## AN APOLOGY.

There is an old story of a punctiliously polite Greek, who while performing the funeral of an infant daughter, felt bound to make his excuses to the spectators for "bringing out such a small corpse to so large a crowd."

We apologize for bringing out such a small advertisement to so large a crowd of readers, but hope the very Low Prices will make the necessary amends.

Our show window on Pollock street, exhibits Great Savings. Trimmed Straw Hats, in all shades at 50c, were early in the season \$2.00.

Black and White Sailors at 50c, sold fast at \$1.00. Men's Black and Colored Vici Kid, Ba's, and Congress Shoes from \$1.00 to \$1.50. Could not be bought from manufacturer at that price. Lucky is the customer who secures any of these.

## FUSION TICKET.

Butler Announces What He Decides It Shall Be.

Thompson Withdraws Favor of Adams. Says Situation "Improved" and Can Reelect Butler. Prizes for Apples Heavy Rain.

Special to Journal. RALEIGH, July 27.—Senator Butler's paper, the Populist organ today prints what is called the "cooperative ticket," that is the fusion ticket, for State officers as follows: For Governor, Spencer B. Adams; Lieutenant Governor, H. F. Seawell; Secretary of State, Cyrus Thompson; Auditor, Hal W. Ayer; Superintendent Public Institution, N. C. English; Attorney General, Z. V. Walsei; Commission of Labor and Printing, J. N. Hamrick; Commissioner of Agriculture, J. W. Mewborne; Corporation Commissioners, C. A. Reynolds and A. S. Peace.

The Populist organ also publishes a long letter from Cyrus Thompson, who was nominated by the Populists for Governor, withdrawing in favor of Adams. The letter was written this week. It says that at one time there was little hope of electing the State ticket, while there has always been the hope of electing a majority of the legislature; but that recently the situation has so improved that when the time came for printing the tickets it seemed possible to consolidate all the forces which are against the constitutional amendment and against the "Democratic Machine"; that letters from nearly all the Populist county chairmen were in favor of a cooperative ticket; that the ticket is largely of Populists, only three Republicans out of eleven candidates being on it; (These are Adams, Watson and Reynolds.) Thompson goes on to say that the Populists will have the united force of the Republican members of the legislature for Senator Butler's re-election to the United States Senate, which they could not have secured had he (Thompson) permitted his name to head the ticket for Governor; that it is of more value to the Populist party to reelect Butler than that Thompson should be Governor; and further that with the co-operative ticket there is a much better chance to elect a majority of the legislature. Thompson says further that the fusionists cannot expect a very large number of members of the legislature from the eastern counties in this election.

As has been stated, Senator Butler has cancelled all his appointments to speak in eastern North Carolina. He dare not go there. He says in his paper today he cancelled them because he had to be here all the time, but that he will send someone to represent him at each place.

The State charters the Asheville High School for boys, capital \$40,000. Its stockholders are Cleveland, Ohio and New York gentlemen. A charter is also granted to the Williamston Telephone Company.

Ernest B. Bain has been made Superintendent of the Raleigh Water Works. The reservoir capacity is to be tripled.

North Carolina will see the second prize at Paris for apples. Notice of this came today. Later in the year the State will make a fresh display of apples there.

There was one of the heaviest rains here last night which ever fell in this section. Fortunately it was brief.

Rev. W. S. Pettigrew, a well-known Episcopalian minister, died today at Ridgeway. He was 83 years old and was an uncle of Senator Pettigrew, of S. C., and of the late Gen. J. J. Pettigrew.

### Real Fusion in Kansas.

Fort Scott, Kas., July 26.—Former Congressman Jerry Simpson was routed here to night by a crowd of hoodlums while attempting to deliver a political address in the amphitheatre at the race track.

A negro jumped upon the platform, and when Mr. Simpson attempted to pull him off they both fell to the floor. For a time Mr. Simpson was in danger of rough handling, but respectable business men took a hand in the row and order was restored.

