RALEIGH.

Dedication of A New Church Edifice Takes Place To-Morrow.

Methodist Orphanage Matters. Changes at State Normal. Newspaper Changes Its Name. Conference of Candidates.

RALEIGH, N. C., Sept. 15.—The local event here to-morrow is the dedication of the new First Presbyterian church. The cost of the building is \$28,000. Its seating capacity is 1,000. Rev. Dr. Walter G. Moore of the Union Theological Seminary, Richmond, will preach the sermon of dedication at the 11 a. m. services. Last evening Rev. Dr. William M. McPheeters of Columbia preached, and this evening Rev. Dr. John S. Watkins of Spartanburg.

Dr. Delta Dixon, sister of Rev. Thom as Dixon, so well known as a Baptist minister in New York, is to be married here in the near future to Dr. Norwood Carroll, son of ex-U. S. Marshal O. J. Carroll. Dr. Dixon is physician to the Baptist Female University here. Dr. Carroll is a well known dentist.

The Republicans of the 2nd district at Weldon yesterday nominated for Congress Joseph J. Martin, postmaster at Tarboro. Dr. D. H. Abbott, Republican Chairman of the 1st district, speaking this morning about Martin's nomination, said the negro Congressman George White no doubt manipulated it. He added that there was not the ghost of a chance for the election of anybody but a Democrat for the 2nd district, and that he did not take any odds against it.

One building at the Methodist orphanage here is almost ready for use. Another is under way. Rev. Dr. Ivey of the Christian Advocate says both will be ready January 1 and that 50 orphans will then be received. At the session of the North Carolina M. E. Conference in December there will be a great "orphanage rally," at which it is proposed to raise a large sum for it.

Manteo lodge of Odd Fellows here this week made a liberal gift to the Methodist orphanage and also to the Roman Catholic orphanage. The officials in charge of the latter writes a very grateful letter. The Catholic orphanage does not confine its good work to Catholics alone, but shelters protestants also.

President U. D. McIver of the State Normal and Industrial college is here! It opens Oct. 4. It changes as to its formatories from the double bed to the single bed system and heretofore cannot accommodate as many students as heretofore. It will however lease quarters for students. It greatly needs dormitory room. Dr. McIver says there are in this State 20,000 more uneducated white women than white men. He declares that the women ought to be given a better opportunity. The matter will be properly pressed before the Legislature.

Secretary T. K. Bruner of the Agricultural department has gone to Yancy county after choice apples which he will pack carefully and send to Washington to be forwarded to Paris, for display at the exposition.

As stated the penitentiary will next Monday take convicts from railway work and send them to the State farms on the Roanoke, to pick cotton. President H. C. Bridges of Tarboro who is building a 30-mile road eastward from that town is here to take away his 100 convicts.

The State board of public school examiners today issued life certificates to ten teachers, among them Miss Mabel McCulloch of Clinton.

John Wilber Jenkins, late of Charlotte, has bought the afternoon paper here, the Times-Visitor and will change its name to the Raleigh Times. It will be made an 8 page paper. He has bought a complete new equipment for it and leased a building.

Raleigh's contributions to the Galveston sufferers were this morning more than \$900.

The Grand Lodge of Masons has chartered the following lodges: Lake McLaughlin at Ablesie; Unalia at Unalia; Sea Island at Gilson; Robertel at Robertel; Osherryville at Cherryville.

The conference of the Democratic nominees for Congress and electors held last night with State Chairman Simmons lasted until very late. Joseph Daniels presided. The meeting was held at Chairman Simmons' home.

GERMANY TAKES STEPS.

Seizes grand Canal of China to Preserve Her Interests.

Special to Journal.

WASHINGTON, September 15.—It is announced that the German forces in China will seize the Grand Canal of China at several points in order to protect the interests of Germany.

The Foreign Office denies that it knows anything about America being desirous to leave the European concert if the powers will not agree to peace commissioners for China. Germany does not yet acknowledge Li Hung Chang's authority as sufficient.

Affairs in China.

SHANGHAI, September 14.—The Empress Dowager and the Emperor, with 3,000 troops as a guard, are now guests of a Mongol Prince in Mongolia, 150 miles northwest of Peking, near the Kalgan Pass.

No pursuit of them is intended by the foreign troops. Many native officials out of employment here are secretly sending to the Empress Dowager and Emperor assurances of loyalty.

The Russians are keenly pushing their interests. There are 8,000 of them here now. They occupied the summer palace 10 miles northwest of the city after a race with the Japanese and took the leading part in the parade of the allies through the Peking palace. In Manchuria they report fighting everywhere with Chinese troops, pointing to a permanent occupation down to the great wall at Shan Hai Kwan.

