## AN APOLOGY.

There is an old story of a punctiliously polite Greek, who while performing the funeral of an infant daughter, felt bound to make his excuses to the spectators for "bringing out such a small corpse to so large a crowd."

We apologise for bringing out such a small advertisement to so large a crowd of readers, but hope the very Low Prices will make the necessary amends.

Our show window on Pollock street, exhibits Great Bargains. Trimmings Straw Hats, in all shades at 50c, were early in the season \$2.00.

### CHINA WILL FIGHT.

Planting Torpedoes. Viceroy Li Is Held As Hostage. Europe Disbelieves.

Special to Journal. WASHINGTON, July 26.—The Chinese are laying torpedoes in all the navigable rivers. They are being placed especially at Canton and in the Yangtsie Kiang river which the British and French vessels are preparing to ascend.

It is believed that Li Hung Chang ordered these preparations to be made. Li is held as a hostage at Shanghai. He says that he will get word from Peking regarding the Ministers in five days.

All Europe believes that all the Ministers are dead. Russia will bombard the Chinese coast as soon as definite news is received confirming the massacres at Peking. The Russian fleet is in command of Admiral Skrydeloff.

The advance of the Allies from Tien Tsin is now said to be determined on within a day or two.

LONDON, July 25.—The Daily Mail has received the following dispatch, marked "Urgent."

Shanghai, July 25.—Further information has been received from a native employe who escaped from Peking to New Ohwang. He states that when he left Peking the majority of the people in the legation were dead and the condition of the living was hopeless. This witness, who was an interpreter and writer at the British Legation, states that Sir Robert Hart died July 2.

The president of a minor board at Peking wrote a relative in Shanghai, under date of July 9, saying: "The foreign legations are still unoccupied, but, owing to the daily fighting, it is reported that only about 300 persons are left alive in the legations, and if there is any delay in the arrival of the relief force I fear that none will be left to receive it."

### No Ticket Put Out.

INDIANAPOLIS, Ind., July 25.—By unanimous vote of the National Committee of the National (gold standard) Democracy this afternoon the scheme of fusion with the anti-imperialist movement, originating with the recent meeting at the Plaza Hotel in New York city, was defeated, as was also the plan to place a gold-standard Democratic ticket in the field this year.

### Davis Left Out.

NEW YORK, July 25.—Webster Davis, whose change from Assistant Secretary of the Department of the Interior to the support of Bryan and the Kansas City platform has attracted much attention, is, after all, not to be one of the star orators on the Democratic side in the coming campaign, according to the Herald.

Instead of taking up Mr. Davis and placing him in sections of the country where his gift of oratory might be expected to win doubtful votes, the National Democratic Committee has decided to get along without him.

### Fusion in Kansas.

FORT SCOTT, Kan., July 25.—At their convention to-day Kansas Democracy surrendered to the demands of the Populists and thereby made possible the tightest and most harmonious fusion that has ever existed in this State. The Populists had demanded from the Democrats the office of Associate Justice in exchange for that of Attorney-General. The ticket endorsed by Democrats, Populists and Silver Republicans is headed by John W. Breidenthal, (Populist), who was nominated for Governor.

### Message From McArthur.

WASHINGTON, July 25.—General MacArthur has cabled the War Department announcement of the successful erection of another municipal government in the Philippines. The Alcalde referred to in General MacArthur's dispatch corresponds to the Spanish Alcalde or American Mayor.

## HAVE MONEY.

Fusionists Have Received Funds And Will Push The Campaign.

Will Work in Hyde and Dare. Arrest of Registrars Has Aroused Democrats. Populist Party Is Small.

Special to Journal. RALEIGH, July 26.—The State election board met today to regulate some matters in Pamlico county.

It is learned today that the Fusionists have at last received a large sum of money for a campaign fund. Their plan is to spend it between this time and election day, in the close counties. They will do special work in the small counties, which elect one member of the legislature. They know they cannot defeat the Amendment. Up to this time they have not had a large supply of money, but now they are in funds. They will put out in their campaign work every Federal official who can travel. The Marshal of this district has gone to Dare and Hyde to rally the Republicans there, most of whom are in the government service. Revenue officers by the score are traveling and working day and night.

The Republicans are now claiming the 8th and 9th districts by a big majority. They practically concede the east. A gentleman from the eastern counties says the feeling of the Democrats has been so aroused there by the arrest of registrars and by Senator Butler's work in the campaign, that it is impossible to describe the excitement and that it is in fact almost like a political revolution.

Two years ago M. H. H. Caldwell of Coarod was the Populist nominee for Congress in the 7th district, against Kluttz, Democrat. Now they are speaking together and both working for the franchise amendment and Democratic success.

Notice is given that La Grange will have a bank August 1. Ross Bros. will conduct it.

The State charter the Greensboro Telephone Exchange, capital \$30,000, J. J. McAdoo chief owner.

The estimate is made that at present there are not above 5,000 actual Populists in the State.

It is the belief here that many of the negroes who have registered will not vote.

The fusionists have sent out the greater part of their ticket. They have three sets of tickets. They still keep up their air of mystery.

### BUTLER NOT THERE.

Wilmington Citizens and Red Shirts Waiting for Him. Ducked an Anti.

WILMINGTON, N. C., July 25.—Red Shirts up the Wilmington and Weldon Railroad today were on lookout for Senator Marion Butler, who was advertised to speak at Willard, a few miles from Rose-Hill, where the registrar trial demonstration was yesterday. He did not come, however, but sent R. B. Davis, Secretary of State Populist Executive Committee, who spoke to about 75 Populists.

At Warsaw, an especially large crowd of Red-Shirts were in waiting for Butler and telegrams were received in Wilmington, asking if white men here would back them on giving Butler a thrashing. They were advised that they would. When Davis was found on the train instead of Butler their wrath was turned against him, and it was only by the strongest efforts of conservatives that they were restrained from maltreating Davis.

Jack King, an unlicensed Baptist preacher, or exhorter, was taken by a party of Red-Shirts in the Fifth Ward of this city last night and given a ducking in a horse fountain, Corner Fifth and Castle Streets. He was charged with having distributed anti-amendment and Populist campaign literature in that ward Monday, for Senator Marion Butler.

A promise was exacted from King that he "would not do so any more."

Searching For The Negro Murderers. Riots Recut.

Special to Journal. NEW ORLEANS, July 26.—A mob ran riot through this city last night, hunting for negroes.

The riot grew out of the assassination of two policemen by a negro who escaped after the shooting. The police were powerless as the crowds rushed from point to point, as rapidly as dispersed. The mobs were composed of young men. Some negroes were killed and others wounded.

### Gold Standard in Peru.

WASHINGTON, July 26.—The Director of the Mint has been advised by the United States Minister to Peru that the latter country has completed the reform in its monetary system in view when the free coinage of silver was suspended in April, 1897.

The single gold standard has been adopted and a gold coin issued known as the libra, or Peruvian pound, being identical in weight and fineness with the English pound sterling. The libra and the silver sol are now received on equal terms by the banks of the country and circulate concurrently. The coinage of the former is free and silver is used only in a subsidiary capacity.