### Confederate Avenue.

Greenville, Pa., July 26.—An addition of two miles will shortly be made to the fine avenues on the battlefield at this place.

It will complete what is known as the Confederate avenue and will start about 3 1/2 yards west of the Theological Seminary at the end of the short strip built several years ago. The new street will run west of south a distance of two miles along the top of the ridge of the other uncompleted end of the Confederate avenue. The avenue will follow the Confederate artillery line, where during the battle 300 guns engaged the Union artillery preceding Pickett's memorable charge. The United States Battlefield Commission today advertised for bids for the construction of this avenue, which the spectators say will be 10,000 feet in length and 30 feet wide.

Absolutely Pure BAKING-POWDER

No inferior or impure ingredients are used in Royal for the purpose of cheapening its cost; only the most highly refined and healthful.

Royal Baking Powder imparts that peculiar sweetness, flavor and delicacy noticed in the finest cake, biscuit, rolls, etc., which expert pastry cooks declare is unobtainable by the use of any other leavening agent.

Alum is used in making cheap baking powder. If you want to know the effect of alum upon the tender linings of the stomach, touch a piece to your tongue. You can raise biscuit with alum baking powder, but at what a cost to health!

### MOBS RULE NEW ORLEANS.

Negroes Chased from the Streets of the City. Business Suspended.

NEW ORLEANS, July 26.—Disorderly scenes following the rioting of last night prevailed throughout the city today, and resulted in the sweating in by the Mayor of 500 special policemen and the ordering out of 1,500 State militia. Governor Heard responding promptly to the appeal of Mayor Capleville for assistance in suppressing the existing lawlessness and preventing tonight a recurrence of the violence of last night.

Throughout the day attacks were made by irresponsible mobs of whites upon the black element, and the negroes before nightfall had been effectually chased from the streets. The effect of the disorders was to put a practical stop to business in the wholesale districts and on the levee front. As this meant a serious crippling of the trade of port, the business element rallied in force, and hundreds of the most prominent men of the city responded to the appeal of the Mayor for assistance in preserving order.

A summary of damages growing out of the disturbance last night shows that one negro was beaten to death, six so badly wounded that their lives are despaired of, and about a score of people, white and black, male and female, have been more or less seriously injured.

In order to prevent the miscellaneous distribution of arms the Mayor this evening ordered the closing of gunshops likely to supply the baser elements, and early in the day, for the better preservation of the public peace, issued orders to the police to close up every saloon in the city.

### Rioting Breaks Out.

London, July 26.—A dispatch from missionary sources, dated Shanghai, July 26th, says:

"Rioting has broken out at Ai-Yuen-Fu, the capital of the province of Shan Si. There are no details. Rioting has also occurred at Hual Lub, south of Chi Li. All the missions have been destroyed. Our friends safely escaped to the country, but are still in danger."

It is reported here that Russia has borrowed nearly ten millions sterling from the Imperial Bank of Russia since the commencement of the troubles in China.

### Night Attack Feared in Canton.

Hong Kow, July 26.—The signs of menacing activity on the part of the secret society known as the Triads are causing alarm. The organization is distinctly anti-foreign and anti-Manchu, and numbers of Canton troops are enrolled in its ranks.

A report is current in Canton that the Triads are preparing for a night attack on the Chinese, and that the first sign will be the absconding of native servants. The greatest apprehension prevails, although at present Canton is quiet.

### Stone Consults Hill.

New York, July 26.—Considerable significance attaches to the visit paid today by ex-Governor Stone, of Missouri, to David B. Hill at Normandy-by-the-Sea. It is understood he went to arrange for a conference of leaders, which is taken to mean that the national campaign is depending more upon Hill than Croker for advice and assistance. Also, that Hill's regularity is recognized by the Democrats.

The Middle Church, New York, is the only church in the city that has a...
