### FIRING AGAIN.

Chinese Said To Be Shelling The British Legations.

Russians Defeated In The North. Allies Expecting Battle Above Tien Tsin. Canton Chinese Afraid of French Attack.

Special to Journal.  
Washington, August 4.—A Shanghai cablegram says that the Russians were severely defeated in the north at Neu Chang by a great force of Chinese and were forced to abandon the railway to Port Arthur.

Five thousand Russians are trying to hold the town of Fiu Choo against forty thousand Chinese who may have cannon. The Chinese have damaged four Russian steamers on the Amoor river.

The allies advancing on Peking from Tien Tsin expect a battle tomorrow. At last reports the column was thirty-five miles from Tien Tsin. Americans, British and Japanese form the advance force while the French and Russian troops are guarding the communications.

At last accounts from Peking the Chinese had resumed shelling the British legation. The ammunition of the foreigners there was nearly gone.

All is reported quiet in Canton where Viceroy Li used such harsh measures of repression. The Chinese forts however are fully manned. The Chinese in Canton fear an attack by the French.

The Chinese government is said to be in a great fright at the advance on Peking and intend to remove the ministers to Tien Tsin.

Last month the Chinese Viceroy at Tien Tsin offered a reward for the murder of Christians and built a cage in which to enclose foreigners after the Chinese method of tortures.

SHANGHAI, Aug. 2.—Public opinion and the foreign press at the treaty ports are alarmed at the possibility that the Chinese would prevail upon the powers to consent to the establishment of peace without inflicting punishment befitting the Chinese Government's crimes. Official persons engaged in commercial pursuits and missionaries of all nationalities are remarkably united. They believe Peking should be destroyed as an object lesson, and that if the dynasty is continued, it should be forced to establish the capital at some accessible city—the Americans suggested Nankin. This is considered important, as the Chinese always believed that China defeated the powers in 1860, because the capital remained intact. It is also thought that guarantees to prevent excessive armament should be demanded, and that China should be compelled, publicly and definitely, to renounce the fiction that foreign ministers are representatives of tributary powers. There is a strong demand for unusual punishment, like the destruction of the King's tomb.

### NERVES DESTROYED BY CATARRH.

Mr. Robert B. Mantell, the Great Romantic Actor.

Dr. Hartman, Columbus, Ohio:

Dear Sir—The bottle of Pe-r-na at hand. It is splendid and most invigorating; refreshing to the nerves and brain. It is one of the best tonics I have ever used. It makes me feel like a new man. Yours sincerely, R. B. Mantell.

Catarrh is one of the ways in which a depressed condition of the nervous system shows itself. Catarrhal people are soon made nervous. Any remedy to effect a radical cure of chronic catarrh must operate directly through the nerves, invigorating the mucous circulation.

Mrs. C. C. Miller, of 184 1/2 South Fourth street, Columbus, O., writes: "For ten or fifteen years I have been subject to nervous dyspepsia. I would have spells of quivering in my stomach, with smothering feelings. I was suffering from what is called nervous prostration. I consulted several physicians, who treated me without doing me any good. I had almost given up in despair when I heard of Pe-r-na. I found it an immediate relief to all my disagreeable symptoms." Dr. Hartman's latest book sent free. Address Columbus, Ohio.

### FIGURES HELD.

Democratic Majority Will Not Vary Much From 60,000.

Some Later Figures Only One Eastern County Lost. Only Three Populist in Legislature Odd Fellows Encampment, Baseball.

Special to Journal.  
Raleigh, August 4.—The Grand Encampment of Odd Fellows meets August 15, at Wilmington and grand patriarch Lewis C. Howlett of Greensboro will preside. It will elect a delegate to the Sovereign Grand Lodge, which meets at Richmond, September 17th. Many North Carolina members of the order will attend the Sovereign Grand Lodge. There are now 115 lodges in this State, with 5,400 members, an increase, Grand Secretary Waddell says, of over 2,000 in a year.

Democratic State Chairman Simmons heard today from Watauga county. The fusiliers carried it. He also got the official figures of Pitt's vote. The Democrats won by 1900. Yancey and McDowell have both been carried by the Democrats. The latter's majority in Burke is about 450.

At midnight last night Senator Butler and Cy Thompson and attorney John W. Graham were hard at work at Populist headquarters. Butler is making a great "play" of contesting the election in various counties. A Democrat remarked today that Butler had better drop this business and get out of the State quickly.

