Permit me personally to express the hope that the re-union will be graced by a lady who has been so set in her efforts to keep fresh in the memory of the living the noble deeds done and privations endured by the Confederate soldier.

"I had stomach trouble twenty years and gave up hope of being cured till I began to use Kodol Dyspepsia Cure. It has done me so much good I call it the saviour of my life," writes W. R. Wilkinson, Albany, Tenn. It digests what you eat. F. S. DUFFY.

Bond Election.

To colored voters, City of New Bern: It has been hinted that some of you were going to vote against the City of New Bern buying, erecting or constructing a system of water works and sewerage. The writer, however, must have been misinformed. However, not one of you should fail to register and vote affirmatively. The big white Republican influence over the colored voter should come to the front, urging you to register and vote for the system.

Remember, this coming Thursday, Friday and Saturday are registration days, and next Tuesday, May 15th, is election day.

Signed: ISAAC H. SMITH.

"After suffering from piles for fifteen years I was cured by using two boxes of De Witt's Witch Hazel Salve," writes W. J. Baxter, North Brook, N. C. It heals every thing. Beware of counterfeits. F. S. DUFFY.

Any truck received after this hour (10:30 a. m.) will have to take same train next day. It is absolutely necessary that No. 213 train leave New Bern promptly at 11:00 a. m. to insure connection with Atlantic Coast Dispatch Line's all rail movement from Goldsboro to Virginia and Eastern cities.

Open Letter of Owen H. Guion.

Having for so many years absented myself from an active participation in politics, and having so strictly confined myself to the practice of the law, it is with the greatest reluctance that I have permitted my name to be used in connection with the candidacy for the House of Representatives.

I fully realize the personal sacrifice that a nomination will cost me, and the financial loss of my temporary absence from my practice will entail upon me (for if nominated I feel perfectly confident of my election), yet recognizing the fact that whatever of success I have gained in my professional career is due entirely to the people of my county, I conscientiously feel that in the present political emergency, the greatest my people have been called upon to meet since the days '61, that I would be reluctant, and ungrateful to them in refusing any demand made upon me in this political struggle, if they desire to select me as their candidate.

And as it is but the announcement of my name to the individual voter of my county, and as it is left to my entire County to select its candidate at the ballot box, I feel therefore no hesitation in saying that if I shall become the choice of the people, it will be my most earnest effort to promote the interest of my whole county politically and commercially.

If I shall not prove the choice of my county, I tender to my successful opponent my time and best efforts in his behalf and predict for him a political victory in this election, for which he and our county shall be justly proud.

So that either with or without this nomination, I am with heart and voice for Democracy and White Supremacy in Craven County.

Respectfully,
OWEN H. GUION.

For County Treasurer.

I announce my name as a candidate for Treasurer of Craven county. If the Democratic voters of my county feel that my past record as Treasurer of this county justifies their votes at the coming primaries, I shall be gratified at my re-nomination and will serve them with the same fidelity in the future as I have ever tried to do in the past.

In offering my name to my county I trust that it may occasion no personal criticism or accusation of any kind against any person who may become as its opponent for this nomination, as I feel and know that the selection of the nominee for this office will be made by the individual voter of my county at the ballot box.

Very respectfully,
THOMAS DANIELA.
