### RALEIGH

Wilson Not Reconciled. Strikers Cut The Wires. Politicians Go On Trip.

RALEIGH, N. C., April 14.—The oral argument on the Durham vs. the Southern Bell Telephone case which is to test the Cragg law was heard in the Supreme Court yesterday.

The case as has been stated was argued by briefs sometime ago. The decision will be of much interest.

It was reported that S. O. Wilson, the county chairman of the Populist committee had become reconciled to Senator Butler, but he says that is not true, and that he will bolt the State convention if Butler is named on the ticket. The Populist county convention met here today.

There is much interest felt here in the ball game played here this afternoon between Lehigh and the Agricultural and Mechanical College teams.

Governor Russell on yesterday decided to grant the extradition papers of the Governor of Tennessee to be served on Mr. Baxter Shemwell of Asheville. An account of this case was given some days ago.

"The State Journal" begins publication here today. It is a Republican paper but is for White Supremacy. It is edited and owned by Mr. James M. Allen.

The Western Union Telegraph office here this morning found that the strikers and their friends had cut the wires in several places between here and Goldsboro. At News and at Princeton yesterday all were in order except at one point. Sheriff Page was this morning asked to send from here deputies to protect the office and operator at Cary, Garner, Morrisville and Auburn. Cary is the only important point as it is there that the Southern and Seaboard tracks cross.

The State chatters the Montauk water and electric power company.

There were quite a party of Republicans and Populists who went to Washington on the quiet Thursday night. Secretary Thompson was one.

Aguinado Not Wanted.

SAN FRANCISCO, April 14.—I secretly doubt the truth of the current rumors that Aguinado is concealed in Manila, said First Lieut. George E. Knox. "If he were I do not think that the authorities would make much effort to catch him. To capture and imprison the insurgent chief would be to make a martyr of him, and the effect on the natives would be bad. If he is let alone the Macabebes will assassinate him, for they have no love for him."

Lieutenant Knox has just returned from Manila, where he was for over seven months chief of police of the Quiapo district.

"The natives are queer people to handle," said Lieutenant Knox. "They place no value on a human life, and are not afraid of knives and firearms, but strange to say, they are in mortal fear of a hard fist or a lash. The Macabebes are the best fighters, but care the least for a human life. I have heard it often asserted that Macabebes have never been known to take prisoners, they always kill. They will assassinate Aguinado if they get a chance."

Accident to boys.

CAMDEN, N. J., April 14.—While a number of boys were playing around a dilapidated building this morning, a brick wall fell burying them.

"I think De Witt's Little Early Risers are the best pills in the world," says W. E. Lake, Happy Creek, Va. They remove all obstructions of the liver and bowels, act quickly and never grip. P. S. Duffy.

### AGAINST ALL.

Britain May Be Called Upon To Meet A Great Crisis.

Talk of An Ultimatum From the Czar. Francis Ogby. Cronje Lauds At St. Helena. Roberts Is Sat.

Special to Journal.

St. Petersburg, April 14.—The Czar's speech at Moscow, which is the subject of an extraordinary persistence current at Moscow that on Easter Sunday the Czar will issue a manifesto containing an ultimatum to Great Britain commanding that she conclude peace with the Boers forthwith.

The ultimatum is to be issued under the threat of Russia occupying Cabul and Herat in Afghanistan if Great Britain fails to comply with the demand.

This report is connected with the fact that no reservists are at present allowed to take unlimited leave of absence, but probably such orders to the reservists are connected with the projected summer maneuvers of the Central provinces in which two hundred thousand troops will participate. The Emperor William of Germany is expected to be present at these maneuvers.

New York, April 14.—The New York World says that it prints the intention of the Czar to issue an ultimatum with all reserve as it has been unable to confirm the report.

London, April 14.—A Paris dispatch says that as President Loubet drove to the Exposition grounds today, there were cries of "Vive Les Boers." The crowd hailed the Right Hon. J. Monson, the British Ambassador, to France.

Cape Town, April 14.—General Cartwright sails today for Beira, Portuguese East Africa. It is supposed that he is to command the British division that will go to Rhodesia.

General Gatacre, who has been accused of being responsible for the recent disaster to the British at Reddersburg in the Orange Free State, has returned to Bloemfontein after a brief visit here. The report was that General Roberts had ordered Gatacre to return to London.

Eye witnesses of the fight at St. Helena this morning. There was no demonstration. A battalion of the Royal Artillery escorted the General and his party to the Kant cottage where they will live.

London, April 14.—Evidence that a great movement by Lord Roberts is imminent are rapidly multiplying. The Bloemfontein correspondent of the Daily Mail has been allowed to send this message:

"There is nothing whatever to cause uneasiness. It will presently be seen that the Boers are just where we want them. In a word, we are all right."