The Fusionists howled so loudly in advance about Democratic outrages on election day, that they were hit hard by the fact that they committed the only one—in their pet county of Chatham, where, at Atwater's own precinct, finding the Democrats were outvoting them they attacked the judges of election, smashed the boxes and looted the ballots.

The Fusionists only carried one county west of here. There are certainly not over 3 Populists in the Legislature.

The Republicans by thousands scratched the names of Populists on the Fusion State tickets.

It is said the Democratic majority will not vary a thousand either way from 6,000.

The baseball season here ended yesterday. Raleigh quit with money in pocket. The other teams lost from \$500 to \$1,000. Raleigh wanted to play another series. Next year the best athletic park in the State will be here. There will be strong local teams the rest of the year, and persons will pitch and Managers catch for it. Raleigh finishes second place in the Association.

The crops are splendid. The cotton prospects are excellent. The farmers are in fine spirits.

The next event here is the Vanoc movement commencing August 22. One of the greatest crowds ever here will be on hand.

P. M. Pearsall, secretary of the Democratic State committee, left for New Bern this afternoon. He has done a great work, and has the hearty thanks of the people of the State for his work. He had charge of the assignments of speakers.

The quicker you stop a cough or cold the less danger there will be of fatal lung trouble. Don't miss Dr. King's Cure, the only remedy that gives immediate results. You will like it. Dr. J. S. Duff.

### THE LEGISLATURE.

Completion of the Next General Assembly. Chatham is Democratic.

Special to Journal.  
Raleigh, August 4.—The next Legislature will be Democratic as follows: Senate 39 Democrats, House 103 Democrats.

The official count in Chatham county, the stronghold of the fusionists, shows that the county has gone Democratic.

**Wayne County Majorities.**  
Special to Journal.  
Goldsboro, August 4.—Wayne county's official majorities for Amendment, 2,922, and Aycock, 1,559. Legislative ticket highest, 1,936; lowest 1,931. County ticket about the same that Korngy for register of deeds leads the ticket, having a majority of 2,923.

**Baseball Yesterday.**  
Special to Journal.  
Durham, August 4.—Statesville defeated Durham today by a score of 9 to 1.

**Trouble in Transvaal.**  
Special to Journal.  
New York, August 4.—A telegram received from Bloemfontein says that a train carrying United States Consul Stone and with the Stars and Stripes flying above it, was derailed and burned at Hony spruit by a flying patrol of Boers. No prisoners were taken.

**Storm in Wilmington.**  
WILMINGTON, N. C., August 3.—This city was swept by a terrific rain and wind storm this afternoon. Lightning struck and partially unroofed Bonitz's Hotel, and the wind carried off the roof of the Seaboard Air Line freight warehouse. The rainfall was almost equal to a cloudburst.

Water stood more than a foot deep in Market Street, and the street floors and basements of many of the principal buildings were flooded with water.

The three-masted schooner Sarah D. Fell Captain Loveland, Philadelphia, broke her moorings at the Atlantic Coast Line wharf, dragging the pillars with her, drifting into the channel and collided with the two-masted coastwise schooner Joseph. The Joseph was dismasted and the hull badly damaged.

### NO EASY JOB.

Two Couples Who Start to Ride Around the World Without Money.

FREDERICK, Md., Aug. 2.—Mr. and Mrs. Alexander Speiro and Mr. and Mrs. Charles A. Bigelow, who left New York on Tuesday, July 25, to ride around the world on their bicycles on a wager of \$5,000 made with a New York broker, arrived here last night. The wager expressly stipulates that they were to take no money with them and they were to live on whatever assistance they received along their journey, which is to last 30 months.

The party has become disheartened and disgusted with their trip, and from the cool reception they have met with thus far they may abandon their journey. Mrs. Speiro is sick and cannot proceed any further. She partook too freely of green fruit along the way in lieu of other food, and it has rendered her quite ill.

They have been around the city looking for some charitable disposed persons who would purchase her a ticket, that she may return home when she recovers. The other members of the party say they will go on with their trip as they may meet with better luck. One of them said this thing of riding around the world "with-out a cent of money" was no snap.

"We find that the scheme has been worked so often," said one "that the public has grown tired of it—at least through the country that we have traveled."

There were provided with lodging last night, but this morning were intimating to persons that a little breakfast was very desirable.

By noon they said a baker had been generous enough to give them some bread, of which they made their meal. This evening they were still in Frederick endeavoring to obtain a ticket for Mrs. Speiro.
