Boers Retire Before Roberts. Details From Mafeking.

London, May 22.—Lord Roberts' march toward the Vaal is in full swing.

The general disposition of the British forces is the same as that which proved successful in the move from Bloemfontein to Kroonstad. Gen. Ian Hamilton and his mounted troops are operating on the British right, Lord Roberts' main infantry divisions follow the line of the railway in the center, and General French, with the cavalry is on the left.

So far no details have come to hand concerning French's movements except that he crossed the Rhenoster river, northwest of Hoing apruit. It is believed that he encountered little resistance.

When Lord Roberts arrived at the south bank of the Rhenoster today from Hoing apruit he found the Boers had retired during the night. They had occupied a strong position on the north bank, but they did not think it advisable to defend it when they heard that their right and rear were threatened.

Turning to the field of operations in Natal, there is no longer any doubt that the passes at Laings Nek are strongly held by the Boers, who have posted there the Wakkerstroom commando, which had been withdrawn from the Free State.

London, May 22.—The War Office makes public a dispatch from Lord Roberts, announcing the receipt by him of the following message from Major-General Baden-Powell, dated Mafeking, May 17:

"I am happy to inform you that Mafeking was successfully relieved today. The northern and southern columns joined hands on May 13, attacked the enemy yesterday and, after a small engagement, entirely defeated them with loss. The British casualties were 3 killed and 22 wounded.

"The relieving force marched into Mafeking at 9 o'clock this morning, and the relief and defense forces combined moved out and attacked the enemy's head laager. We shelled them out, nearly captured a man and took one gun, a flag and a large quantity of ammunition, stores, etc. Five dead and 15 wounded Boers were found. The enemy appear to be retreating in all directions, except one commando, which is lying low, possibly to cover the retreat of the remainder.

"Captains MacLaren and Corporal Murray were found in the Boer hospital. They are doing well. The townspeople and the garrison of Mafeking are heartily grateful for their relief."

J. C. Kennedy, Roanoke, Tenn., says "I cannot say too much for De Witt's Witch Hazel Salve. One box of it cured what the doctors called an incurable ulcer on my jaw." Cures piles and all skin diseases. Look out for worthless imitations. F. S. Duffy.

Close of the Ninety-Eighth Year of an old Educational Institution.

Salem, N. C., May 24th.—Special instruction centers around the Salem Female Academy and College because of the history connected with it and also because of its present work. The 98th commencement this week an unusual brought many visitors to Winston-Salem and all who came enjoyed the visit.

The commencement was opened by a concert on Saturday night last and the chapel of the school was filled with a large company of visitors, many of them from distant states, as well as the home friends.

Sunday the Baccalaureate sermon was delivered by the Rev. Paul de Sobral, who is not only himself a distinguished divine, but was made welcome to the friends because of the fact that he is the son of the Principal of the Academy during the Civil war. The sermon was a powerful one, the music fine, and the occasion most interesting.

Monday and Tuesday evenings were given to the Readers. There were 40 graduates in this year's class. Each young lady read a brief thesis and the subjects being practical, the papers light and the work most carefully prepared, the audiences were large and the interest marked.

The Art Exhibit was in the rooms of the library, and attracted many visitors. The industrial department has been unusually successful this year.

Wednesday was a very happy day. The buildings were literally given over to the old pupils. A business meeting was held in the morning, and an elegant luncheon was prepared and served on the campus, and in addition to the good things and the fine addresses, a handsome donation was made to the proposed Centennial Memorial Chapel.

Wednesday night was the Grand Concert, and it was a grand effort. The string work of the school was condensed into a small program space.

This morning the most interesting program was presented. It was the presentation of the diploma, about 400 in the College and in the special department. The scene was tender and beautiful. The Rev. W. W. Moore, D. D., of Raleigh, delivered a fine oration.

The school had a prosperous year, with between 200 and 300 in attendance.

W. J. Moore, Millerton, Pa., says "The best of the little pills you are giving, but they don't seem to do any good. I have been taking them for some time, but they don't seem to do any good. I have been taking them for some time, but they don't seem to do any good. I have been taking them for some time, but they don't seem to do any good."

ARE NONE.

No Prominent Eastern Republicans Against The Amendment.

Corporate Commissioners Go to Milwaukee. Interest in Western Carolina. Republicans Delerate. High Percentage of Examination.

RALEIGH, May 24.—Today the Corporation Commission was in session and took up the docket. One of the cases on this was in regard to Southern and Seaboard Air Line trains being forced to connect here; that is wait for each other. Of course these systems are at daggers' point.

One of the amusing incidents now occurring is at Rockingham, Richmond county. About a month ago the Democrats there had a rousing white supremacy meeting and during it raised a big white supremacy flag on the court house. Court is now in session and the flag is floating gaily.

This afternoon the Corporation Commissioners and their secretary left for Milwaukee to attend the National Convention of railroad commissioners, which meets there on the 28th instant.

Over two months ago Democratic State Chairman Simmons assured your correspondent that he did not know of any white leaders of the Republican party in eastern North Carolina who take a stand against the franchise amendment. Isaac Meekins, Republican, who expects the nomination of his party for Congress in the first district, confirmed Chairman Simmons so far as that district is concerned. In fact Meekins may himself vote for the amendment.

S. L. Patterson, commissioner of agriculture, who is now with C. B. Aycock and some of the other candidates in Alabama and other counties in the extreme north west, writes here that there is a very large attendance at the speaking and that he is deeply gratified at the interest and spirit shown by the delegates.

The Republicans have elected their delegates to their national convention from all the districts save two in this State. There are several negro delegates.

Today was the time set for the meeting of the State Tobacco Growers here. The fight against the trust proceeds.

Dr. Della Dixon of the Baptist Female University here, and Dr. Sallie Borden of Goldsboro got the highest percentages at the examination for license as physicians at Tarboro this week. Each received 99. Miss Dixon is a sister of Rev. Thomas E. Dixon, the widely known preacher.

At Peace Institute here today the annual address was delivered by Prof. Edward Hins of Trinity College.

"After suffering from piles for fifteen years I was cured by using two boxes of De Witt's Witch Hazel Salve," writes W. J. Baxter, North Brook, N. C. It heals everything. Beware of counterfeits. F. S. Duffy.

Price, McCormick & Co., of New York Go Under.

Special to Journal.

New York, May 24.—Price, McCormick & Co., of New York, the big cotton operators, failed today.

There was a tremendous excitement on the Exchange and a rush to sell with the result of a big decline in prices.

In regard to the failure of Price, McCormick & Co., causing the sharp break in cotton, the following telegram was received by J. E. Latham yesterday:

"Impossible to say how Price, McCormick & Co. failure may affect Liver pool.

Interest here pretty well settled today.
