RALEIGH.

Dry Weather in The East. Ready For The Unveiling. Moore County Suffers Worst.

Special to Journal.

RALEIGH, Aug. 20.—Your correspondent returned yesterday from Beaufort, where a week was delightfully spent. All along the route, 150 miles, the crops were looked at with care. The damage is immense, but it is "streaks", showing the scattered character of the rain. No where has the crops suffered more severely than in Lenoir county. Some corn is ruined, and in some cotton fields nearly all the cotton is open. The little hills, prematurely forced open by the terrible heat, look very pitiful.

It is learned that the worst damage done by the drought and heat in the State is in the Moore county section.

The Aberdeen & Asheboro railway has taken off one train, so scarce is water, and notifies shippers it may have to stop entirely.

The streams are nearly dry, swamps never before dry are so now. Wells have gone dry in great numbers. The report of the State Agricultural Department for August will be issued tomorrow. It will be far from good. Corn in some localities, like Beaufort county, is cut off 30 to 40 per cent. Tobacco in Pitt has been cut off greatly. The Commissioner of Agriculture says the drought and heat have done great damage in the mountains, in streaks, as in other sections. Many farmers say they regret that the used any fertilizers on cotton, as fertilizers "fired" the crop.

There are immense forest fires in the east. The bank of smoke made by these was seen from the sea last Saturday, and obscured the sun. Swamps and pine forests are burning for scores of miles.

The State has received the arms and equipments necessary to completely equip the State Guard. Ammunition has not yet arrived.

The commissioner of agriculture will all the commissioners and all the State Chemists from the Cotton States will be here at the convention this month. Secretary of Agriculture Wilson will certainly attend.

N. C. Stronach, the Superintendent of the Soldier's home here, is sick. The foundation for the Seaboard Air Line's depot at Bidaway was completed today.

The stand for use at the unveiling of the Vance statue was completed today. The orator, Richard H. Battle, Esq., has completed the preparation of his address. It is of almost an hour's length and is certainly a fine production.

Think of The Eskimo.

When the thermometer upward goes

And the sun in fury glows,

Think of the man amid the snows—

Think of the Eskimo!

When the sweat rolls slowly down,

Bringing to your face a frown,

Think of the bear-skinned man so brown—

Think of the Eskimo.

When your head throbs with the heat

And you seek a cool retreat,

Think of the land of ice and sleat—

Think of the Eskimo!

When old Sol laughs down in gloom

And his blood-red face you see,

Oh, Man? would not you rather be

Up with the Eskimo?

PEKIN ON FIRE.

Shells of the Allies Set Burning the Inner City.

Empress and Emperor Said to Have Fled Tartar and Imperial City Occupied. Li Asks for Peace.

Special to Journal.

WASHINGTON, Aug. 20.—Fighting continues in the streets of Peking. The Allies have not yet conquered the city.

The foreign forces attacked and entered Peking Wednesday. The enemy obstinately resisted. In the evening the Japanese blew up the Chiao-Yung gate and the Tung-Chih gate of the Tartar city and succeeded in entering. In the meantime other foreign forces entered the Chinese city by the Tung Pien gate. Detachments were sent immediately to the legations and opened communications. The ministers and staffs were found safe.

When the Tartar city was taken, the allies commenced pouring shot and shell into the inner or forbidden city, where the Emperor and Empress reside. The exploding shells have fired the buildings and flames are sweeping over a great part of the inner city.

The whereabouts of the Empress Dowager and Emperor is still a mystery. Li Hung-Chang says that they fled from the city several days ago. Other native reports say that they are still there.

The allies first cleared out the Imperial City, and the Tartar city, and then attacked the forbidden city which is also surrounded by a strong wall.

All the Americans in Peking legation are well except a chill of Capt. Myers, of the Marines, which was wounded but is now convalescing. Seven Americans were killed in Peking during the siege.

The Japanese cavalry left Peking today in pursuit of the Empress and her treasure train which is reported to have left the city guarded by thirty thousand troops and is said to have reached Wu-tai.

China, through Li Hung Chang, applies to the United States to instruct Minister Conger and other American officials to open negotiations for peace and settle the trouble. Li makes the same application to all the other powers.

BELGRADE.

Damage at Maysville. The High School, Mr. Humphrey Dead. Remember The Basket Pic Nic.

The Methodist protracted meeting at Maysville, closed on Tuesday of last week. The meeting was a very successful and interesting one and much good was done. Its effect will be apparent in days to come. Homes have been brightened, lives have been bettered, and souls have been saved.

Mrs. Noulle Redd, of Cedar Point, and Miss Emma Redd, of Kingston, visited the family of Mr. and Mrs. John T. Henderson last week. The storm of last week did not harm us here. It seemed to have spent itself before it reached us. Maysville did not fare so well. The school house there was lifted from the blocks, twisted it a little and then set down. Some damage was done to several buildings, and, altogether, the people of Maysville seem to have suffered a good deal.

D. B. Simpson, of the Belgrade High School, lectured on Christian Education at Maysville last Friday night. A large audience turned out to listen, and, judging from the attention, they must have been very well satisfied. The subject was placed plainly before them, and they were advised to do their utmost for the Christian Education, the Education of the head and the heart, of the rising generation.

The family of D. B. Simpson arrived on Thursday of last week. Mr. Simpson himself has been here for a month.

The high school will open on September 3, 1900, and continue for nine months. All are earnestly requested to enroll the first day.

Mrs. Jno F. Henderson went to Kingston on Saturday to visit her sister, Mrs. B. B. Simpson, who is very sick with typhoid fever. She will return during the week if the condition of her sister will permit.

Mr. Walter Redd, one of our best young men also went to Kingston to visit friends.

Mr. Albert Henderson and Mr. Clayton Mills, two very popular young men went to Hobbands on Saturday.

The Rev. Bro. Isler, Presbyterian Evangelist for this section was in our neighborhood on Friday. From Maysville he went to Pollockville, where he preached Saturday and Sunday.

Mr. Christopher Humphrey died very suddenly half-way between Maysville and Belgrade on Sunday afternoon. He was going home in his car, when heart failure seized him and he must have died in a few minutes. The inquest was held on Sunday morning. He was buried Sunday afternoon.

All are earnestly requested to re-
