AMERICAN PLAN.

It Coincides With Russia's in Regard to the Situation in China.

Opposed to Germany for Division of the Empire. Japanese Are Active. Reports of more Fighting.

Special to Journal.

WASHINGTON, Aug. 30.—The President and cabinet are reported to favor the Russian plan of settling the Chinese question. It was the longest cabinet session held in years having been in session, with the exception of an hour's recess at 1:30 since 10 o'clock in the morning until 5:30 yesterday. The session was devoted to the diplomatic problems which have arisen in connection with the Chinese situation as a result of the position taken by the powers and its eventualities in the formulation of a document for transmission abroad. This document is of great importance in defining the position of the United States and it had prolonged and careful attention.

The Russian plan, which the President and his advisors are said to favor, is to recognize Li Hung Chang as the representative of the Chinese government and to negotiate with him. On his part Li Hung Chang is to see that the Imperial family return to Peking.

The allies, according to this plan, are to withdraw from Peking and then the negotiations for a permanent peace are to be conducted.

Russia's aim is to defeat the German plan of sending a great army to China and declaring war, destroying the Chinese dynasty and dividing the territory among the different powers.

A great battle is reported to have taken place at Ho Si Wo between the allies and Boxers. Prince Tuan and fifteen hundred Chinese were killed and the Chinese were driven into Chihli province.

Russians, Japanese and German forces are still on the way to Tien Tsin and Peking. A plan to burn Shanghai has been discovered and the situation is critical.

The Japanese troops have occupied Paoting Fu. It appears as if Japan's plan is to make an extensive campaign with the idea of securing pacification.

There are rumors of increasing friction between the Japanese and Russians, probably based on the fact that both powers are pouring thousands of troops into Northern China.

HONGKONG, Aug. 30.—The disturbed situation in Amoy has been created by Japan for purposes of aggression.

For years Japan has covetously regarded Amoy, and her opportunity has occurred. It was offered by a Japanese priest's house in the city being burned. The Chinese maintain that the priest saturated his house with kerosene and then charged them with arson. A Japanese cruiser soon landed men, who are now polling Kulang Hen and Amoy. There has been no riot and no trouble, but the Japanese say that a large number of Japanese subjects require protection.

A Long Trolley Line.

PHILADELPHIA, August 30.—Recent purchases of trolley lines in this section have revived the stories circulated some time ago about the contemplated organization of a continuous line of electric railways under a single management between New York and Philadelphia.

You will never find any other pills so prompt and so pleasant as DeWitt's Little Early Risers. F. S. Duffy.

The Goebel Law.

FRANKFORT, Ky., August 29.—In both Houses of the Legislature today bills were introduced to repeal and to amend the Goebel election law. There are dozens of other similar bills to be introduced but it is not likely that any measure will receive favorable consideration until after some election system has been agreed upon at the Democratic caucus.

It will surprise you to experience the benefit obtained by using the dainty and famous little pill known as DeWitt's Little Early Risers. F. S. Duffy.

CIVIL GOVERNMENT.

Taft Commission Plans for Its Establishment in Philippines.

WASHINGTON, Aug. 29.—All arrangements have been practically perfected by the Taft Commission for commencing its duties in connection with the establishment of civil government in the Philippines.

The commission will assume on September 1 all the functions which properly belong to the legislative branch of the government. It is not proposed that it shall be in supreme control. Major-General Mac Arthur will be the executive of the islands and the commission will be co-ordinate with him, just as the executive and legislative branches in the United States are on the same plane. Civil government will not be established except in those towns where the military authorities are satisfied there is no danger of insurrection.

The commission and the military work zealously together to propitiate the natives and induce them to return to their peaceful vocation. For those natives who propose to continue in arms, it is understood, there will be measures taken for their suppression just as soon as the dry season begins. General MacArthur will soon have a force of nearly 70,000 effective men, who, to express it in the language used here, "will be used to destroy the insurgent organizations when operations can begin."

THE ASSASSIN.

Life Imprisonment. Brest Unmoved Arrest of a suspect.

