### DOESN'T COUNT.

So They Say of the Candidacy of Admiral Dewey.

**Democratic Headquarters. Fruit Not Damaged New Auditorium Assured. Twentieth Mill Chartered. Marble For Church. Peace Institute.**

RALEIGH, April 6.—National Committeeman Daniels and State Chairman Simmons say the candidacy of Admiral Dewey amounts to nothing, that Bryan is the choice of the North Carolina Democracy. A member of the Populist State committee says he believes that many Democrats would like to take up Dewey in order to side-track Bryan. He intimates very plainly that a number of Populists in North Carolina will vote for McKinley and not for Bryan this year.

Democratic State headquarters are selected, and will be in the Carrollton Hotel, in the same rooms occupied during the memorable campaign of 1898.

Rev. Dr. Marshall, rector of Christ church, who has been sick for a month is out again.

During the recent cold snap the humidity was only 67 per cent. so low in fact, that a temperature of 26 degrees was required to produce a frost. It only fell as low as 30. There was plenty of ice.

Weather Observer Von Hermann says that except in sheltered places in this section and east of bare fruit trees are not in bloom. He thinks the damage to fruit will be slight. As to the track crops the cold wind did damage. An eastern man said the hope of the trackers was that the cold wave extended farther south, where the track is tender, as that would help them, by raising prices and giving their harder track a better show. The Weather Bureau will next Monday issue the first crop bulletin of the year.

The sheriff of Wake has got out his tax levy blanks. He says that since the Christmas holidays people have been much slower than usual in paying taxes. Now he is forced to apply the screws.

The \$10,000 for the auditorium here has been raised. The question now comes up whether the Academy of Music shall be bought and enlarged, so it will accommodate 2,500 people at the least.

The place of the next year's meeting of the Epworth League was not chosen, but the selection was left to the executive committee. Raleigh was the only place that extended an invitation.

Zachariah W. Hayes, a deaf mute instructor in the school at Morganton, died there, yesterday. He was a native of Raleigh and married the daughter of one of the Simonses.

The State charter the Dixon Cotton Mill at Laurinburg. It is the twentieth chartered this year. It will both spin and weave. The capital is to be not less than \$50,000 nor more than \$150,000.

A telegram from T. K. Bruner, who is on his way to the Paris Exposition, announced that he had reached Southampton.

It is asserted that the Supreme Court can't hear the appeal of the Tom Jones murder case before next autumn. The prisoner's attorney said last week that he knew no reason why it could not be heard at the end of the docket of the present term.

Some work is in progress on the Church of the Good Shepherd. Inside these are to be marble pillars. It was hoped that North Carolina marble could be secured for them, but it appears to be expensive by reason of the fact that there are no facilities for sawing it. It is said the Georgia marble dealers and that the cost of the Tennessee marble is excessive. It is to be regretted that there is no development of the North Carolina marbles.

The negro politicians are much stirred by H. L. Grant's speech at Goldsboro. They admit that there is much to justify his attack on the negro Congressman White, and say the latter has injured his race in North Carolina, that he goes with a negro crowd at Washington which demands that he display himself.

Insurance Commissioner Young has paid over to the State Treasury \$5,500, making the collection for the fiscal year ended March 31st, \$80,000, made up as follows: Taxes, \$57,147; license, \$24,550; fees, \$2,505; agents' license, \$4,800.

As soon as the news of the death of ex-Senator Frederick John M. Worth reached here the State flags were put at half-staff on the capital. Today the building was closed. Dr. Worth was held in very high esteem here.

Principal James Haworth, of Passaic Institute, the well-known Presbyterian Sunday-school here, has purchased the stock therein from the company. Paul Henry Jones, steward, so well known in this part, because a member of the family and a very strong abolitionist. He was mentioned some time ago, Power Institute is here, here to have a commemorative of some.

### THERE ARE OTHERS.

Webster Davis Not the Only Man Who Knows About South Africa.

WASHINGTON, April 6.—The resignation of the desirable office of Assistant Secretary of the Interior by Mr. Webster Davis is a much-discussed topic of the hour. All sorts of stories are afloat concerning it, some alleging that the resignation is the result of disagreement with Secretary Hitchcock; others that Mr. Davis has political ambitions, and still others that he is employed at a fabulous salary by President Kruger. Mr. Davis's own story is that he has resigned solely because of his desire to talk and write to the people of this country in the interest of the Boers without compromising or embarrassing the administration; that he is actuated by nothing but sympathy for the Boers and a desire to put their situation truthfully before the people of this country. He says he does not wish to embroil this country with England, but merely by arousing public sentiment to show to the European powers that they may put a stop to the war in South Africa without any fear that the United States will aid Great Britain.

Like all orators, Mr. Davis has the faculty of seeming to believe everything he says, but oratory must square with common sense and every day business ideas to convince the average American of this day, and Mr. Davis will have to bear in mind that he isn't the only man who knows the South African situation.

### What Dewey Did.

WASHINGTON, April 6.—Admiral Dewey's announcement that he is a candidate for President is the most unique ever made. He says he will accept a nomination from either of the political parties, and that if neither nominates him he is willing to run as an independent candidate. Had the announcement been made before the Admiral's return from Manila the politicians would have considered it a very serious matter, but now, when the nominations of McKinley and Bryan by their respective parties is generally regarded as already assured, they treat it very lightly and speak of the Admiral as the victim of an ambitious wife.

But outside of professional political circles, the announcement is seriously considered, and many are predicting that Dewey will frighten some of the politicians out of their boots if he runs as an independent candidate. Admiral Dewey says he made the announcement in response to repeated requests from every section of the country, and because he has become convinced that the people want him for President. Whether he is correctly informed or not will soon be made apparent by the manner in which the people receive his announcement. What the people of the country really want they have a way of getting.

### Kansas City Will Rebuild.

KANSAS CITY, Mo., April 6.—An army of men went to work early today clearing away the ruins of the burned convention hall preparatory to immediate rebuilding for the Democratic National Convention in July.

Scores of prominent business men devoted themselves to soliciting funds which will assure a suitable structure for the Democratic gathering. All energy will be bent toward replacing the burned auditorium with a superior structure.
