HOLTON OUT.

Resigns As Republican Chairman And Pritchard Succeeds.

The Weekly Crop Bulletin. A. & M. College Examination. Fight Against Atwater. Carr Begins Campaign In Currituck.

RALIGH, N. C., September 4.—A. E. Holton, who for the past six years has been Chairman of the Republican State Committee, has resigned, which was not unexpected, as there had been no little dissatisfaction with his management. In fact there was a desire on the part of not a few of his party that Senator Pritchard should have been elected early this year as chairman. It is rather a novel thing that each of the Senators should be a State Chairman. Butler holding that relation to the Populists.

The Government's crop report for North Carolina was issued this morning. It says that for the week ended last night many favorable reports were received in consequence of the widely distributed rainfall which occurred on several days, yet most reports indicate that the rains came too late to improve the prospects for the staple crops to any extent. Moreover, many places are still extremely dry, so that fall plowing and planting is impossible. The temperature for the week averaged 6° daily above the normal, but moderated toward the close, the nights becoming somewhat cooler. Where rains occurred, peanuts, field peas, and sweet potatoes were refreshed, and the moisture stopped premature opening of cotton bolls to a considerable extent. Much fall plowing was done, and turnip seed-sown. Fodder pulling is nearly over in the east, but is just under way in the west portion of the State. It is hardly possible that the weather conditions can materially affect the yield of corn; much has been out and stands in shock. Cotton is opening very fast, and picking has become general; in many counties the crop is half open. The prospects for late or top crop are very poor. Uncut tobacco has been badly scorched and is curing poorly; cutting is proceeding actively in the north-central counties. The rice harvest has begun; the crop is fine along the lower Cape Fear river, but poor in northeastern counties.

There appears to be no doubt that the Republicans will make a strenuous effort to poll their full vote this year. They say so and yet in a despairing way. The negroes know now that the white Republicans do not intend that they shall hold office. This is the secret of negro apathy. Scores of negroes are heard to say: "I don't care a cent about voting. What good does it do me?" Yet the white Republicans, badly rattled and heavily handicapped as they are, will try once again to manipulate the negro.

To-day and tomorrow the examinations for entrance to the Agricultural and Mechanical College here are held. The college opens Thursday. There are over 150 students present. The college has in view the purchase of additional land as a site for the manual training department.

The Democrats of this, the 4th, Congressional district meet in convention here tomorrow. It is quite evident that there is to be a fight against the re-nomination of J. W. Atwater. The odds are largely that he will be re-nominated.

Julian S. Carr today began his Senatorial campaign, in Currituck county. It will be an active and personal canvass. He says he will confine himself almost entirely to the east, as he has no fear as to the west. It is said that a number of western members of the legislature are very favorable to him. Whatever objection there may have been to the Senatorial primary plan, as ordered by the Democratic State convention, appears to have been dissipated. The State committee which meets tomorrow will arrange all the machinery for holding the primary. So far as the general public is concerned the primary plan is very satisfactory.

Reported Plague in London.

Special to Journal.
New York, September 4.—It is alleged that two cases of the bubonic plague have been discovered in London.

Glasgow, September 3.—The area infected with bubonic plague has spread to Govan, on the left bank of the Clyde. A boy died there Saturday, and the medical authorities certified today that he was a victim of the disease. Three additional suspected cases have been reported in this city.

Arthur Sewall Very Low.

BETH MAINE, September 3.—Arthur Sewall, Democratic candidate for Vice-President in 1896, is in a critical condition at his summer home at Small Point, sixteen miles from this city. Mr. Sewall was seized with an attack of apoplexy at 10 o'clock last night, and has been unconscious most of the time since then.

The condition of Mr. Sewall was unchanged at midnight. He had not regained consciousness, and it was stated by the physicians that there was no hope. His death is expected at any moment.

West India Storm.

SANTIAGO DE CUBA, September 3.—Santiago is now experiencing the severest weather known here since 1877. Today the lower part of the city is five feet under water. The firemen and police are assisting the sufferers.

Large Coal Shipments.

NOBLESBURG, Va., Sept. 3.—Upward of 100,000 tons of coal will be exported to foreign countries from Norfolk during the present month. The British steamer Homeric and Gymeric, now at Lambert's Point, will take cargoes to St. Vincent's, Cape Verde Islands, "for orders."

The British steamer Strathard will take probably 5,000 tons for Nagasaki, Japan. The freight rate on this cargo is \$10.50 per ton. The British steamers Royston Grange and Canby have just sailed for Cape Town with cargoes of Pocahontas coal. This is for the use of Lord Roberts' army. In all, some 25 coal-laden steamers will sail from Norfolk for foreign ports during the month and the business, which has been greatly stimulated since the Pennsylvania Railroad acquired control of the Norfolk and Western, promises to continue in great and increasing volume.

