THE STATE CAPITAL.

Removal of Federal Convicts to Tennessee.

Farmers Alliance Meeting Likely Postponed. The Vance Bronze Statue. Great Trains of Georgia Water Melons. Marriages. Railway Assessment.

Special to Journal. Raleigh, June 30.—The authorities of the State penitentiary are delighted at the news that the federal convicts are to be removed next Monday afternoon to Knoxville. At one time there were 102 of these convicts, but now there are barely 70, and in 6 months the sentences of all save 30 of these will expire. There is only one life prisoner. Twelve guards will be in charge of the prisoners, who will go over the Southern railway. Ever since these convicts have been in the prison they have caused trouble and it is odd that the prison authorities did not ask for their removal long ago. But it seems they wanted to employ them on the shirt factory and brick yard so as to allow more state convicts to be put on the farms and railways. The government allowed 25 cents a day for each convict. Several of the most desperate made their escape.

The executive committee of the Farmers' State Alliance recommends that the annual meeting of the order be postponed from August 4 to September 4, on account of the State election.

The State charter the Miller Land Company of Winston, capital \$15,000. Richard H. Battle, Esq., and Dr. R. H. Speight of the committee which went to Providence, R. I., to inspect the bronze statue of Gov. Vance which is to be placed in the capital square rounds today. They are greatly pleased with it and say it could not be better. Mr. Battle says he first saw it at a hundred yards distance, and said "There's Vance." The statue left Providence for Raleigh today and the final payment of \$3,000 was made on it. The total cost is something over \$7,000.

The Seaboard Air Line is handling great quantities of watermelons for the North. Today seven trains loaded with melons passed here, from Georgia. The watermelons raised in this part of North Carolina are very few superior to those from Georgia, and the same is true as to cantaloupes.

There are to be two marriages here this week; Miss Margaret Moring daughter of Mr. Frank Moring, the superintendent of the Carolina cotton mills, to Mr. Charles B. Williams, assistant State chemist; and Miss Mary Dinwiddie, daughter of President James Dinwiddie of Peace Institute, to Mr. Edward H. Crow, of Raleigh.

Gov. Russell has been invited to be present at the celebration July 4th, at the Guilford Battle Ground. An oil portrait of Governor Vance is to be presented to the Association.

The supply of tents which the State is now receiving is so large that the arsenal will not contain them and they are being stored in a warehouse.

The Corporation Commission assess the State railways the same as last year.

The Silver Republicans.

Kansas City, Mo., June 30.—The program of the Silver Republicans will be mapped out tomorrow when Chairman Towne of their National Committee arrives. It is expected that Senator Teller, of Colorado, will be temporary chairman and that L. W. Brown of Ohio, will be permanent chairman. Bryan will be nominated for President on the issue day that he is nominated by the Democrats.

The Silver Republicans would like to name Towne for Vice-President, but if the Democratic convention should choose another candidate, it is quite possible that the choice will be ratified by the Silver Republicans.

CHINESE SITUATION.

Admiral Kempff Gives Movements About Peking. Admiral Seymour's Story.

Special to Journal. Washington, June 30.—Admiral Kempff telegraphs that the foreign ministers at Peking were notified June 19th that they must leave in twenty four hours. They refused and are still there.

The Peking relief force has gotten half way, Kempff says, but no news from Minister Conger.

There are 50 American marines in Peking, commanded by Capt. Myers of Georgia.

Admiral Kempff opposes the policy of attacking the Chinese army until it begins to attack the Americans, and has held aloof from hostilities beyond a movement to rescue Americans in danger.

London, June 29.—At last an authentic account of Admiral Seymour's ill-fated relief expedition in China has been received. The Admiral, in a cablegram to the London Admiralty, which was received late last night, tells the story of his unsuccessful attempt to march from Tientsin to Peking in order to afford protection to the foreigners in the Chinese capital.

Starting June 10, he finally got as far as Anting, 12 miles from Peking and 66 miles from Tientsin. Then finding that the destruction of the railway made further advance by rail impossible, he returned to Yang Tsun, where he proposed to organize an advance to the capital by way of the Peking river. When he reached Yang Tsun he found himself short of provisions and hampered by his sick and wounded. So he decided to retreat to Tientsin. His men had been fighting constantly not only with the Boxers but even, the Admiral says, with Imperial troops.

Last Sunday he arrived at the Chinese Imperial arsenal, eight miles from Tientsin. He found the arsenal stored with great quantities of modern arms. The building was seized and Admiral Seymour's force held out there until relieved on Monday by another foreign force from Tientsin.

