CAMPAIGN CLUBS.
To Be Formed Throughout The State For Bryan and Stevenson.

Tax Assessment Cases. Convention Of Cotton Growing States. Carr's Campaign For Nomination. Bankruptcy Rules Modified.

RALEIGH, N. C., August 27.—Today a call was issued for a State Convention of Democratic clubs here in September, signed by State Chairman Simmons, National Committeeman Josephus Daniels and Julian S. Carr. It is the purpose to form all these into Bryan and Stevenson clubs and also to urge all the "White Supremacy" Clubs, formed for the State campaign, to become Bryan and Stevenson clubs. It is proposed to make this club movement a great one.

Robert S. Burton, of this city, chief counsel of the Atlantic Coast Line in the tax assessment cases which are being heard before Standing Master James E. Sheppard at Asheville, is sick in hospital here. He has fever and was placed in the hospital Saturday. John M. Hinesdale and J. O. L. Harris of counsel for the State in these notable cases, left for Asheville yesterday. They say the hearing there will occupy ten days and that it is but the beginning of a long series of hearings.

J. B. Lloyd of Tarboro, a well-known Populist, who is an assistant-keeper of the United States Senate, has for over one month been sick of typhoid fever in a hospital here. He has had a relapse.

Thirty students who had not completed all their examinations at the Agricultural and Mechanical College here, have arrived and are now at work on their examination papers. They cannot go on with their studies until they complete these examinations.

The State Superintendent of Public Instruction left today for Washington, N. C., to speak at the negro normal school there and to inspect its work.

The special committee appointed by the agricultural departments to arrange for the second annual convention of the commissioners of agriculture of the cotton States met today. William R. Capehart is its chairman and Messrs. Waugh McCallum, Weston and Jones are the members. The convention meets at noon tomorrow. Royal Daniel, its secretary, is here.

Today Tom Jones, the wholesale negro murderer in jail here, was baptized in the Roman Catholic faith by Father Griffin. Jones made another full confession. He does not appear to mind his fate, now so near (he is to be hung next Friday morning), but says he is ready to go. He has a sickly smile all the while he talks.

Julian S. Carr, who is in the field as an aspirant for the senatorship, will make an active personal campaign. He recognizes chairman Simmons as his strongest opponent. The letter has the prestige of the most successful campaign. Col. Carr says that most of Raleigh he fears no man in the race. He is a strenuous worker.

Judge Purcell modifies the bankruptcy rules of this district. He makes some changes in divisions. There are five divisions, New Hanover, Pender, Brunswick, Columbus, Bladen, Robeson, Sampson, Duplin, Cumberland, Richmond and Harnett are in the fourth division. S. H. McRae, of Fayetteville, is reappointed referee. Other referees are: First division, Charles Greenkle, Elizabeth City; second, James R. Gaakli, Tarboro; third, L. J. Moore, New Bern; fifth, Victor Boylen, Raleigh. Referees are allowed \$5 additional for holding final meeting of creditors.

The Kentucky Assembly.
LOUISVILLE, KY., Aug. 26.—The General Assembly of Kentucky will convene Tuesday in the historic city of Frankfort for the purpose of amending the present election law.

The Democratic leaders are daily in conference over the changes to be made in the law. That the measure must be radically changed all admit. It is said by Democrats that when the new law is prepared it will be one of such fairness that the Republicans will have lost their last battle for the campaign.

The preparation of the new law is a work of great moment. The Ohio law, which is considered as fair as any can be, is being studied with a view to making it the foundation.

Meeting of County Commissioners.
J. R. P. Williams, member of the Board of Commissioners of Craven county, request the Chairman of the Board to call a meeting of the Commissioners on the 29th day of August, 1900, to take action relative to such business as may come before it.

R. P. WILLIAMS,
August 21st, 1900.
Commissioners Notice.

Under section 706 of the code, I hereby upon the application of R. P. Williams, commissioner call a special meeting of the Board of Commissioners on August 29th, 1900 at 11 o'clock a. m. at the Court house in New Bern. As this call is for the transaction of important business to the entire county, I respectfully request a full attendance.

R. P. WILLIAMS,
August 21st, 1900. Chairman.

Cotton in South Carolina.
COLUMBIA, S. C. August 25.—The heat and drought of the past 17 days have done great damage to crops in South Carolina. During that period the least maximum temperature recorded was 98 degrees. The average temperature was 101 degrees in the shade.