Steamer Total Wreck.

SANTIAGO DE CUBA, Sept. 3.—The German steamer St. George, from Philadelphia, August 24, and Norfolk, August 24, for St. Lucia and Daiquiri, which was chartered by the Spanish-American Iron Company to load ore at Daiquiri, collided last Thursday with the Daiquiri pier and put into Santiago pending repairs to that structure. This morning she ran ashore at Daiquiri and she now lies broadside on the rocks, abandoned and a total wreck. The captain and crew got ashore in safety.

Dress.

Some women in this world have a new gown every other week, while there are other women who esteem themselves lucky if once in three months they get a chance to look through a fashion magazine.—Somerville (Mass.) Journal.

The United States never coined gold pieces of a higher denomination than \$20.

Some years ago a Jeweler at San Francisco struck gold pieces of the value of \$50, but that was on private account.

Not Coming Back.

GOLDBORO, N. C., Sept. 3.—A crowded negro excursion left here today for Norfolk. It is learned from reliable sources that about one hundred of those leaving will not return to the State.

At the Book Store

Don't ask for time
It will save us the embarrassment of refusing.
We know your credit is good but we need the money.

G. N. ENNETT.

In addition to the large and complete stock of Bicycles and Sundries, I am carrying a full and varied stock of Guns, Revolvers, Loaded Shells, &c.

I will guarantee to save you money on any make of Gun, and will sell other goods in this line on very close margin. Give me a call.

Slow Progress.

Peace Negotiations in China Meet With Various Obstacles.

Germany Now Said to be Against Braking up the Empire People of China Ignorant of Result of Battles.

Special to Journal.

WASHINGTON, September 4.—A Shanghai dispatch says that it is reported that the Powers will refuse to recognize as peace commissioners the colleagues of Li Hung Chang. The reason given is that one of them only is a Chinaman, three being Manchus.

Germany announces that it is not the desire for the dismemberment of the Chinese Empire.

Emperor William is reported to have declared that under no circumstances would the German troops leave Peking, not even if he had to mobilize every corps in Germany's army.

A cablegram from Li Hung Chang was received at Berlin, according to which the Emperor asked him to associate with himself, with a view to peace negotiations, Prince Ching, Yang Lu and two viceroys of the southern provinces. Of these latter one is known to be unfriendly to foreigners.

Officials here are confident that the Russians will remain in Peking until the powers have passed upon the proposal made by the St. Petersburg Government. It is even possible they may remain there pending negotiations on the part of the powers. It is a fact that officials here are optimistic as to the international situation. With the exception of the United States none of the powers has yet submitted its reply to Russia, and it is understood that they are awaiting advice from their representatives in Peking.

The mass of the people in China believe their troops are victorious over the allies. The native papers tell them so and also give pictures of missionaries being tortured in the presence of the viceroys.

LONDON, Sept. 3.—Mr. Die Bowitz, Paris correspondent of the Times, says that the origin of Russia's decision to evacuate Peking was her desire to frustrate the schemes of Emperor William, and to correct the impression produced by the Kaiser's speech attributing to Emperor Nicholas the initiative in the appointment of Field Marshal Count von Waldersee to the command of the international troops.

The Daily News suggests editorially that Russia may have secret terms with China behind the backs of the powers. The Standard expresses gratification at the alleged explanation that the United States Government does not approve of Russia's proceedings.

Spanish Mackerel!

Portsmouth Corned Mullet. New barrel Fulton Market Corned Beef. Fresh lot Crackers and Cakes. Fresh Oatflakes, 10c package. Fresh Prunes; Fancy fresh Elgin Butter; Fancy full Cream Cheese. GRAND PREMIUM SALE!

At the Planters Warehouse, New Bern, N. C., THURSDAY, SEPTEMBER 6, 1900

VALUE OF PREMIUMS, OVER \$100.00.
Donated by the merchants and business men of New Bern. For List of Premiums see circular.

We want to have the largest sale on record in New Bern. So bring in the weed and we will see that your tobacco brings every cent it is worth, and the premiums are extra.

We have plenty of buyers and several extra ones for the Premium Sale, and they want the weed, but we're here to see that they pay its full value. The merchants have given so many Premiums and on so many different grades, that every one who brings a load will get a premium.

Bring in your tobacco Wednesday evening and as soon Thursday morning as possible, so we can begin the sale on time. Send it by rail, by boat and in wagons and carts. If you want to know how the prices are, ask the many farmers who have sold Tobacco during the last thirty days with us.

The Premiums will be on exhibition the morning of the sale. Come down and come up, and get one, and don't forget the day, the first Thursday in September.

Yours for Good Prices.
