## COUNTRY WORK.

That is Where Democrats Must Make Their Efforts.

State Committee Meets May 10th. The Winchester Dedication. Athletics of Great Interest. Teachers' Assembly June 12th to 17th.

RALEIGH, May 7.—It is the comment of Democratic leaders that in this campaign it will be of no use to make speeches in the towns, after the completion of the ratification meetings; that the work must be done in the country. It is in the country that the Republicans and Populists are at work.

Glaude Kitchen has been at Clinton and Rockingham, where he spoke to large audiences. At Clinton quite a number of Populists know him, and he says they are coming back to the Democratic ranks. At Rockingham the people are the strongest advocates for the amendment he has seen. He says the people of eastern Carolina are not stronger Democrats than they are.

Chairman Simmons calls a meeting of the Democratic State committee here May 10th.

Republicans here say it has been definitely decided to have headquarters at Greensboro and not here.

The Republicans express unbounded delight at the very complete snubbing they gave Governor Russell in their convention. Dr. D. H. Abbott remarked to-day that they were "kicked to death" at it.

A call is issued to all Confederate veterans' organizations in North Carolina to be represented at Winchester, Va. June 10th at the dedication of the monument to the dead from this State. The monument is erected by the Ladies' Memorial Association. Julian B. Carr, of Durham, who commands the Confederate veterans in this State, has accepted the invitation of the Ladies' Memorial Association to deliver an oration there that day. The Turner Ashby Camp and the Winchester Ladies' Memorial Association have the local arrangements in hand.

The baseball association here has been formed and all the money desired subscribed. The next step will be to secure the formation of associations in other towns and then have a State League. Interest in the national game is greater than in many years.

Outdoor athletics are next term to be made a feature at the Agricultural and Mechanical College here. An "athletic field" has been prepared for use in the autumn. Football, base ball, running, jumping, hurdle racing and "hurdle and bounds," will be the features, but there will also be pole-vaulting, putting, the hammer, etc. Measurements are to be taken of all students and they will be properly developed.

Good progress is now being made in the erection of the Odd Fellows temple here.

It is said that work is now in progress on 15 new cotton mills in this State.

During last week a remarkable great amount of farm work has been done all over the State. The farmers are endeavoring to make up for lost time.

The North Carolina Teachers' Assembly meets at Morehead, June 13th to 17th inclusive. One of the most interesting programmes has been carefully arranged by the programme committee. It represents all the educational interests of the State with a special view to a general up-lift and awakening in the public school work. Dr. J. L. S. Curry, general agent of the Peabody fund, and one of the foremost educators of the South, will address the assembly. The State Music Teachers' Association will meet with the Teachers' Assembly. First class hotel accommodations at \$1 per day. Tickets to be sold June 9th to 17th inclusive. Final limit July 23th. All tickets will have a special coupon of membership fee. Stop-over privileges

are allowed at University Station, Raleigh and Greensboro, on tickets via Southern Railway or Seaboard Air Line to accommodate persons desiring to attend the summer schools at Wake Forest and Chapel Hill. Friends of the State Normal and Industrial College, will have an excellent opportunity to attend the commencement the week following its assembly.

## ALL ALONG THE LINE.

Fighting Going On In Many Directions. Roberts Pressing the Boers.

LOANPO, May 6.—The troops which Lord Roberts led out from Bloemfontein a few days ago have taken a great spring forward, which has brought them almost at a single bound to Windburn. The Boers have evacuated their positions at Brandfort without making a strong effort to hold them.

Smart fighting has been going on along practically the whole of the widely extended British front. The household Cavalry, Twelfth Lancers and Kitchner's Horse had the opportunity for which they have long waited—of charging a body of Boers in the open. Such chances have been few in the campaign. The Boers broke and fled, leaving a number of dead and wounded on the ground.

Gen. Hector McDonald's Highland Brigade, which was also acting on the right, dislodged the Boers from a group of kopjes under cover of naval guns.

Of equal interest in the news which comes of Gen. Sir Archibald Hunter's operations on the extreme left. He crossed the Vaal river at Winderton on Friday. Pushing ahead, he found the Boers in strength near Raidam. The brunt of the fighting fell on General Barton's Union Brigade of Scotch, Irish and Welsh fusiliers. They carried ridge after ridge over a front of four miles and drove the Boers before them to the north. The Imperial Yeomanry chased the Boers some miles.

The easiest and most effective method of purifying the blood and invigorating the system is to take DeWitt's Little Early Risers, the famous little pills for cleansing the liver and bowels. F. S. Duffy.

## MIDDLE OF THE ROAD.

Cincinnati Crowd Claim They are the People and Have a Majority.

CINCINNATI, May 6.—This week will open the ball for the national political campaign. Both factions of the Populist party are to begin their conventions on Wednesday—the Middle-of-the-Roaders here and the Fusionists at Sioux Falls, S. D.

The Middle-of-the-Roaders are somewhat divided; but it is supposed that a majority of them are for Wharton Barker, of Philadelphia, for President, and Ignatius Donnelly, of Minneapolis, for Vice President. The Fusionists are for Hon. William J. Bryan for President, and are not certain as to their Vice Presidential nominee.

The advance workers of the Middle-of-the-Road convention arrived in Cincinnati today. They are all opposed to fusion. It is maintained by them that they represent a large majority of the People's party, that in the contests at State conventions the Sioux Falls Fusionists carried fewer than 300 of the 973 delegates, and that the convention at Sioux Falls will be one of "excursionists" with a minority of delegates, as the Middle-of-the-Roaders say that over two thirds of the delegates were attracted by their States for the Cincinnati convention, which will "keep in the middle of the road."
