## MANY SCHEMES

Populists and Republicans Will Give Aid to Each Other.

Butler's Deep Laid Plan. What Will Develop? A Short Court White Talks About Oresters. Crop Was Good.

RALPHIGH, April 20.—Populist State chairman Thompson says that the action of the Convention does not prevent fusion in the counties. Many counties will nevertheless follow the lead of the State convention and nominate straight Populist tickets.

The Republicans and Populists both know they can do nothing in the east so their work will be confined to the piedmont section and west of that.

Republicans who can be relied upon state that during the session of the Populist Convention, they were told that the Populists expected Republicans to vote for their ticket, and that they would repay them by voting for McKinley. Many of the Populists are really Republicans.

Vice chairman H. W. Ayer is to arrange for Populist headquarters here. Capt. R. B. Davis will for the present act as Secretary to the State committee.

It is as well to recall what was predicted last autumn that Butler would this year become State chairman and drop the National chairmanship as soon as he had engineered the National convention; that he intended to have the Populist National convention held very early so as to be able to nominate Bryan with a Populist as his running mate; to then demand of Bryan whether he rejected or accepted this nomination; if he accepted it well and good, but if not another candidate would be put up; that then the Democratic convention would have to endorse Bryan as a full fledged Populist or else reject him; that Butler thought it would reject him. It will be interesting to watch and wait and see how much of this prediction proves accurate. The first part has so proved. Butler is State chairman. He wants to use Bryan as a club to hit the Democrats with.

Populists deny in their speeches that any of their candidates will be taken down from the ticket. Will any of them come down voluntarily? Will the Republicans nominate a full ticket? Will they endorse certain Populists? Will they, after making nominations, take them down? It is no secret, for Populists say, that they were ready to endorse Walter for Attorney General four years ago they put him up first, but he withdrew. This time they were quite ready to do the same thing. Judge Parnell returned yesterday from Elizabeth City, where he "went through the motions" of holding a term of Federal Court. It occupied two days. Not a case was tried. "Sometimes court there lasts only one day."

It is said that the next president of the Baptist Female University here will be a North Carolinian.

Theophilus White, chief shell fish commissioner, who was here at his party's convention, was interviewed today regarding oysters and said: "We have had a good season. Prices have been better than usual. We had plenty of oysters and plenty are left. The alarm about damage by the first August storm proved to be not very well founded. There are a great many oysters in Pamlico Sound. There is very little oyster culture, nor will there be much until natural oysters become scarce. There has been no unwise taking of oysters out of the State during the season now so nearly ended. None were taken out which did not pay the tax of two cents a bushel. The market has been strictly a home one and very few left the State. The tax on those for home use is one cent a bushel. There are four oystereries, two at Elizabeth City and one at Swan Quarter and one at Beaufort. The United States vessel Fish Hawk and the oyster patrol steamer Lily have been making surveys of the oyster waters. The Fish Hawk left about ten days ago. Prof. Holmes and Graves have been on the Lily."

There are only 240 votes in the Republican State convention—two to each member of the lower house. The Republicans are working hard to keep negroes out of the convention—they want them to "move back a little from the red."

"No family can afford to be without Our Malaria Cough Cure. It will stop a cough and cure a cold quicker than any other medicine," writes G. W. Williams, Raleigh, N. C. It cures cough, bronchitis and all throat and lung troubles and prevents consumption. Pleasant and harmless. F. S. Duffy.

## High Waters in Rivers.

Special to Journal. RALPHIGH, N. C., April 20.—Weather bureau has issued warnings that heavy rains tonight and Saturday will cause dangerous stages on rivers of Eastern North Carolina and flooding of low lands, and rivers will subside Monday.

VAN DERHART, Section Director.

## Roberts Ready.

LONDON, April 20.—The Bloemfontein correspondent of the Daily Chronicle telegraphing Thursday, says:

"The requisite recruits and equipments have arrived and all the infantry divisions are now supplied with tents."

"Both sides are steadily preparing for the coming struggle. Lord Roberts is now ready."

Several lots of concealed arms and ammunition have been discovered here this week."

## Druggists Want Tax Oil.

WASHINGTON, April 20.—About one hundred representatives of the drug trade of the country have been in Washington all the week, trying to convince the House Ways and Means Committee that the bill for the repeal of Class B of the war tax law, which provides for the taxing of proprietary medicines, etc., ought to be reported favorably and become a law. It is the general impression that no legislation reducing war taxes will be put through at this season; but the Ways and Means committee will grant hearings to all parties interested, and the time will not be wasted as the information acquired will enable the committee to act more intelligently when the matter is taken up early in the next session.

H. Clark, Chaucery, Ga., says De Witt's Witch Hazel Salve cured him of piles that afflicted him for twenty years. It is also a speedy cure for skin diseases. Beware of dangerous counterfeits. F. S. Duffy.

## FOR HAWAII.

Plan for Its Government. Will Have a Delegate. The Petition On Canal Hearing.

WASHINGTON, April 20.—The result of the conference on the House and Senate bills providing a government for Hawaii is a complete victory for the House, as its bill, with a few minor amendments was approved and will become a law. A complete form of government is provided for including a governor and other executive officers, a legislature of two branches, and a judicial branch consisting of a supreme court, circuit courts and inferior courts. Hawaii will have a delegate in Congress, with the right to participate in debate, but not to vote. The United States tariff laws are extended over Hawaii, which is made a custom district, with four ports of entry. The crown lands of Hawaii are made public lands free of all claims whatever, and the amount of land that may be held by a corporation is limited to 1,000 acres. The Chinese on the islands are given one year to obtain certificates of residence.

More than two-thirds of the House—125 Republicans and 125 Democrats, have signed a petition, or rather two petitions as Representative Hepburn, of Iowa, presented that from the Republicans and Representative Adaman, of Georgia, that from the Democrats, to the Speaker asking that a rule be reported for the consideration of the Hepburn Nicaragua Canal bill by the House May 1. If those petitions be ignored, their signers may make trouble.

"I think DeWitt's Little Early Biscuits are the best pills in the world," says W. E. Lake, Happy Creek, Va. They remove all obstructions of the liver and bowels, act quickly and never gripe. F. S. Duffy.
