## RAPID GROWTH.

Remarkable Increase in Number of White Supremacy Clubs.

Too Much Hail. Church Dedication Institution For Blind. Grand Lodge at Oxford. Labor Unions Forming. News Items.

Special to Journal. Raleigh, June 23.—The State today authorized the Durham Hosiery Mill, of which J. S. Manning is president, to increase its capital stock from \$200,000 to \$500,000. The plant is to be doubled in capacity.

A charter was granted the Aspin Cotton Seed Oil Company, which will have its plant at Wadesboro, W. C. Hardison and others being the stockholders.

Francis D. Winston, who has in charge the organization of "White Supremacy" clubs in the State, and whose work along that line has been very zealous and successful, said today that in all the counties save ten there are now clubs. In Dare, which has only 5 townships and which is one of the smallest counties in the State, there are now no fewer than 18 clubs and in the 9th township of Bertie there are 20 clubs. In Raleigh last night a very large club was organized and Monday that work will be carried out all over the country. In the ten counties in which there are at present no clubs the work will be pressed so that by the middle of July there will be at least 1400 clubs in the State. Mr. Winston regards them as the most powerful levers in the work of increasing the force of the supporters of the franchise amendment.

Hail was not needed at all in this section of the State, but great quantities fell early this morning, almost exactly 7 inches between 4 and 9 o'clock. Damage to lowland crops is feared. The creek now ending has been too cool for cotton. The temperature was as low as 60 degrees.

It is decided that the First Presbyterian Church here is to be dedicated, the third Sunday in September and that Rev. Dr. W. W. Moore, president of the Union Theological Seminary at Richmond, shall preach the sermon. The church is to be covered with ivy. It is a low and massive building, as one of the corners of the capital square, and when the ivy has covered it the effect will be very fine. Christ Church and the Agricultural and Mechanical college are almost entirely covered with ivy. All the memorial windows, save one are in place in the Presbyterian church. That one is to Rev. Dr. William McPherson, the first pastor. He was for a number of years "pastor to the city" and was paid a salary by the municipality.

Principal John E. Ray of the State Institution for the blind has become convinced that there are a great number of blind children who ought to get the benefit of his training. He endeavored to get lists of the blind from teachers and ministers, but secured only a few names. Now he has made a similar request of the physicians of the State and names are rapidly coming in. Nine were received yesterday. None of these were known before.

Much surprise is expressed here at the acquittal of John Jefferson, the man tried at Wilson this week, for the second time, for the murder of Capt. Calvin Byrnes. When he was brought here for safe-keeping after the shooting he made a full confession.

Several prominent Masons went over to Oxford today to attend the celebration of St. John's Day at the orphan asylum, where the Grand Lodge was present and where the feature of the day was the annual address by Hon. Alfred M. Waldell of Wilmington, one of the most graceful and forceful speakers in the State. The speech of welcome was by Dr. T. E. White of Oxford.

Dr. J. M. Ayer of Raleigh left today for Europe to be absent three months. Labor in this city is being rapidly organized. There is a movement in various parts of the State along this line. New England labor organizers have for weeks been at work among the cotton mill employes.

All who suffer from piles will be glad to learn that DeWitt's Which Hazel Salve will give them instant relief. It will cure hemorrhoids and all skin diseases. Beware of counterfeits. F. S. Duffy.

To Divide Beer Army. London, June 23.—Lord Roberts plans to cut the Beer Army in two.

Messages from Generals Roberts and Buller show that the two British armies in South Africa have almost joined hands. Yesterday Buller's infantry was at Kwa-Bandjulu, six miles east of Mafeking, while Lord Roberts' with the Third Cavalry Brigade was at Mafeking.

The next proceeding will be to turn upon the Free Nations in the northernmost corner of the Orange River Colony and to liberate them. Early in July thousands more will be sent, and the employment of the army will be complete.

Small in size and great in results are DeWitt's Little Early Risers, the famous little pills that cleanse the liver and bowels. They do not gripe. F. S. Duffy.

Foreigners in China. Washington, June 21.—Statistics concerning foreigners in China are contained in a report on trade relations between China and the United States, just received at the State Department from Consul Fowler at Che-Foo. It is dated May 7 last.

The total foreign residents are given as in 1907, 19,231; in 1906, 17,193.

The nationalities of the foreign element for 1907 are stated as follows: American residents, 2,331; British residents, 2,362; German residents, 1,294; French residents, 1,153; Dutch residents, 108; Danish residents, 124; Spanish residents, 448; Swedish and Norwegian residents, 344; Russian residents, 1,021; Austrian residents, 99; Belgian residents, 24; Italian residents, 124; Japanese residents, 1,440; Portuguese residents, 1,439; Korean residents, 42; Non-treaty powers residents, 29.

