DOOM OF A CITY.

Galveston Said to be Wrecked Beyond Hope of Recovery.

Many Small Towns Destroyed Thousand Bodies Found in One Place. Death Dealt to Many Thieves.

Special to Journal.
HOUSTON, Tex., Sept. 13.—The Adjutant General reports to Governor Sayers after visiting Galveston as follows:

"I am convinced that Galveston is practically ruined forever. Fully three fourths of the business portion of the city is irreparably demolished. All the residences are damaged to at least some extent."

General Manager Vick of the Southern Pacific railway has returned from Galveston and he says that the damage is fully eighty per cent. He expects to rebuild the bridge across to Galveston and run trains into the city in forty days.

Reports of death and destruction are coming in from along the coast. Also the same reports are coming in from many inland towns.

The coast for miles is covered with dead bodies. One man buried one hundred bodies near Virginia Point. A relief party which went to Bolivia reports over one thousand bodies on the beach in West Bay and the marshes bordering the bay. Texas City is wiped out and fifty-six bodies were buried there. Bodies lie thickly for twenty miles around the place.

The relief measures are operating more smoothly. The supplies are being issued to the destitute and the sick are receiving best of care. All physicians are giving their services free.

The situation among the ruins and where bodies lie seems to be beyond the control of the authorities. Robbery and mutilation of the dead was so common last night that fourteen negroes and two whites were caught in the act. They were shot dead in their tracks by the soldiers and citizens on guard. This makes 96 of the creatures that have been shot for their horrible vandalism. One wretch was found with pockets filled with fingers covered with rings which he had cut off.

WEATHER CONDITIONS.

West India Storm Disappeared Into North Atlantic. Rain Indicated

WASHINGTON, September 13.—For North Carolina. Rain, Friday preceded by fair in extreme east portion. Fresh to brisk northeast winds.

Weather Conditions.—The West India storm has disappeared to the northeast having moved out into the Atlantic by way of the St. Lawrence valley. It has been followed by moderate temperatures over the interior and northern tier of States. High temperatures prevailed in the southern and eastern sections.

A small barometric depression is central on the Middle Gulf coast and is causing cloudy weather with showers in that section. Mobile reports a rainfall of 2.46 inches during the past 24 hours.

The conditions attending the low area on the Gulf coast will spread into this section and rain is indicated with fresh to brisk northeast winds.

Helen Gould's Way.

New York, Sept. 12.—Miss Helen Gould purchased 50,000 army rations for the Galveston sufferers and started them from the Pennsylvania Railroad station in Jersey City at 3 p. m.

Miss Gould went directly to the contractors who supply the army with provisions and ordered rations identical with those furnished Uncle Sam's soldiers, consisting of bacon, canned meats, beans, hard bread and coffee.

The most dainty and effective pills made are DeWitt's Little Early Risers. They are unequalled for all liver and bowel troubles. Never gripe. F. S. Duffy.

THE PEACE TERMS.

Three Conditions Laid On China By The European Allies.

Special to Journal.
WASHINGTON, Sept. 13.—A Shanghai dispatch says that the allies are treating with Prince Ching for an armistice on the following basis of demand.

Manchuria shall be made a "buffer State" between China and Russian Siberia.

European garrisons to be established at all treaty ports.

The chiefs of the Boxers to be executed.

THE CRAIG LAW.

Decision Was Expected. Congressional Elections. Should Study Agriculture. Montague Resigns.

Special to Journal.

RALEIGH, September 13.—Judge Purnell, referring to his decision that the Craig "domestication" law is null and void, remarked that the decision was exactly what everyone had been expecting as soon as the matter got before the Federal courts.

Representative Murphy of Salisbury, was here today on his return from the "Sapphire country," up in the 9th Congressional district, and brings the news that Crawford, the Democratic nominee there, is literally knocking Jim Moody, the Republican candidate, out of the box.

The Republican nominee for Congress in this district declares he will stick. No does J. J. Jenkins, the Populist nominee but the Democratic opinion is that they will fuse or make any kind of a deal or arrangement. The Populists have now but little strength in the district save in Onatham county.