MILAN, Aug. 29.—The trial of Giustino Brest, the anarchist who on July 29 shot and killed King Umberto of Italy, at Monza, took place here today. The assassin was sentenced to life imprisonment.

Brest was again given an opportunity to speak. He said: "Sentence me. I am indifferent. I await the next revolution."

The verdict was given. Brest escaped with life imprisonment, as that penalty is the most severe which can be imposed under the law of Italy for murder. It was at first believed that Brest would be tried on the charge of treason in which case the penalty would have been death.

A Budapest dispatch says that Giuseppe Tomozzo, a Venetian, who is believed to have been an accomplice of Lucebelli in the assassination of Empress Elizabeth of Austria, has been arrested there. He was seen with Lucebelli shortly before the assassination, but disappeared. Tomozzo has been living here under the name of Josef Greis.

Strength of the Allies.

BREITLIN, August 29.—The German naval commander at Taku cables that the following troops had been landed up to August 18:

Nationality.	Officers.	Men.
Americans	185	4,470
British	180	3,912
French	115	2,933
Italians	13	277
Japanese	573	19,538
Russians	276	11,500
Total	1,330	44,600

Pipkin's Popular Excursion.

On September 11th, R. E. Pipkin will run a popular excursion from this city to Norfolk, Washington and Baltimore, the fare being to Washington and return \$5.00 to Baltimore and return \$7.00.

The time given in Baltimore or Washington is two days and one night. The excursion is for white people only. Excursionists leave here at 9 a. m., September 11th.

The route from Norfolk is by steamer and parties going should write at once to R. E. Pipkin, Goldsboro, N. C., and engage their state rooms and thus avoid any confusion later on, when the party arrives at Norfolk.

This is a cheap trip and anyone thinking of going north should wait for it and save money.

Special Grand Excursion.

There will be a grand excursion to the "Land of the Sky," leaving here Tuesday, Sept. 4th, and special low rates are offered.

The fare for the round trip tickets will allow two full days in Asheville. The round trip fare from New Bern is \$3.50. Trains leave at 8:30 a. m. The A. & N. C. railroad coaches will go through with out change. Tickets on sale at the office.

HALF A CROP.

Indications That The State Will Raise That Amount of Corn.

Waiting For More Candidates to Announce. Shade Trees Killed. A New Kind of Suit. Agricultural Bulletin.

Special to Journal.

RALEIGH, August 30.—Rains fell in this section last evening, which have done considerable good, though much of the corn crop is past redemption. It does not appear that over half a corn crop is to be expected in this State.

Now that formal announcements of the candidacy of F. M. Simmons, J. S. Carr and A. M. Waddell for the United States Senatorship are made, people are waiting to see whether ex-Senator Jarvis and F. L. Osborne will also enter the race in the same way.

Tom Jones, the negro murderer, who will be hanged here tomorrow, today wrote a letter which he said he desired to see in print before his life was taken. The drought and heat have killed great numbers of shade trees in this city. Most of these are maples, which require shade.

Several of the members of the Association of Cotton States Commissioners of Agriculture will leave for Asheville tomorrow, in order to see Vanderbilt's Biltmore farm, to which they have been specially invited.

A railway employee has a suit against the county of Johnston for \$10,000, because it last year placed him as a suspect in a boarding house in which a man had a case of smallpox, and forced him to stay there. The agreement was today that the legal proposition as to the liability of the county be taken to the supreme court on appeal and if that court decides there is liability then the case is to be removed from Johnston to Wake county.

The Agricultural bulletin for this month was issued today. It is an industrial number. It contains a register of cattle, horses, sheep, swine and poultry, with owners' names. It has also a list of the cotton mills of which there are 263. Gaston leads with 21. There are 16 woolen mills and 3 silk mills.

Czar Can Do Nothing.

LONDON, August 29.—"Dr. Leyde" interview with Emperor Nicholas," says a dispatch to the Daily Mail from Petersburg, "lasted barely five minutes. The Czar said he was sorry that he could do nothing for the Transvaal except to urge it to make peace, as he hated all war."
