHINGTON, March 27.—Secretary Root took a step long contemplated in the administration of the Philippines by directing that the creation of an entirely new military division to be known as the "Division of the Pacific," embracing all the Philippine archipelago.

The division is to be divided into four military departments as follows: The Department of Northern Luzon commanded by General McArthur; the Department of Southern Luzon, to be commanded by General Hughes, and the Department of Mindanao and Jolo, commanded by General Kobbe.

Major-General Otis will retain the supreme command over these departments as division commander, occupying to them a position corresponding closely to that occupied by General Miles towards the military departments in the United States.

It is said at the War Department that the purpose of the new order of things is to free General Otis of the many minor details incident to the administration of the islands, leaving him at liberty to devote more time to larger questions of policy and civil administration. The Cabinet approved the proposition today.

Rev. W. E. Sizer, W. Canton, N. Y., writes: "I had dyspepsia over twenty years, and tried doctors and medicines without benefit. I was persuaded to use Kodol Dyspepsia Cure and it helped me from the start. I believe it to be a panacea for all forms of indigestion." It digests what you eat. F. S. Duffy.

J. L. Moody,
H. J. Duffy.

New Bern.

J. J. Smith and will pay the interest on any note, payable, when it is presented to him, in cash or in kind.

MAY ARREST TAYLOR.

Startling Developments Expected in Goebel Shooting Case.

FRANKFORT, Ky., March 27.—Two confessions, upon which the friends of the late William Goebel base a hope of being able to arrest W. S. Taylor and other high Republican leaders, are said to have been made to lawyers for the prosecution in the Goebel assassination case.

W. H. Culton, who was held this afternoon on a charge of being concerned in the plot to kill, is understood to have yielded to the pleading of his wife, who is dangerously ill, and to have made a statement in writing giving all details of his connection with the importing of mountaineers and the events leading up to the murder. His wife is said to have been opposed to the conspiracy and to have warned Senator Goebel of it.

H. E. Yontsey, a stenographer in the office of the Republican State Auditor, is said to have made the other confession. He was arrested in the afternoon and accused of being "the man with the black mustache" to whom John Powers gave the key to Caleb Powers' office on the day before the shooting, as told in the testimony of F. Wharton Gaiden.

M. B. Smith, Butternut, Mich., says, "DeWitt's Little Early Risers are the very best pills I ever used for constiveness, liver and bowel troubles." F. S. Duffy.

Notice.

Members of the Atlantic Co. take notice that owing to a change in the by-laws, the regular monthly meetings will be held first Monday evening in month, instead of second Monday.