Prof. Massey of the chair of agriculture of the Agricultural and Mechanical college here says he deploras the fact that there are very few students in his department. Most of the students are farmers' sons, but their fathers send them to college to learn trades and not agriculture, in other words want them to be something else than farmers.

B. F. Montague resigns as chairman of the trustees of the institution for the blind, and Thomas B. Womach succeeds him.

Governor Issues Respite.

Special to Journal.
RALEIGH, Sept. 13.—Governor Russell has issued a respite to Archie Kissauls, who is under death sentence to be executed to-morrow, for two weeks.

Vaal River Colony.

Special to Journal.
LONDON, Sept. 13.—General Roberts proclaims martial law over the entire Vaal River Colony formerly the South African Republic.

LORENZO MARQUES, Sept. 12.—President Kruger has arrived on a special train. An engine ran through to this town from Komatipoort and returned with two empty passenger coaches. This unusual proceeding aroused suspicions and the denouement followed when President Kruger, Secretary of State Retz and other officials arrived at 9:30 o'clock last night.

It is said that President Steyn was left behind sick. The house of the Transvaal Consul, Mr. Potts, where Mr. Kruger's party is residing now, is especially guarded by Portuguese police. The local Governor paid a formal visit this morning to Mr. Kruger.

Would Bet Or Die.

TRUSTON, N. J. September 12.—Robert Dougherty, known as the Richard Croker of Trenton's Fourth Ward, attempted suicide by jumping into the river because his wife refused to sign a mortgage on their home to furnish him with money to bet on Bryan's election.

Dougherty was rescued by Italians who saw him plunge in. He was not harmed by his witting.

HEAVY LOAD.

Penitentiary is Called a "White Elephant" to the State.

The Appropriation Used up. Funds For Galveston. Insurance Companies to Come Back. New Telephone Wires Put up.

Special to Journal.
RALEIGH, September 13.—The legislature last year appropriated \$50,000 to the penitentiary for 1899 and a like sum for 1900. All for last year was drawn. Two weeks ago \$15,000 on this year's appropriation was drawn and today the \$35,000 remaining was called for. The auditor issued the warrant but the treasurer declined to pay it, saying he did not have the funds; that October 1st, he would have to pay \$30,000 in interest on the debt, and December 1st, \$110,000 for pensions; that those were both special funds and constituted the money on hand. It seems that the penitentiary is a "white elephant." This is one problem the legislature at its session next year must wrestle with. It is the greatest in the State.

Next Monday 300 convicts will be taken from the penitentiary and from railway work and hurried to State farms on the Roanoke river to pick cotton.

Vice-President A. B. Andrews of the Southern Railway has subscribed \$5,000 to the Asheville auditorium. The latter is to cost \$25,000. The money has all been raised.

This afternoon at a citizens' mass meeting here, funds were raised for the Galveston sufferers.

To-day the South Atlantic Life Insurance Company of Richmond was licensed to do business in this State, with C. L. Alston of Henderson as general agent.

The Insurance Department is the gainer by the decision of Judge Purnell that the Craig "domestication" law is null and void, as the companies which left the State by reason of that law paid from \$12,000 to \$15,000 monthly in taxes, etc.

The condition of Mrs. F. M. Simmons, wife of the Democratic State Chairman, who was operated on yesterday for appendicitis, is to-day reported to be satisfactory.

W. E. Jones, dry goods dealer here, who came from Washington, N. C., has filed a voluntary petition in bankruptcy. He gives his liability as \$22,973 and as sets \$12,454. The chief creditors are Charles Broadway House, \$12,000; A. Wright, Petersburg, \$1,100; H. T. Hodges Washington, N. C., \$2,000; Armstrong Gator & Co., \$1,700.

The State charters the Hamilton Trousers Company of Martin county, capital \$10,000.

The Raleigh telephone company, (the third one here) is now putting up five miles of inch cable, containing 300 wires it weighs 24,000 pounds.

To prevent consumption quickly cure throat and lung troubles with One Minute Cough Cure. F. S. Duffy.