The total loss of Seymour's column was 82 killed and 206 wounded. The Americans lost 4 killed and 25 wounded.

BATTLESHIP OREGON ASHORE.

On Dangerous Reef Fifty Miles From Taku.

Special to Journal. London, June 30.—The Times correspondent wires, The United States battleship Oregon went ashore in a fog on a dangerous reef off Hoo Kie Island, fifty miles north of Taku.

There is much water in her forward compartment and some holes in her bottom.

The United States Cruiser Brooklyn and other steamers have gone to her relief.

WAYNE COUNTY NOMINEES.

B. F. Aycock for Senate, G. E. Hood and W. R. Allen for House.

Special to Journal. Goldsboro, N. C., June 30.—At the county convention held here today B. F. Aycock was nominated for the Senate, Geo. E. Hood and W. R. Allen for the House.

The convention was very large and harmonious, and these standard bearers of Democracy and white supremacy will be elected at the August election.

Treasurer Worth's Letter.

Raleigh, N. C., June 29, 1900.

To Sheriffs and Tax Collectors. I beg to call your attention to the decision of the Supreme court in case of State vs Morrison, relative to liability license tax of persons selling pianos and organs. Section 27, Revenue Act of 1899 requires that "Every person company or manufacturer who shall engage in the business of selling pianos or organs by sample, list or otherwise, in this state, shall, before selling or offering for sale any such instrument, pay to the sheriff or tax collector, a tax of ten dollars on each brand, and obtain a license which shall operate one year from his date."

The court has decided that each agent or salesman offering pianos or organs for sale shall procure a license from the sheriff for each kind of instrument having a separate or distinct name, sold by him or them. It is the duty of each sheriff to see that every person selling pianos or organs in his county has license as above stated. In some cases a firm has paid the tax and sent out several salesmen under the one license, this is an error.

Under the decision of our Supreme Court each one of these salesmen should have a license, as required in said section, and exhibit the same to the sheriff of any county in which he sells or offers to sell. The sheriff is the proper officer to collect this tax and issue the license. Under the law of 1899, Ch. 116, Sec. 25, the license tax was \$200 to sell pianos or organs, and under the parties paying the license tax would employ as licensed number of agents without additional tax.

Under the law of 1897 the tax was reduced to \$10 but no provision was made for the parties paying the same to read an ordinance, passed by the law for the sale of each salesman of agent employed. Therefore you will see that each agent or salesman in your county should be licensed. This is in accordance with the decision of the Supreme court, and should be observed.

FRIGHTFUL CATASTROPHE.

Hoboken's Water Front Fire Swept.

OVER ONE HUNDRED LIVES LOST.

Fire and Water Destroy Lives. Great Steamship Docks Burned. North German Lloyd Steamers Bremen, Saale and Kaiser Wilhelm der Grosse Wrecked By the Flames.

Special to Journal. Hoboken, N. J., June 30.—A fire broke out shortly after 4 p. m. this afternoon on the docks of the North German Lloyd Steamship Line, by which over one hundred persons lost their lives.

Fully a thousand people were on the docks at the time and many were killed by falling timbers, or forced overboard from the docks and drowned.

Many horses were killed. The Hoboken fire engine was burned up and its crew lost their lives.

An emergency call was sent to neighboring towns for help.

The great liner, Kaiser Wilhelm der Grosse, blazing like a floating furnace swept down the stream, with half the crew imprisoned on board.

A strong wind from the north threatened with destruction the Hamburg dock, the steamers of the Hoboken ferry line, the Delaware, Lackawanna railroad depot, car sheds and piers.

The streets here are filled with victims of the awful catastrophe.

The steamers Bremen, Saale and Kaiser Wilhelm der Grosse are destroyed. The Thing Valla steamship line dock is swept out of existence. Campbell's bonded warehouse caught and will be totally destroyed.

The police stations are filled with victims, while the full extent of the loss cannot be even approximately estimated tonight.

There are no better pills made than DeWitt's Little Early Bitters. Always prompt and certain. F. S. Duff.

"Wherefore do the poor complain?"

The rich man asked of me."

If the question had been asked us instead of the poet, we would have informed him a serious cause of complaint was the prices charged by a great many dealers for their goods. How can you sell your goods so cheap? is frequently asked. The reason is obvious, we buy for cash and sell for cash, save at both ends you see, and give you the benefit.