Consul Fowler expresses the belief that the number of American residents is greatly underestimated.

Ivy poisoning, insect wounds and all other accidental injuries may be quickly cured by using DeWitt's Which Hazel Salve. It is also a certain cure for piles and skin diseases. Take no other. F. S. Duffy.

## REAL WAR.

Waged Against the Foreigners all Over China.

Prince Tuan Leads United Chinese Troops and Boxers. Tien Tsin in Danger. Shanghai Attacked. A Great Crisis.

Special to Journal. London, June 23.—The Chinese troubles have reached a crisis.

Prince Tuan, nephew of the Empress Dowager, with the Imperial troops and the Boxers is besieging the city of Tien Tsin. The Empress Dowager thus declares war against the world.

Prince Tuan declares that he will drive out the foreigners at Tien Tsin. The railway engineering corps report that the Chinese troops have nearly destroyed the foreign quarter in Tien Tsin. The Chinese forces have many guns on the walls of the native city and have been bombarding for five days. Forty guns are needed to attack them. The losses are very heavy.

Fifteen thousand Chinese troops are attacking Shanghai.

The legations at Peking are still holding out. The Chinese surround them but dare not attack again.

Baton Von Keller, the German ambassador is not killed as reported.

No news has been received from Admiral Seymour and the international force that marched from Tien Tsin to relieve the foreign legations. A large number of Russian troops are reported leaving Chefoo and Nee Chang for Port Arthur.

Washington, June 23.—Admiral Kempff cables from Chefoo that the marine battalion and four hundred Russian troops failed to break through the Chinese army near Tien Tsin after a severe fight.

A force of two thousand men are now making another effort to force a way through.

Berlin, June 23.—It was stated at the Foreign Office today that the action of the powers in China is for the present limited to these three points:

First—Relief of Tientsin and Peking.

Second—Satisfaction for all outrages up to the present.

Third—A guarantee there will be no repetition of these outrages in future.

Beyond this no decision has been reached as regards the future attitude of the powers, which will be dictated by events at Peking.

In naval circles at Kiel it is stated that the cruiser Hansa has driven one Chinese ship ashore and captured another. Fifty Chinese, it is said, were killed and 70 wounded.

Small in size and great in results are DeWitt's Little Early Risers, the famous little pills that cleanse the liver and bowels. They do not gripe. F. S. Duffy.

## Twenty-five Possibilities.

PHILADELPHIA, June 22.—The North American publishes the result of a canvass of the editors of prominent newspapers throughout the United States, as to the logical running mate of Bryan, in view of the selection of Theodore Roosevelt by the Republican National Convention as the Vice Presidential candidate.

There is a wide divergence of opinion, at least twenty-five Democrats of more or less prominence being named as possibilities as being strong running mates for Col. Bryan. The list of favorites includes such Democrats as former Senator David B. Hill of New York, Richard Croker, Joseph Pulitzer, editor and proprietor of The New York World; William R. Hearst, editor and proprietor of The New York Journal; Senator Tillman, Silvery of Indiana, Bookwalter of Ohio, Gen. Fitzhugh Lee, Robert E. Patton of Pennsylvania, Admiral Dewey, and Gen. Joseph Wheeler. The tabulated vote shows a decided preference for Hill of New York, but no man has a clear majority.

W. R. Hearst is almost as strong as Hill. Gen. Wheeler is another whom the editors believe would be a strong one to conjure with. Admiral Dewey finds little favor. Patton of Pennsylvania is regarded by many as a strong candidate, and Fitzhugh Lee is held by not a few to be the one man who can match the popularity of Roosevelt.

## Cotton in Alabama.

BIRMINGHAM, Ala., June 21.—The incessant rains which have fallen almost every day this month and were heavy in April and May have seriously menaced crops that there is a widespread alarm. All over Alabama, especially in the central and northern portion, the grass has grown thick and high over the cotton. In some places the grass is from two to three feet high in rows, while the cotton, held back by cold nights and murrings is but ten inches or so high. There has been too much rain even for corn, and it, too, is overgrown with grass.

Unless food is digested quickly it will ferment and irritate the stomach. After each meal take a teaspoonful of Kodol Dyspepsia Cure. It digests what you eat and will allow you to eat all you need of what you like. It never fails to cure the worst cases of dyspepsia. It is pleasant to take. F. S. Duffy.

A fresh lot of Huyler's Candy received every Monday morning at Bradham's.