The heaviest loss falls on cotton planters. According to a falling off of 10 per cent. on an average yield the loss will be 100,000 bales, or \$4,500,000. The loss on other crops will make the total \$9,000,000.

Cotton fields are as white as they generally are late in September. More than half the open bolls are unripened, having been burst open by the heat. The loss is without value. Many of the plants are dying. Nothing can save the farmers from the loss sustained, but rains will start the cotton plants to blossoming again, and late frosts would permit the new bolls formed to mature.

The quicker you stop a cough or cold the less danger there will be of fatal lung trouble. One Minute Cough Cure is the only harmless remedy that gives immediate results. You will like it. F. S. Duffy.

POPE OR KING.
Question at Issue Between Italy's New Sovereign and The Pontiff.
Special to Journal.

ROME, August 27.—The Pope of Rome denies to King Humbert, the newly ascended monarch, the recognition as King of Italy, and says that he recognizes Humbert only as King of Sardinia. The Pope says that his situation in Rome is intolerable and he appeals to catholic states to relieve him and until said relief is afforded he will refuse to recognize Italy's new king.

Fighting in Transvaal.
Special to Journal.

LONDON, Aug. 27.—General Buller reports an all day battle with the Boers over thirty miles of ground. The fighting was on Saturday and seems to be still continuing. Buller lost forty men killed.

Lord Roberts is reported at Belfast, a few miles west of Mafadiodorp, in the Transvaal, where he met General Buller French and Pole-Carew. Everything is now ready for the advance on the Boers at Mafadiodorp, where they are said to have 8,000 men.

George White Will Leave.
WASHINGTON, D. C., August 25.—George Henry White, Representative from the Second North Carolina district, the only colored Representative in the present Congress (he was a member of the last Congress, also), will not be a candidate for re-election. He has also decided to leave North Carolina and go to some Northern city, probably New York, and to use the practice of law.

"I cannot live in North Carolina and be a man and be treated as a man," he said. "In my intercourse with the Bar of North Carolina in the past I have never been made to feel that I was on a different plane with any one else, because I was a colored man, but I know that I cannot be so any longer. I expect to practice law in New York, and if not there then I will locate in some State up here."

"I have made up my mind in the last three or four days not to be a candidate for re-nomination to Congress. I am satisfied I could not secure a certificate if I were elected, although my district is in the so-called 'black belt.' I must devote myself to seek employment that pays me money. I have not sufficient means to carry on a political fight that can only prove expensive.

"I believe the conditions of the South will eventually cause many of our people to go to Cuba, Porto Rico, Hawaii or the Philippines. There are too many negroes in the South—that is the trouble."

NO REPORT.
General Chaffee Has Not Been Heard From For a Week.

Report of Fighting. A Thanksgiving Service in Peking. Policy To Be Held Toward China By This Country.
Special to Journal.

WASHINGTON, August 27.—The latest advices from China indicate that the allies are besieged in Peking. No word has yet been received from Chaffee and a week has elapsed since authentic word has come from him.

The Chinese have not yet apparently abandoned retaking Peking. A strong convoy of the allies is forming at Peking to convey the wounded and also the women and children from there to Tien Tsin.

There is fighting reported in the south and south east and American and British troops are reported to be fighting thirty thousand Chinese.

A thanksgiving service was attended in Peking by the members of the American and British legations, the missionaries and the native.

There are strong reasons to believe that Great Britain and Japan will be willing to join this government in withdrawing troops from China, if the Chinese government can make even a respectable showing of its ability to preserve order and sustain itself, but there is a fear that Russia and Germany not only will decline to withdraw their troops, but that they will, as the result of an understanding between them, declare war on China for the purpose of conquering and controlling the country. If allowed to do so by the other powers. This government will take no part in a war of conquest against China, nor will it fight to prevent such a war.

Before the allied army started to Peking the policy of this government was officially proclaimed, and the world informed that its troops were in China solely to protect foreigners and preserve order. That policy has been emphasized by communications to the allied governments, calling attention to the object for which American troops were sent to China having been accomplished and requesting that the other governments make known their intention towards China, and suggesting, if they have formed none, that an international commission be appointed to decide upon a policy that all can follow. The President is now waiting to hear from the other governments.
