FORM CLUBS.

Date of Their Organization Advised for September 14th.

To Appoint Delegates to the Conventions of National Clubs. Plan for Forming and Other Recommendations.

Special to Journal.

RALEIGH, September 1.—Today the following address to the Democrats of North Carolina was issued:

"On account of the election recently held in this State, as well as the shortness of the time, the undersigned do not deem it advisable to undertake the organization of clubs in the State before the middle of September, and, after conference, recommend Friday, 14th day of September (at night) as the time for the organization of clubs in the towns and cities, and Saturday, the 16th day of September, as the day for their organization in the country precincts, and request that on those dates meetings be held in the several precincts of the State for the purpose of organizing clubs in accordance with the suggestion contained in the call above set out.

There are in North Carolina about one thousand White Supremacy Clubs. It is recommended that wherever these clubs now exist, that they meet on the one or the other of the days above mentioned, and that they be organized for the present National campaign into Bryan and Stevenson clubs, under the same general plan of organization under which they have heretofore operated. In addition to the precinct clubs heretofore mentioned it is recommended that there be organized in every county a county club, to be composed exclusively of the chairman of the several precinct clubs, and that the chairman of the County Executive Committee shall be ex-officio chairman of the county club.

For the purpose of appointing delegates at large to the convention of the National Association of clubs to be held at Indianapolis, Ind., on October 3rd, for the purpose of holding a great mass meeting in the State's capitol to ratify the nomination of Bryan and Stevenson, and for the transaction of other business connected with club work in the State, a State convention of the Democratic clubs is hereby called to convene in the city of Raleigh, on Wednesday, the 28th of September, and each precinct club is hereby requested, at its first meeting, to select delegates to this convention and elect one delegate for every ten members to the National Convention. Each club shall be entitled to one delegate to the several conventions for every ten and fraction over five names of the club roster.

When a club is organized, the Secretary is requested to at once send to Hon. W. R. Hearst, President National Association Democratic Clubs, No. 1870 Broadway, New York City, and to F. M. Simmons, Chairman of State Executive Committee, Raleigh, N. C., name of the club, roster of officers, date of organization, and number of members.

Negroes Said to Be Indifferent. Delegates Go to Baltimore, Oxford Orphan Asylum.

Special to Journal.

RALEIGH, September 1.—The secretary of the Populist State Executive Committee says he is confident that there will be a great exodus of negro voters from this State. He says further that the negroes appear to care little or nothing about voting here; that they appear to have soured upon the Republicans in this State, but that they would like to vote for McKinley. He says he thinks if the full vote were polled and counted McKinley would carry the State.

The State charter the Realty Loan and Guaranty Co., of Charlotte with an authorized capital of \$100,000.

This morning the delegates to the convention of the State's Commissioners of Agriculture were taken out to the Agricultural and Mechanical College and its farm and to other points of interest. This afternoon ten of the delegates left for Asheville, in order to spend Monday at the farm. Those who went are Stevens and Daniel of Georgia; Redwood and Robinson, of Mississippi; Lee, of Louisiana; Magruder, of Virginia; Cary and D. Unger, of Alabama; Hill, of Arkansas; Patterson, Caphart and McCollum of North Carolina.

The members of the State Press Association returning from the annual meeting at Asheville, say it was a pleasant one, though the attendance is small. It is said that three fourths of the editors in the State are members of the Association.

The term of the Oxford Orphan Asylum breaks today. Superintendent W. J. Hicks says 230 pupils are present; all who can be conveniently accommodated.

RUSSIA WITHDRAWS.

The General Commanding Her Forces Ordered to Leave Peking.

France Wants to Go in Accord With This Country's Credits.

Italy's Germany is Uncertain Regarding Russia.

Special to Journal.

WASHINGTON, September 1.—Russia announces to the other Powers that as the principal task of the Chinese expedition has been attained, the General Commanding the Russian forces has been ordered to escort the Russian legation from Peking to Tien Tsin.

Russia is opposed to war, owing to her comparative unpreparedness and the low ebb her finances have reached. Her war at trans-Siberian road is not completed and render it impracticable to transport an army sufficient to deal with emergencies which might arise, especially if both Great Britain and Japan should fight. While Russia unquestionably has designs on Chinese territory her present assurances of having no intention of land acquisition are accepted in good faith and so treated by the United States.

The French press says that it is of the utmost importance that the United States and France should pursue an identical course of Chinese policy. Italy favors the withdrawal of the Powers from China.

The text of the French Government's answer to Li Hung Chang's peace proposals is to be almost identical in language with the reply of the American Government which laid down as a preliminary to peace overtures that security in the future must be established by Government authority be established.

Li Hung Chang's credentials were issued by the Emperor Dowager and not by the Emperor Kwang Tzu. This may have an important bearing on the subject. It involves the issue between the Emperor Dowager, who is anti-foreign, and the Emperor, who is pro-foreign. The Russian sympathies entertained by the Emperor Dowager is against the British sympathies held by the Emperor.

BERLIN, August 31.—The German Government has received a note from Russia proposing the evacuation of Peking.

It is stated here that this note is based on the untenable nature of the military situation and that it is only a temporary evacuation of Peking which is proposed, based entirely on military grounds.

Germany has not yet answered this note, nor, as far as is here known, has any other power. Doubts are felt that Japan will withdraw her troops from Peking. If the Japanese remained Russia might also maintain occupation of the city. This would cause the collapse of the whole plan.
