RALEIGH.

Cyrus Thompson Says Populists Are For Bryan.

Social Event Scheduled. Date of Winchester Unyalling. Farm Labor Seizes Charters. Selecting College President.

RALEIGH, April 23.—Dr. Cyrus Thompson, Populist nominee for Governor says he thinks that party is for Bryan in North Carolina; judging by the Populist convention last Wednesday, and that he does not think any delegates from North Carolina will go to the Middle-of-the-road convention at Cincinnati, May 25. Some Populists differ widely with him as to this. There is a very marked Populist lukewarmness for Bryan. It is shown in scores of ways. Many of the Populists are of Republican proclivities and are for McKinley. But a few who have never been Republicans say they now believe in a gold basis and a protective tariff.

The resignation of George L. Morton as commander of the North Carolina Naval Reserve Brigade was tendered to the Governor, Saturday, and accepted. The reason given is pressure of private business.

A social event to occur here next Wednesday will be the marriage at Christ church of Miss Windham Traper to Mr. Samuel A. Court Ashe, Jr. The bride-elect is the eldest daughter of Mr. and Mrs. Edward Stribick Traper and a granddaughter of late United States Senator W. H. Haywood. Her paternal grandfather was for over half century rector of historic St. Michael's church at Charleston, S. C. Mr. Ashe is a son of Capt. Samuel A. Ashe of Raleigh, and is a member of one of the foremost North Carolina families, which has borne a leading part in the State's history for more than a century and a half.

The North Carolina Confederate Veterans get formal notice through Turner Ashby camp at Winchester that the date of the unveiling of the monument to the North Carolina dead buried in the cemetery there is fixed as June 7th.

Mr. Webb, of the North Carolina Home Fire Insurance Company, returned from Washington, where he attended a meeting of the Southern Tariff Association. A resolution was adopted that in States where laws were enacted similar to the North Carolina law lately enacted, and thereby reduce fire waste and levy an equitable tax, insurance shall be reduced. It was also decided that in cities and towns the companies shall inspect the water supply and fire appliances and if these are not up to the standard at the time the rates were fixed then an increase shall be made in rates.

Farm labor is reported to be scarce in this section, and it is said \$12 and \$12.50 with rations, is being offered. The usual day wages for cotton "choppers" have been in recent years 50 cents. Farmers say they would not be surprised to see \$1 paid this year.

Col. John S. Cunningham, on his way home from the New Bern fair, says the latter was a decided success, and that the attendance was good Tuesday and Wednesday, the exhibits were good, and the racing the best in several years. Col. Cunningham says the people in the east are thoroughly aroused as to the amendment, that the entire Democratic ticket will be carried in the east by a big majority.

Robert O. Strong, of the Raleigh bar, lectured before the State University law school on the subject of "Municipal Corporations," handling the subject in an interesting and masterly manner, showing much research and thought. The students as well as the University authorities highly appreciated it.

The auditorium fund is almost \$11,000. The State charters the Ore Hill Manufacturing Company, of Oklahoma county. It will manufacture chairs and furniture supplies. The capital stock is \$4,000. A charter is also granted the Neilsen Land and Improvement Company, of Nebraska, capital \$10,000. The State charters the Spruick Manufacturing Company, of Washington, capital \$5,000. It will make barrels and crates.

The charter granted to the Tarboro Milling Mill is the fourth granted this year to that class of mills. To cotton mills no less than 19 have been granted.

The executive committee of the Baptist Female University here met to consider the selection of a president. Several names were presented, all of North Carolina. It is reasonably certain that only a man from this State will be chosen.

The institution for the blind here closes its term May 24. It has had its most successful term ever before. There is now for all the blind in the State. The appropriation for the maintenance of pupils is \$100,000 and this has secured the institution.

Working men in local news of the strike of the Southern Railway's employees are being reported. All the strikers are now on their regular work.

E. Clark, chairman, has signs to the effect that the local news is being reported. The strike of the Southern Railway's employees are being reported. All the strikers are now on their regular work.

China Cannot Compete.

WASHINGTON, April 23.—Consul General Goodnow, in a report to the Department of State, from Shanghai, knocks the bottom out of the newspaper stories alleging that the establishment of Chinese cotton manufacturing plants were endangering American trade in the Orient. He points out the fact that American labor is about four times as effective as that of Chinese; also that the cotton mills at Shanghai only spin coarse yarn, which is furnished to the consumers in the interior, who weave it on hand looms, and have been running up to the present time at a loss. The report concludes as follows: "The cotton cloth dominating the market in northern China, and now challenging the trade in central China are from America. We can control this market so long as we have an equal entrance into all China especially as freight lines from our country are multiplied, and when the Nicaragua Canal is built, no other than American goods need apply in China."

Attempt at Suicide.

Gothenburg, April 23.—Yesterday afternoon, about 9 o'clock, after first giving laudanum to her children, 5 and 8 years of age, Mrs. Joseph Roberts attempted suicide by shooting herself in the right breast, the ball going near the heart. The deed was found out early enough to save the two children. At present the woman is very dangerously wounded with a possibility of recovery. The cause of the act is said to be family troubles.

HE'S PARTICULAR

About his coffee; nothing but Parker's Unmatchable Roasted Coffee satisfies him. Nothing else will satisfy you either, once you have tried it. It is the pure berry properly treated in a roasting so as to retain all of its delicate aroma and taste. Try a sample cup. If you don't like it bring it back, if you do, tell others of its goodness, they'll thank you.
