HIS DISCOVERY.

Republicans Continue To Find Out About The Amendment.

Thompson Says "Not a Candidate." Duncan Talks Some. Old Fellows, State Encampment. League Meetings. Fire Losses.

RALEIGH, April 5.—It was amusing to read of Congressman Linney's discovery of a mare's nest with 19 eggs—namely, that in one part of the franchise amendment it provides for ratification of the same by a majority and in another by a majority of the registered vote. This error was discovered a few days or perhaps hours after the Legislature had adjourned. It had in some way escaped the legal eyes turned on it. But of course nothing is more simple than for the Legislature, when it meets in June, to strike out the matter of the majority of the registered and make it read by a majority. The matter has therefore given no Democrat the slightest concern. The Republicans thought they would have the negroes register heavily and then not go to the polls. They gave it out at the same time that the negroes cared nothing about voting this year. Democrats have smiled at this plan of the Republicans. The "discovery" the latter made accounts for a good deal of their behavior. None of them spoke of the matter until Congressman Linney boasted of his "find."

Secretary of State C. Y. Thompson was asked the direct question whether he was a candidate for the fusion nomination for Governor. He replied: "I am not a candidate." When asked if he did not believe the nomination would be tendered him, his reply was: "I have no idea that it will be." Then question No. 3 was put him: "Suppose the nomination is tendered you, what will you do?" With a great laugh Dr. Thompson replied: "I am not considering it seriously enough to say what I would do."

R. D. Gilmer, who it is plainly declared is now dead sure of getting the nomination for Attorney General, has gone home. He says in the west there is an enthusiastic and rapidly growing support of the amendment.

Revenue Collector Duncan is back from Carteret county, where he officiated as dry nurse at a Populist convention. He says it was the biggest convention they have had since 1894. He declares the Republican and Populist State committees have as yet not made any arrangement for fusion.

The Roney Memorial Library building, now nearing completion, will, with its furniture, books, etc., cost \$85,000. The rent of stores will bring in \$1,000 a year and is expected to give as much more annually.

Secretary Woodell, of the grand lodge of Odd Fellows, says the grand secretary of Tennessee has written him, saying the "club plan" in vogue in North Carolina is a great thing, and that in October Tennessee's grand lodge will adopt it. He invites Secretary Woodell to attend that session. The Tennessee secretary will be invited to attend the session of the North Carolina grand lodge at Oxford, in May.

The Blackwell Tobacco Company, of which more than 95 per cent. is owned by the American Tobacco Company (the trust) files an answer here, which says it will be delighted to have the trust buy it for \$2,500,000.

Adjutant General Royser says that as yet it is not definitely settled where the State Guard will encamp this year, or in fact whether it will encamp. It depends on the funds available. As to the presence of troops at Raleigh on July 4th, at the unveiling of the Vance statue, it will be purely voluntary. He takes it for granted that the committee will invite all the Guard to be present, and that the matter of coming rests with the various companies.

Dr. Richard H. Lewis, secretary to the State board of health, has returned from the State University, where he selected the location for the intake of the water supply.

The \$2,000 slander suit against Father Worth, in Onslow county, is continued until next term.

The attendance at the session of the Epworth League State convention increased. The League upon invitation visited the Blind Institute, where there were special exercises in the auditorium. Father S. Carr delivered an address on "Laymen and Liberty" at the convention.

The value of the property in this city destroyed by fire during the year ending February 29th was \$40,105. Loss not covered by insurance was only a little more than \$5,000.

Some of the Governor's intimate friends say that when he announced that Augustus Moore, then active in the Brown Oriental (Globe) and that he is coming to the State, and that they thought it was a trap set for him.

months' illness, he will appoint Sutton judge.

Two cases of varioloid, both negroes, were found in the southern suburbs of Raleigh and as a matter of precaution were sent to the pest house. Both persons have been vaccinated a year ago. Mayor Powell says more than 90 per cent of the people here were vaccinated last year.

Gen. Hanson, who during the past two or three years has spoken but little, accepts an invitation to deliver a Memorial Day address at Washington, N. C.

Governor Russell is in Onslow and is expected to return the last of this week.

Big Fight Expected.

LONDON, April 4.—The Daily Telegraph has received the following from South Africa:

Bloemfontein, April 3.—The Boers are advancing in a guarded manner from the east. Our troops are retiring slowly.

The burghers appeared this afternoon before Bushman's kop, which was held by a few cavalry and mounted infantry. The British were ordered to retire and the Twelfth Lancers were sent to assist the movement.

The head of General Clement's column has arrived here. The Imperial Yeomanry is being brought forward. The Boers now declare they intend fighting the decisive battle of the war within the Free State.

The saved guns of "U" and "Q" batteries are piled over with bullets. Only four officers and men of "U" battery escaped.

Gen. Sir H. Colville's division and that of General French have returned here. Big naval guns have taken up a position upon the surrounding kopjes. Cavalry patrols are watching in the vicinity of Sushman's kop.

H. Clark, Chaucery, Ga., says De Witt's Witch Hazel Salve cured him of piles that afflicted him for twenty years. It is also a speedy cure for skin diseases. Beware of dangerous counterfeits. F. S. Duff.

Bryan Expected It.

New York, April 4.—The Herald has the following dispatch from Portland Ore.:

Bryan arrived at Portland from Tacoma this morning and received the first knowledge of Dewey's intention to enter the Presidential race while breakfasting at the Jeffersonian restaurant, in this city. He left at 9 o'clock a. m. for a short trip up the Willamette Valley.

He positively refused to discuss the Dewey matter, although repeatedly urged to do so by reporters as well as by political friends, his only answer when pressed for a reason for his reticence being: "It is not yet time." He returned to Portland at 4 o'clock p. m. and is addressing an immense audience at the Exposition Building this evening.

According to a local Democratic politician who breakfasted with him, his only remark after reading the Dewey declaration was, "I am not surprised."

J. I. Carson, Prothonotary, Washington, Pa., says, "I have found Kodol Dyspepsia Cure an excellent remedy in case of stomach trouble, and have derived great benefit from its use." It digests what you eat and can not fail to cure. F. S. Duff.