The Japanese are watchful for opportunities. They have 10,000 men here. They occupy the whole northern part of the city, the largest and richest share of all.

The weather is cool and the troops are healthy. The railway to Tientsin, in charge of the Russians, is now running nearly half way and still be complete in another month.

THE COAL MINERS STRIKE.

Extent of the Trouble. Loss of Wages. Cause of the Strike.

PHILADELPHIA, Sept. 13.—The order of President Mitchell calling out the miners in the anthracite coal region of Pennsylvania recalls the last great strike in the same district three years ago, which was practically ended by the ragedy at Lattimer, in which twenty-one miners were killed and over fifty wounded by Deputy Sheriffs. The strike inaugurated today by the United Mine Workers will for the time being terminate operations in the most productive hard-coal field in the world.

The mine employes in the anthracite district of Pennsylvania number about 145,000. The membership of the union is not known to a certainty, but the leaders claim that about 80 per cent. of the miners are organized. The union men do not anticipate any difficulty in inducing the unorganized miners to strike.

The coal basins extend over an area of about 470 square miles and are distributed throughout several counties. The average production from the entire district is 75,000,000 tons a year.

The closing of the mines is expected to reduce the regular coal production about 75 per cent., leaving free only the Reading Coal and Iron Company's production of 30.5 per cent. of the total output of the region and 5.85 per cent. of the Lehigh Valley's productions.

Should the strike continue over a period of two months, the loss to mine operators, \$30,000,000. Officers of the miners' union estimate that the organization has a cash balance of \$1,000,000 in the treasury with which to conduct the strike.

In their demands the miners ask the correction of many evils, the more important of which are the following:

Abolition of the company stores; reduction in the price of powder to \$1.50 a keg; abolition of company doctors; semi-monthly payment of wages; abolition of the sliding scale; wages paid in cash; \$2.40 pounds to the ton; an advance of 30 per cent. in wages less than \$1.50 and not exceeding \$1.75 a day; that all classes of day labor now receiving \$1.50 and not exceeding \$1.75 shall receive 15 per cent. over present wages; that all day labor now receiving \$1.75 shall be advanced 10 per cent.; that no miner shall have at any time more than one bread, gang, or other class of work, and shall get only his legal share of care.

Prices of cotton in the local market yesterday ranged from 10.15 to 10.45 per pound.

AFTER CLOUDS.

Rays of Hope Reach the Ruined City of Galveston.

Some Business Resuming. No Lower Estimates of the Dead. Every Building Injured Many Leaving.

Special to Journal.

GALVESTON, Tex., Sept. 15.—There is a more hopeful feeling in the city than at any time since the disaster, and the situation is visibly brightening. The State Health officer thinks that the danger of an epidemic has passed. There is an emergency hospital established in each ward.

The banks have reopened and some other business is being resumed. Looting and plundering in Galveston have ceased. No one has been shot and order prevails throughout the city. Lawless persons know they will be shot on the spot when caught in depredation, and this has had a very wholesome effect.

Officials report show that the calamity was the greatest on record in this country. The best estimate are that from 5,000 to 8,000 people perished in the waters or were crushed in the falling buildings.

Over four thousand houses were destroyed and not one building remains that was not injured. Ten thousand persons are homeless and destitute.

There are many who seeking their former residences were utterly unable to find a single remnant of them, such is the confusion of timbers and wreckage.

Great numbers are leaving and hundreds more are eager to go who are unable to secure transportation. Along the bay front scores of families with dejected faces plead to be taken away.

All freight on the way to Galveston at the time of the disaster is blocked at various points awaiting orders from consignors. Nothing is being forwarded except relief matter.

HOUSTON, TEXAS, September 15.—As near as can be estimated \$3,000,000 has thus far been donated for the relief of the Galveston and Gulf Coast storm sufferers.

Up to 4 o'clock this afternoon the Postal Telegraph office at Dallas had transferred more than \$50,000 in cash from the company's finances at Dallas to the Galveston sufferers on orders from Eastern contributors.

The Liverpool, London and Globe Insurance Company, by its general Southern agent, J. B. Hertford, at New Orleans, wired \$1,000.

Among the contributions already in hand or to be sent to the committee are the following:

New York, \$188,496; Philadelphia \$86,974; Chicago, \$75,000; St. Louis, \$40,000; Johnston, Pa., \$3,000; Kansas City, Mo., \$10,000; Washington, \$4,000; Paris (France) \$10,000; Norfolk, Va., \$1,000; Bristol, Tenn., \$2,070.

PLANTER'S WAREHOUSE

The Planter's Warehouse is located in the business part of the city and the finest Warehouse in the State. We will have plenty of buyers with plenty of orders for all the Tobacco in this part of the State.
