RALEIGH.
Complaints to Corporation Commission on Account of Strike.
Some Say Democrats are too Coardest Cotton Acree on State Farms. Why Grapes Failed. Some Old Wills.

RALEIGH, April 30.—A number of complaints from points on the Asheville division of the Southern Railway have been filed with the corporation commission. These grow out of the strike of certain telegraph operators at mountain stations. They allege that there is inadequate service on the part of the Western Union Telegraph Company and the Southern Railway. This is declared to be the result of the strike of telegraph operators. The complaints came from citizens of Waynesville, Clyde, Canton, Hillsboro, Albemarle and Glen Alpine. The commission decided to serve notice on the telegraph and railroad companies with the request that answer to the complaints be made at once. B. L. Rogers, of the commission, says the stations must be re-opened; that the railroad says there are plenty of operators, and that the closing is working a hardship on shippers, as no freight is received or delivered at the closed stations.

RALEIGH, April 30.—The undersigned having been appointed Registrar for the First Ward of the City of New Bern, N. C., for the election to be held on the 15th day of May 1900, on the proposition to issue Bonds for the purchase of Water Works and Sewerage will open the books for the purpose of registration of voters at the City Hall in New Bern, N. C., on Thursday, Friday and Saturday preceding the election, being the 10th, 11th and 12th days of May, 1900. H. L. HALL, Registrar.

RALEIGH, April 30.—The undersigned having been appointed Registrar for the Second Ward of the City of New Bern, N. C., for the election to be held on the 15th day of May 1900, on the proposition to issue Bonds for the purchase of Water Works and Sewerage will open the books for the purpose of registration of voters at the Court House in New Bern, N. C., on Thursday, Friday and Saturday preceding the election, being the 10th, 11th and 12th days of May, 1900. H. L. HALL, Registrar.

Roberts is Concentrating.
London, April 29.—The Daily Telegraph has received the following dispatch from South Africa: Bloemfontein, April 28.—Troops who have been operating in the southeastern part of the Free State clearing the country of Boers have gotten as far north as Thaba Nchu, where a junction has been effected. Relatively few Boers are before them, and these are being steadily driven from their hills and fastnesses. It is hoped that Ladybrand will be reached and occupied soon, as that would effectually secure peaceful possession of the grain districts and keep the Basuto border quiet. Reports from native runners state that the Boers do not intend to defend Thaba fort, but will oppose the British from the line of hills north of that town, using the Vet river to protect their front. MANNING, Basutoland, April 28 (delayed in transmission).—Firing was heard in the direction of Thaba Nchu for some hours this morning. Many Boers are retreating from Weener and De Wet's camp, proceeding by cross roads instead of the main road near the Basutoland border. It is reported that they are in a miserable condition, disorganized and depressed. Many have deserted and are hiding on the farms. "De Witt's Little Early Risers are the finest pills I ever used"—D. J. Moore, Millbrook, Ala. They quickly cure all liver and bowel troubles. F. S. Duffy.

Will Remain Spaniards.
Washington, April 30.—Considerable interest has been displayed in Congressional circles in an official statement of Gen. Wood, showing that 65,800 men in Cuba have registered themselves as citizens of Spain, temporarily residing on the island, in accordance with the clause of the Paris treaty, giving all foreign born residents of Cuba, one year to decide whether they would retain their allegiance to their mother country, or become citizens of Cuba. It is somewhat surprising to most persons that so many should have chosen to remain subjects of Spain which will shut them out of any participation in the government of Cuba when our military government is withdrawn.

Not Much More Legislation.
Washington, April 30.—Little more important legislation, outside of the regular appropriation bills, need be expected from this session of Congress. This has been plainly indicated on the floor of the Senate, where the power of the minority is not a tradition, but an unassailable fact. This is Presidential year and the minority seizes politics in every measure of importance. In other Presidential years, the majority has fought for measures, not to pass them but to emphasize political issues; but this year, the majority seems to regard fighting unnecessary for that purpose and to be anxious to hurry the necessary business through and adjourn. That is the situation today. A single speech on either side may upset all calculations and precipitate a political fight, which may lengthen the session beyond the early June days in which adjournment is now confidently expected.
