This coffee is equal to any coffee in the market, regard less of price.

**Jno. Dunn, Grocer.**

## SLAUGHTER!

Streets Covered With Bodies of Europeans and Americans.

Tien Tsin Taken by Allies. Uncertain News From Peking. Seymour Said to be Captured. Also Captain of Cruiser Newark.

Special to Journal. London, June 26.—Horrible news comes from Tien Tsin.

The bodies of massacred men and women of all European countries, and also American and Japanese litter the streets of the city. The foreign banks are looted and destroyed.

Tien Tsin surrendered to the allied troops Sunday.

It is reported from Chefoo that the Chinese forces have overwhelmed the allied relief column at 2,000 men on its way to Peking and that Admiral Seymour is captured.

Japanese reports also say that Admiral Seymour is a prisoner in the hands of the Chinese, and that Captain McAllister of the United States cruiser Newark, who was second in command of the relief expedition, is also a prisoner. This report comes from Shanghai.

Also from Japanese sources comes a report that the foreign ministers left Peking under a Chinese guard and that here is no knowledge where they have gone. The news is thought to be reliable.

The new allied army is now marching on Peking. It is composed of all the foreign forces and it will have Admiral Seymour and the foreign ministers or avenge any injury done them.

From Berlin comes a different report that Seymour and the foreign ministers are twelve miles from the city of Tien Tsin and are hard pressed by the Chinese troops.

A dispatch from Shao Hai Kwan, about 200 miles northwest of Peking states that the Chinese army around Peking numbers 500,000 men, armed with modern weapons.

WASHINGTON, June 26.—General Charles is ordered to take command of the United States troops in China.

The general and positive opinion in diplomatic circles is that a state of war exists and serious results are inevitable.

The President has refused a request for an armistice in the operations of the American forces in China, made by Wu Tingfang, Chinese Minister at Washington. Minister Wu urged that an armistice be allowed to prevent until Li Hung Chang can reach Peking and bring about a cessation of the disorder. President McKinley said the United States would not bid itself not to send troops to places where American interests are threatened.

There are 63,000 troops under General MacArthur in the Philippines. To replace the volunteers withdrawn and the troops to be sent to China it becomes necessary to prepare for transporting troops from this country to the Philippines. Secretary Root will be advised to withdraw from Cuba at once about 4,500 troops now stationed at the garrisons in the island. This action meets the approval of Gen. Leonard Wood, the Governor.

General Curbia believes it will not be an easy task to send more than a brigade to China, if it becomes necessary to do that much. A brigade is of doubtful quantity. It may be anything above three regiments, and sometimes in the United States Army during the last two years it has included as many as six regiments.

In Case of Poisoning. If any poison is swallowed immediately give half a glass of cold water, with a heaped teaspoonful of salt and mustard stirred into it. This will cause vomiting. Then swallow the white of one or two eggs and drink a cup of strong coffee.

Small in size and great in results are DeWitt's Little Early Balm, the famous little pills that cleanse the liver and bowels. They do not grip. F. S. Duffy.

## THE MARKETS.

The following quotations were received by J. E. Latham, New Bern, N. C.

	Open	High	Low	Close
NEW YORK, June 25				
Corn	5.10	5.10	5.00	5.10
Aug	5.95	5.95	5.85	5.95
Sept	5.65	5.70	5.55	5.65
Oct	5.40	5.45	5.30	5.40
Nov	5.25	5.30	5.15	5.25
Jan	5.15	5.20	5.05	5.15

CHICAGO MARKETS.

	Open	High	Low	Close
WHEAT	5.74	5.74	5.74	5.74
July	4.11	4.11	4.01	4.11
Aug	3.75	3.75	3.65	3.75
Sept	3.40	3.40	3.30	3.40
Oct	3.15	3.15	3.05	3.15
Nov	2.90	2.90	2.80	2.90
Jan	2.75	2.75	2.65	2.75

It is pointed out, however, that all these commodities are likely to be sold at a profit by the speculators. It is also a certain fact that the price of all these commodities will be high.

## POPULIST TALK.

Butler Secures an Aggregation For His Campaign Work.

Supplies For State Arsenal, Missing For Jewels. Republican Club Favors Amendment. Ball club Added Strength.

Special to Journal. RALEIGH, June 26.—Populist Chairman Marion Butler has arranged for "Cyclone" Davis of Texas and Congressman J. D. Allen of South Dakota to stump North Carolina next month in the interest of Populism.

James B. Lloyd of Senator Butler's staff who is on duty here at Populist headquarters is offering to bet \$100 that the United States Supreme Court "knocks out" the franchise amendment.

Thus far this year no reports have been received by the agricultural department of any outbreak of spleen fever among cattle in this State. Last year there were a number of such outbreaks.

Today a car load of new supplies for the government arrived at the State arsenal for the State Guard. Among these which came in were 400 tents, complete, 800 blouses, 500 ponchos and 600 campaign hats. The State has requested for stores to the value of \$23,000.

