### RALEIGH.

Want Better Ball Players. Democratic Speeches Have Large Audiences. Hot Weather.

Special to Journal. RALEIGH, July 5.—Never was the Fourth of July observed here more quietly. The game of base-ball between Tarboro and Raleigh was really the only feature, and that was truly a one sided affair, Raleigh never having a ghost of a chance.

There were only two accidents here. By the explosion of a lot of powder in a can the 7 year old son of Mr. P. H. Briggs has lost the sight of one eye, and the other eye is injured. In the other accident a little son of Mr. John H. Winder was injured in the face by powder.

The executive committee of the Farmers' Alliance withdrew the recommendation that the annual meeting of the Alliance be held September 4 and lets the date stand August 14, which is the regular time, on the ground that it will be about two weeks after the State election and the political excitement.

Two of the Raleigh baseball players, both incompetent, were released today. Citizens subscribed \$500 to get some good men and tomorrow a member of the Athletic Association will go North to get some good players, including a pitcher. He is given carte blanche.

Yesterday was devoted to speaking by the Democratic candidates in this county. They had large audiences and say they are greatly pleased at the condition of affairs and at the outlook. The campaign in this county was delayed but is now very active.

Today State Treasurer Worth received from California some North Carolina bills issued during the civil war, with a request that he redeem them. Of course they are worthless.

The State charter the Parker Drug Company of Raleigh. It will make patent medicines.

The new ice factory here, which is to supply ice for use on refrigerator cars on the Seaboard Air Line has begun operations.

A large party of Raleigh society people went to Morehead City today. The weather is intensely hot and will rapidly drive people to the resorts.

The Secretary of the Corporation Commission is now apportioning among the various towns, cities and counties their proportion of the assessment of railway property for taxation.

DeWitt's Little Early Risers are famous little pills for liver and bowel troubles. Never gripe. F. S. Duff.

### The Hoboken Fire Loss.

NEW YORK, July 4.—Up to 11 o'clock tonight 126 bodies had been recovered from the waters of the North river, victims of the disaster at the North German Lloyd Steamship docks. There are yet over one hundred and twenty-five people missing.

For burns, injuries, piles and skin diseases use DeWitt's Witch Hazel Salve. It is the original. Counterfeits may be offered. Use only DeWitt's. F. S. Duff.

## SIXTEEN TO ONE WINS.

Bitter Fight in Committee of Eleven Hours.

Vote of 26 For, 24 Against, May be Carried Before Convention. Nomination of William Jennings Bryan an Ovation.

Special to Journal. KANSAS CITY, July 5.—After its late session the convention met this morning, taking a recess from 1 p. m. to 4.30 p. m. in order to give the platform committee time to report.

After eleven hours of hard and bitter fighting the platform committee was able to report. The contest was one whether the financial plank should simply reaffirm the Chicago platform plank, or make a distinct declaration on the matter of tariff, favoring the free coinage of silver at 16 to 1.

In the committee, free silver won by a close vote of 26 to 24. D. E. Hill wants to carry the fight on the silver plank into the convention, but the leaders appeared to want to give it up.

After the regular convention came to order, nominations for President was called for. William Jennings Bryan, was nominated, and when it was made unanimous, the convention let itself loose.

Delegates jumped upon chairs, waved hats, and threw their coats in the air.

Bands played "Hall to the Chief," but the dense loud roar of human voices drowned the sound of the music.

Many minutes elapsed before a semblance of order was restored. The talk is that C. A. Towse feels confident of the nomination for Vice-President, and says he has three chances out of four of winning.

The North Carolina delegation is reported as voting against 16 to 1, in committee.

### A FIERCE FIGHT.

The Allies Storm and Take New City and Fort.

LONDON, July 5.—A dispatch from Taku, dated Friday, June 29th, and Shanghai, July 3d, says a reconnoitering party, under Lieutenant-Commander Keys of the torpedo-boat Fane, captured and destroyed the New City and Fort, twelve miles from Taku on June 25th. There was little or no opposition.

The blue jackets were injured by an explosion and many Chinese were killed. The river is practically clear from Taku to Tien Tsin. In the second attack on the East Arsenal June 27th, the Russians were required to return for reinforcements. A force of British, one company of Germans and thirty Americans then engaged the enemy, who, with four guns made a determined resistance until the whole allied force supported the artillery.

The allies advanced and stormed the west end of the arsenal. Fifty Chinese were killed, and the remainder retired. Lack of cavalry prevented the capture of the whole force.

As soon as the allies had captured the arsenal fifteen hundred Imperial troops made a flank attack on them from the city. The British and Russians soon drove them back.

The British casualties number five killed and twenty-one wounded. The Americans had only one wounded; the Germans two killed and five wounded, while the Russians lost seventeen killed and wounded.

There are no better pills made than DeWitt's Little Early Risers. Always prompt and certain. F. S. Duff.

"Wherefore do the poor complain? The rich man asked of me."

If the question had been asked us instead of the poet, we would have informed him a serious cause of complaint was the prices charged by a great many dealers for their goods. How can you sell your goods so cheap? is frequently asked. The reason is obvious, we buy for cash and sell for cash, save at both ends you see, and give you the benefit.
