47 & 49 Pollock Street.

"There Aint No Pockets in a Shroud."

This is no reason why you should not spend your money advantageously. While other stores are having special sale's day for bargains, every day with us is bargain day.

Your attention is especially called to our two-button white Kid Gloves just received, 89c, others charge $1 00.

Those Crash Shirts at 25c and 50c are just walking away, some left however.

Shirt Waists at 50c, white and colored, are great values.

If you intend going to the sea shore, "Uneeda" Bathing Suit, price $1 50 to $3 50.

Save money and avoid a sunstroke by purchasing one of our 50c Umbrellas. Any good? Why yes Bought right is the reason. One dollar one is good enough for anybody.

Look into our show window on Pollock Street and see those Men's Tan and Black Vici Kid Shoes $1 00 to $1 50.

Our women's Shoes are just as cheap.

On Monday we will open up a white Sailors at 50c, worth a great deal more. A lucky individual who gets one.

All classes of Millinery at a great reduction.

RALEIGH

Fusion Consultation. Umpires Needed. Fowler's Wild Guesses. Cameron Leaves For China.

RALEIGH, N. C., July 10—Republican State Chairman Holton was here last night to confer with Senator and State Chairman Butler about fusion affairs. As yet there is no statement as to whether the Republicans and Populists will fuse on the State ticket.

The Supreme Court has certified to Governor Russell its decision that Tom Smith, convicted of murder in Johnston county, is to be hanged, but the death warrant has not yet been issued.

Manager Rivers of the Academy of Music here has leased the Goldsboro opera house and $2,000 is now being expended in remodeling the latter.

There appears to be no doubt of the fact that the North Carolina Base ball Association will have to have official umpires. The attendance at games will suffer materially unless this arrangement is made. Three good official umpires, ones who know their business, will give a great deal more satisfaction.

Ex-Congressman John E. Fowler, Populist, of the Third district, who has been around Populist headquarters here, has gone home. He makes the wildest estimates, saying the majority against the Constitutional amendment will be at least 40,000, and that Sampson will give a larger Populist majority than ever before. He is some 45,000 or 50,000 votes in the wrong in his guess.

Duncan Cameron, son of the late Gen Francis H. Cameron left yesterday afternoon on his return to China, where he is in business. His brother, Francis H. Cameron is in the Philippines, in the regular army, may go to China.

The weather and crop report for the State, issued by the government today is on the whole favorable, but rain is needed in two-thirds of the State.

COTTON REPORT.

Shows a Very Low Average. Comparison With Other Years.

The Government's cotton report read at noon today in New York Cotton Exchange makes average conditions of crop on July 1st, 75 8-10. This compares with 87 8-10 last year, 91½ in 1898, 86 in 1897, 92½ in 1896, 82 3-10 in 1895, 89 3-10 in 1894, and 82 7-10 in 1893.

The condition June 1st, of this year was 82½.

Fighting Blood up.

WASHINGTON, July 9.—Recent news from China seems to have had a similar effect upon the youth of the country to the destruction of the Maine and the firing upon American troops by Aguinaldo's Filipinos. It has stirred up their fighting blood, and the mail of the War and Navy Department is filled with offers to enlist to fight against the Chinese. Neither department can accept any of these offers, and neither would, even if an actual state of war were recognized as existing between this country and China. But it is easy enough for a young man to get into the army, as the total membership is at present several thousand below the authorized number, but those who enlist are not promised service in China or in any other particular place. They must obey orders and go where they are sent.

Rain in India.

LONDON, July 9—The Secretary of State for India, Lord George Hamilton, has received the following from the Viceroy of India, Lord Curzon of Kedleston:

"The rainfall has been fairly general this week in Bombay, Deccan, Berar, Khandeish, the central provinces of the Ganges plain and the Punjab, but has been much below the average for these tracts, except in Southern Deccan. Little or no rain has fallen in Rajpootana, Guzerat and Central India.

"The cholera mortality continues high in Bombay. The May mortality there was appalling. The number of persons receiving relief is 8, 013,000."

