EXTRA SESSION.

Congress May be Called to Consider Chinese Situation.

Minister Wu Cables For News. General Miles Wants to go. Wu Says Allies Could Reach Peking.

Special to Journal. Washington, July 14.—The Chinese Minister, Mr. Wu, has cabled to Shanghai for news as to the fate of United States Minister Conger at Peking, in accordance with the request of Secretary Hay.

An extra session of Congress is expected to be called to deal with the Chinese situation and to authorize the raising of volunteers.

General Chaffee is now in command of all the United States soldiers and marines in China. General Joseph Wheeler is preparing to go to China with the 2nd and 5th Infantry.

It is reported that General Miles has applied for service in China, his request will not be acted upon unless it is deemed advisable to considerably augment the strength of the forces now under orders. The general of the army is anxious for active service, as he was during the Cuban war and later when the insurrection broke out in the Philippines.

Viceroy Li Hung Chang is called to Peking. The Chinese say that his leaving Canton will surely cause trouble. The Governor of one of the Chinese provinces has issued a proclamation favoring the Boxers. This shows that the trouble is spreading through the country.

The telegraph line from Taku to Tientsin has been restored.

Shang tells the Consuls at Shanghai that the foreigners at Peking are murdered and that Prince Tuan and a foreign general did it. That Prince Tuan was enraged at the defence made by the legations and demolished the buildings with heavy guns killing all the foreigners.

Washington, July 13.—Mr. Wu, Chinese Minister continues hopeful as to conditions in Peking, but he too, has nothing on which to base his hope save the decree issued two days ago.

His daily visit was made again to the State Department, and his anxiety was apparent in the interest he displays for news. He speaks freely of his apprehensions and hopes and intimated today that the failure of the allied forces to proceed toward Peking looked to him as if the nations did not wish to rescue their representatives. He admits that disaster to the Ministers would mean a very grave crisis to China, and he seems to regard it as quite certain that punishment awaits his country should the legations and Ministers have fallen.

In regard to the situation he said: "That the legations fall on the 6th instant is possible. They cannot hold out forever. Why have the allied forces not marched to their relief? I see there is talk it cannot be done until September. What nonsense!"

Mr. Wu admitted he was not a military man, but he expressed his belief that with an army of 20,000 good men he could fight his way through to the capital. He seems to think the allies have no leaders and stated emphatically that the "soldiers were no good or else the powers were to blame."

"It is jealousy," he says. "The edict I received Wednesday was dated June 29. Who can tell what has happened since then? The whole world will be to blame if it does not come to the rescue of the foreigners and assist the Chinese Government. I feel sure that my Government is doing all in its power to save the foreign representatives. It may be powerless to do so if the delay is too long. It may be too late even now."

For my platform I refer to my note while a member of the Legislature in 1898 and 1899. It has been rumored that if I run as a candidate I would not remain in the field. HIS GREATEST EFFORT.

Aycock Speaks to Thousands of His Home People at Goldsboro.

Special to Journal. Goldsboro, N. C., July 14.—Today will long be remembered as a great day at Goldsboro in the county of Wayne. Today, when bent with age will speak of it to their children and these in turn to their offspring, a day when thousands of Wayne county people came to Goldsboro to feed upon the banquet spread by Goldsboro citizens and to listen to a great speech by her great son.

Charles B. Aycock makes a good speech any time, anywhere, but today as he faced the great assembly of his own people, the crowd being estimated by many as between eight and ten thousand, Aycock arose to greater heights, making the greatest speech of his life.

His acknowledgement of his gratitude to his people who have honored him always was both beautiful and touching. He discussed the various sections of the amendment and the people were awayed by his logical reasoning and when at his conclusion he asked all present who would protect the white womanhood by voting for the Amendment to raise their hands, it would have been puzzling to any one to stand and count the sea of white hands that were uplifted.

FOOLS' ACTION.

The Arrest at Winston Exposes False Pretences.

Aycock Will Run Very Strong. Base Ball Stir up the Enthusiasm. Our Facts Exhibit in Demand.

Special to Journal. Raleigh, July 14.—The Republicans have never done a more foolish piece of business than the arrests of the registrars of election at Winston, who are bound over to the Federal Court. They took this step in order to bolster up the negro vote. The fact is that while the White Republicans have been boasting that they could, unaided by the negro vote, defeat the constitutional amendment, they have all the while counted on voting every negro.

Charles B. Aycock, in a speech here yesterday told the truth when he said a great many negroes begin to vote when they are 18, and that in his county it was their custom. His estimate of the majority the amendment will receive is 50,000. His estimate of the negroes it will disfranchise is 75,000.

The Democrats had a field day at Goldsboro today. It was "Aycock Day." It is said the barbecue was the largest ever given in this State.

Oscar J. Sparks, a well known Republican of the Third District, says he believes that Aycock will run 13,000 votes ahead of the Constitutional Amendment.

Enthusiasm regarding baseball was never so great here as it is now. The attendance at games is good. The Tarboro team has protested Thursday's game at Durham, because of the wet weather. The team says that during the first inning the rain fell steadily and drove people to shelter and that there were repeated protests against playing.

The State Treasurer had a request today from a New York firm for \$300,000 of N. C. 6 per cent bonds, saying the demand for them was very active. None of these bonds are on the market.

The State agricultural department asked to send the exhibit it now has at Paris, to Glasgow, Scotland, to the St. Louis exposition and to the Pan-American exposition at Buffalo. The department is also especially asked to participate in the exposition at Charleston. The exhibits which this State has made at Boston, Atlanta, New Orleans, Nashville, Chicago and Omaha have been the means of bringing millions of dollars into the State. One deal of \$1,000,000 was in fact consummated in the North Carolina department at Chicago.

Charles J. Parker of Raleigh is appointed director of the educational department at the State Fair.
