NEW BERN FAIR, APRIL 16-21.

RALEIGH.

Campaign Under Way With Workers Named.

National Convention Delegates Hold a Meeting. Seven Springs Delegates Get a Charter. The Strike. How the Un-States Stand.

RALSTON, N. C., April 13.—The return to his home in Goldsboro yesterday of Cha. B. Aycock, the Democratic nominee for Governor, was a triumphal one, and his reception was a grand one in Goldsboro.

The new Democratic executive committee organized yesterday and re-elected Mr. F. M. Simmons as chairman and elected Mr. P. M. Fearsall of New Bern secretary. Democratic headquarters will at once be opened at the Carrollton Hotel here and the work of the campaign will be most vigorously pushed. The State central committee has postponed election, until the next meeting of the executive committee.

The State Board of elections met yesterday and appointed county boards of election for each of the counties in the State. There are three members to each county and they are required to meet the first Monday in May to begin the preliminary work for holding elections. The Republican member of the board Mr. Franks and the Populist member entered their protest because they were not allowed to name the minority representation in the county boards. There are 7 members of the State board of elections, 5 Democrats, one Republican and one Populist.

The strike on the Southern Railroad by the telegraph operators yesterday at 11 o'clock was a right serious affair. Though along the line here part of the operators refused to enter into the strike. On the train from here to Goldsboro, a young man from Raleigh was carried down to take the place of the operator at Selma, a very important point. About fifty friends of the strikers attempted to take him from the train. He pulled a pistol, and held his attackers at bay. Governor Russell gave permission for special deputies to be put on at Selma to protect the property and employees of the road there, as threats were made against them.

The delegates to the National Convention to meet in Kansas City met yesterday to plan for their attendance at the convention. A committee of Mr. Josephus Daniels, Julian S. Carr, and Samuel Garris was appointed to perfect arrangements.

The Seven Spring Company was incorporated yesterday for La Grange, Lee county. It is to run a hotel and conduct a pleasure ground.

The Democrats in the West are delighted at the State ticket.

The occupations and religious beliefs of the nominees are: Aycock, lawyer and Baptist; Turner, lawyer and Methodist; Grimes, Secretary of State, farmer and Episcopal; Lacy, Treasurer, engineer and Presbyterian; Dixon, Auditor, doctor, Methodist; Gilmer, Attorney General lawyer and Presbyterian; Tonn, Superintendent Public Instruction, teacher and Baptist.

NOTICE SERVED.

Seats in Senate Not to Be Had by Money. Corruption Must Be Lessen.

WASHINGTON, April 13.—Seats in the United States Senate shall no longer be openly bought and sold. That is the plain English of the unanimous report of the Senate Committee on Elections, declaring that Mr. Clark, of Montana, is not entitled to a seat in the Senate. It is not surprising that the action of the committee should have overshadowed the Porto Rico bill, which passed the House and been signed by the President, as a subject of public discussion. To far overshadow it is public importance.

It is a notice to the millionaires of the country that the portals of the Senate are not hereafter to be opened by money alone, and it is a notice that has been badly needed for many years. It is creditable to the committee on Elections that its action was unanimous. There is no partisanship in the matter. It has been a matter of shame for many years that Senators have been openly charged with buying their seats, and yet because of lack of proof, when investigations have been made, of bribery, none of the men so charged have been refused seats. There was no absolute proof of bribery in the Clark case, but his admission of having spent about a quarter of a million dollars, not to mention other evidence, was enough.

It was probably because of that lack of proof of bribery that the committee reported that he was not entitled to his seat, instead of reporting in favor of expelling him. The individual in this case counts for nothing. It is the principle which deserves the endorsement and commendation of every man who believes in the future welfare of his country, which must necessarily be endangered if corrupt political practices are countenanced.

W. H. Shipman, Bearfield, Minn., under oath, says he suffered from dyspepsia for twenty-five years. Doctors and dieting gave but little relief. Finally he used Kodol Dyspepsia Cure and now eats what he likes and as much as he wants, and he feels like a new man. It digests what you eat. F. S. Duffy.

Amended Platform Plank.

The following is the corrected and amended Primary plank in the State Democratic platform, and resolutions adopted in addition to the platform by the convention at Raleigh:

We hereby instruct the State Executive committee to make provision for the holding of a primary on the first Tuesday of next November for the selection of a United States Senator by the Democratic voters of the State, at which every elector who has voted the Democratic ticket in the State election, shall be entitled to cast one vote for one man for United States Senate, and the candidate who receives the majority of the votes so cast in the whole State, shall receive the support of the Democratic members of the Legislature; and if no candidate shall receive a majority then the committee shall hold a second primary at which only the two highest candidates shall be balloted for and the one receiving a majority of the votes so cast shall receive the support of the Democratic members of the Legislature.

Provided that if any third candidate shall receive of the first primary, so held within 2,500 votes of the second highest candidate, then in that event the three candidates shall be balloted for at the second primary, and the one of the three receiving the highest number of votes shall receive the support of the Democratic members of the Legislature for United States Senator.

In addition to the above platform, the following resolutions were adopted by the convention on recommendation of the committee:

"Unnecessary taxation is unjust taxation and while the people of North Carolina submitted to the necessary taxation to carry on the war with Spain without complaint, we demand that with a surplus of \$150,000,000 in the Treasury, the odious stamp act must be at once repealed.

Resolved that we condemn the practice of Federal officers controlling and dominating conventions and using their official positions to coerce and intimidate voters, the same being subversive of one form of government and dangerous to the liberties of the people.

Resolved that we endorse the nomination of Hon. W. E. Council for Judge for the Tenth Judicial district.

"I think DeWitt's Little Early Bitters are the best pills in the world," says W. K. Lake, Happy Creek, Va. They remove all obstructions of the liver and bowels, act quickly and never gripe. F. S. Duffy.

SOUTH AFRICA.

Two Armies Facing Each Other. Small Skirmishes.

LONDON, April 14.—The Boers are in marching at Brandfort, in the Free State. They still hold the Bloemfontein water-works in force, also Waterval drift, no doubt to secure the communications of General Olivier, commandoes on the British side of the country.

Around Bloemfontein are the white tents of the enormous force under Lord Roberts, which is growing daily in strength and receiving much-needed horses and mules. It now numbers between 70,000 and 80,000 men.

At Wesswater the British force is still holding out against the commandoes surrounding it. The British are carefully husbanding their ammunition. The presence of General Kitchener at Altwal North may foreshadow a swift rush by the bulk of General Brabant's force to the rescue of their comrades in cooperation with a flying column to take the Boers in the rear.

There is a feeling here of admiration at the daring of the Boer strategy around Bloemfontein and also in Natal, where, doubtless, fired by a desire to emulate the successes gained by their brethren in the Free State, attempts have been made to cut off Sunday river camp from Ladysmith, to pass forward toward Dewdrop from Van Reenan's pass and toward the south by way of Helpmekaer. Part of Buller's army has been detached to swell the troops of the commander-in-chief. Knowledge of this may have helped to increase the efforts of General Botha, who is leading the Boers in Natal.

"No family can afford to be without One Minute Cough Cure. It will stop a cough and cure a cold quicker than any other medicine," writes C. W. Williams, Sterling Run, Pa. It cures croup, bronchitis and all throat and lung troubles and prevents consumption. Pleasant and harmless. F. S. Duffy.