DeWitt's Little Early Risers are famous little pills for liver and bowel troubles. Never gripe. F. S. Duffy.

Coal for Chinese Waters.

NORFOLK, Va., July 9.—The United States collier Caesar, which has been anchored here for several days awaiting orders, passed out the capes last night. She had on board a cargo of 4,000 tons of Pocahontas coal.

It is understood here that she sailed for Manila, but at Gibraltar she will find orders to take the coal to our warships in Chinese waters.

The sailing collier St. Mark is expected to take on a big cargo tomorrow and sail for the Philippines.

News Indicates That Foreigners In Pekin Still Live.

Ching Has Big Army to Support Empress Dowager. Japanese Say They Can Enter Pekin. Americans Arrive.

Special to Journal.

LONDON, July 10.—News is received at Shanghai that the Empress Dowager took charge of the government June 30th Yung Lu was made Premier.

She thanked the viceroys and directed them to protect the foreigners at any cost. She is supported by Prince Ching.

Prince Tuan with the rebels retired from the suburbs of Pekin July 8th. Three thousand Boxers were killed in the streets of Pekin.

Prince Chings troops and Japan's army of twenty thousand men are ready to march to Pekin. There are ten thousand others of the international troops also ready.

The Japanese say that these can force an enterance into Pekin. A Japanese general will command the forces.

The foreigners have seized the palace of Prince Tu at Pekin and put native Christians in it.

WASHINGTON, July 10.—The Fourteenth infantry and the Fifth artillery leave Manila for Taku. Another regiment will leave in addition to these.

A dispatch from Chefu last Sunday says that the Ninth United States Infantry arrived at Taku Saturday and disembarked from the transport Logan. It is expected by the authorities in Washington that the regiment will push on to Tientsin immediately to reinforce the allied garrison there.

WEEKLY CROP BULLETIN.

RALEIGH, July 9.—With some few exceptions the reports of crop correspondents for the month ending Monday, July 9, 1900, were generally favorable indicating weather conditions suitable on the whole for both farm work and the growth of crops. The past six days were characterized by very high temperatures, abundance of sunshine, and no rain except very light local showers. These conditions gave the farmers good opportunity to clean crops of grass and weeds, and much was accomplished, but the heat became so intense the latter part of week, when maximum temperatures exceeding 100° generally occurred, as to make it impossible to work in the fields during the latter part of the day. Over many central and eastern counties where the rainfall last week was not especially abundant, drought is beginning to injure crops, and the ground has become too hard to work. In the west however, the dry period has not been of sufficient duration to enable all fields to be cleaned, where, morever, many lowland crops have become so foul that it is almost impossible to remeve weeds and grass without injury to the crops themselves. Farmers are very busy laying by crops, and the scarcity of labor is considerably felt.

Old corn is suffering from drought, as well as that on stiff soil, and on uplands where it is beginning to fire badly; damage by chinch bugs is reported from some counties. The corn crop on the whole looks very thrifty and promising, is generally in silk and tassel, and appears to be earing well; the bulk of the crop has been laid by, except in the west where much is quite small; lowland corn has recovered somewhat from damage by excessive rains. Cotton has been greatly benefited by warm days and nights, which have caused rapid growth good color, and increasing abundance of bloom; fruiting is taking place. There was very little complaint of lice on cotton this week; some fields in the southwest are still very grassy. Tobacco is late in the north-central portion, where topping has just begun, and is somewhat uneven elsewhere; it is suffering from drought and firing in Johnston and a few other counties. In general tobacco appears to have made good growth; cutting has commenced in six eastern counties, namely, Martin, Green, Duplin Carteret, Onslow, and Wayne, and some was cured. Peanuts, rice, sweet potatoes and peas now need rain. Wheat is practically all housed; threshing continues. A few spring oats remain uncut in the extreme west. Early apples, peaches, melons, and blackberries are coming into market in abundance.

For burns, injuries, piles and skin diseases use DeWitt's Witch Hazel Salve It is the original. Counterfeits may be offered. Use only DeWitt's. F. S. Duffy.