Since the Boers are just where we want them, it is to be expected that the British forces north and south of Mafeking, to relieve that town. Cape Town advice state with an air of mystery that "good news is expected from the town soon." There is evidently no doubt that the condition of the garrison is becoming desperate.

London, April 14.—The Daily Telegraph has received the following dispatch from South Africa:

Bloemfontein, April 13.—The Boers try to push their patrols nearer the railway below Bethany. Further precautions are being taken to push them back eastward.

Wagner is reported all right and able to await other developments for its relief. Cannon have been attached to General French's cavalry division. The troops are marching forward.

The Boers are keenly discussing the question whether President Kruger does not mean to trick the Free States by keeping the war away from the Transvaal borders, then suddenly surrendering. The impression is deep among them that their recent minor successes are but baubles in the pan and that the British triumph is inevitable. They see and realize the fact that the British preparations are irresistible.

London, April 13.—The Daily Mail has received the following dispatch from South Africa:

London, March 24.—The actual Boer loss up to the end of March including prisoners, is estimated at 19,000. At present there are 7,000 Boers in Natal and about 35,000 in the Free State.

Wants The Bill.

Washington, April 14.—Representative McHenry of Iowa continues to circulate his petition in the Committee on Rules asking that they fix a time for taking up the Nicaragua Canal Bill. He has secured the signatures of 37 legislators and 100 Democratic members and today.

### THE STRIKE AT CROTON.

Active Measures Taken to Prevent Disturbance. Troops on the Spot.

Special to Journal.

Mr. Vanos, N. Y., April 14.—Orders have been issued to the National Guard to go to Croton to defend the Croton dam against strikers. They reached here this afternoon and Company B is located here and will proceed to Yonkers, where Company A will join it.

Both companies tomorrow will be taken to Croton on a special train on the New York Central. They are supplied with three day's rations and 30 round ball cartridges. Strikers threaten to use dynamite against them if attacked.

Cheney, N. Y., April 14.—An armistice with Monday was agreed upon. In a this afternoon which it is believed will prevent bloodshed. It was made at a conference of the Croton dam strikers, and Italian contractors and the members of the State Board of Mediation and Arbitration.

Albany, N. Y., April 14.—The Governor sent an order this afternoon on General Rose authorizing him to order out whatever troops were required to restore order at the Croton Dam.

### Easter in Washington.

WASHINGTON, April 14.—Easter in Washington will be, as ever, the season for rejoicing. Official and diplomat will lay aside the cares of state to participate in the festival to be celebrated in all the churches.

At the White House President and Mrs. McKinley always celebrate Easter. Mrs. McKinley invariably sends a carriage load of the choicest flowers to the Metropolitan Methodist Episcopal church for decoration. The president will attend church as usual, accompanied by Mrs. McKinley's niece, Miss Mary Barber. Visitors in the city will be sure to go in crowds to the President's church.

They will see him enter, a quiet figure in his suit of dark black English tweed, carrying a stick that is still surrounded by the badge of mourning for his mother.

St. John's Church, which is the most popular of the Episcopal churches, will have a new interest Sunday because it is known as "Dewey's Church." The Admiral has had a pew in this church for many years. He is a constant attendant and it is expected that Mrs. Dewey will appear there tomorrow.

### Oregon For Fusion.

PORTLAND, Ore., April 14.—A complete fusion between the Democrats and Populists of Oregon was accomplished today.

The report of the conference committee was submitted to the State convention last night, but no action was taken until today, when both the conventions adopted the report. The distribution of offices was as follows:

Democrats—Two Presidential electors, Justice of the Supreme Court, two Congressmen.

Populists—Two Presidential electors and Food and Dairy Commissioner.

"No family can afford to be without One Minute Cough Cure. It will stop a cough and cure a cold quicker than any other medicine," writes G. W. Williams, Sterling Run, Pa. It cures croup, bronchitis and all throat and lung troubles and prevents consumption. Pleasant and harmless. P. S. Duffy.

### Burned in the Mine.

Special to Journal.

PITTSBURGH, April 14.—A number of miners estimated at two to sixteen are imprisoned in the Essen No. 2 mine at Hazleton station behind a wall of flame and smoke.

They were caught yesterday by fire and all last night men fought the flames while women waited in helpless agony about the mouth of the pit. State mine inspector Black is on the scene and has very little hope that any of the miners will come out alive. The smoke and gas have undoubtedly done their fatal work.

W. H. Shipman, Boardley, Minn., under 20th, says he suffered from dyspepsia for twenty-five years. Doctors and dieting gave but little relief. Finally he used Kodol Dyspepsia Cure and now eats what he likes and as much as he wants, and he feels like a new man. It digests what you eat. F. S. Duffy.