The legislature of 1899-1900, including the three days session week before last, cost only \$38 more than the one of 1897.

The agricultural department has sent to Paris a supplemental exhibit of rubies and rhodolites. They were procured from Alfred M. Smith & Co., of New York, who sent them to the State, there being 60 very fine specimens, both cut and uncut. Smith & Co. have bought 53,000 acres of land in Macon county, on which they are mining for rubies, rhodolites and sapphires.

Among the arrivals here are William G. Lamb of Wilmington and W. R. Barkdale of Wilmington. Deputy Collector Lewis reports the seizure at Sea of a 50-gallon copper still and a 150 gallon wooden one. The moonshiners fled.

A republican club at Upward, Henderson county, declares in favor of the franchise amendment.

The Raleigh base ball team has secured four new players from Richmond, Baltimore and Washington, all said to be heavy hitters.

The State Auditor today sent to the sheriff of each county lists of stockholders made corporations. Many corporations have made no reports, the Auditor says, and hence the lists are not complete.

## Weekly Crop Bulletin.

RALEIGH, June 26.—The Week Crop Bulletin for the week ending Monday June 25, 1900, is as follows:

The week ending Monday, June 25, 1900, was characterized by abundant rainfall and a marked deficiency in temperature. In the eastern half of the State three fair days occurred, in the western half generally only one, and in that section especially the unfavorable conditions were most severely felt, and farmers have become discouraged on account of the grassy condition of crops, due to interrupted farm work, and the fear of damage to wheat in shock. The rainfall this week averaged 3.09 inches for the State, or over 3.00 above the normal. Fortunately, as a general rule, the showers were not accompanied by high winds or hail, and the damage by excessive rains was confined to limited areas over which crops were somewhat beaten down, and hillsides washed, while in the west the streams have been high and lowlands submerged with damage to corn. The temperature was continuously below the normal, the deficiency averaging over 7° daily. Warm, dry weather with sunshines is now needed.

On the whole, over by far the larger portion of the State the rainfall was extremely beneficial. The ground was thoroughly soaked and placed in excellent condition for working as soon as the weather will permit; crops which were all well cultivated have been fertilized; they are now in good condition and growing rapidly, though still somewhat behind the average in size for the season.

The wheat harvest has been delayed in the extreme west where recent rains have been lodged or tangled; much of the wheat crop has been safely housed, but that remaining in the field has been considerably injured by sprouting in the shock. Topping wheat has begun on a small scale. Spring oats have improved, cutting is underway in many counties. Cotton continued to make slow growth on account of cool weather, much of it turned yellow; some fields have become very grassy, and considerable damage by fire was very numerous. Corn has greatly improved, being by now good progress slow conditions prevailing west. Tobacco is growing fast and no complaints of damage to the crop have been received. Peaches, plums, cherries, and watermelons are ready. The fruit season will be very large. As many fields were not yet ready, the crop will be very plentiful in certain localities and some fields have been injured by the frost. The very crop of the year should be healthy and increase the crop. Early season and again on the ground for growth is especially fine.

## State League Base Ball.

Special to Journal. Tarboro, N. C., June 26.—The game here today between Raleigh and Tarboro took fifteen innings, the score being Raleigh 5, Tarboro 3.

Statesville, June 26.—Score in game here today, Statesville 6, Durham 3.

## Stole Farms From Nebraska.

JACKSON, Neb., June 25.—Fertile farms that were in Nebraska yesterday are now a part of South Dakota, an armed gang having cut a channel across Rinsinger's Neck, which is formed by the Missouri River.

The Sheriff of Dakota county, Neb., sent an armed force to prevent the work, but the lot all arrived too late, the river having eaten a wide channel for itself. The work was done to prevent floods on the farms of the Neck.

## CASTORIA

For Infants and Children. The Kind You Have Always Bought Bears the Signature of *Wm. D. Gifford*

## BARGAIN!

Address

MRS. M. A. HART,

Smithville, Texas.

## Administrator's Sale of Land.

STATE OF NORTH CAROLINA, Superior Court of Craven County. Court of Thos. F. McCarthy, Administrator of the Estate of Julia A. Edwards, deceased, against Charity Harris, Shade Edwards, et al.

By virtue of an order of the Superior Court of Craven County, N. C., in the above entitled action, in which I was directed to sell the hereinafter described lot of land to make assets to pay the debts of my intestate, I will on Monday, July 23rd, 1900 at 12 o'clock, at the Court House door in New Bern, offer for sale and sell for cash to the highest bidder, a certain tract or parcel of land situated on the northwest corner of Elm and Ash streets in the city of New Bern, as known and distinguished in the plan of the real estate of Joshua Scott, deceased, as No. 100, as drawn by Henry A. Brown surveyor, being the lot conveyed by Bertha C. and Orlando Hubbs to Julia A. Edwards, recorded in book 98, folio 44, public records, Craven Co.

THOS. F. MCCARTHY, Adm.

This 26th day of June 1900.
