Claimed By Simmons As His Majority In Primaries.

**Big Freight Business On Seaboard.**  
Appointments Before Supreme Court Meeting Democratic Clubs. Important Superior Court Decision In Wayne.

Special to Journal.  
RALEIGH, September 22.—The Seaboard Air Line is now double-heading its south-bound freight trains; that is using two engines to each, from Weldon southward. At Graystone near Henderson, the company is opening new granite quarries, has built 12 miles of track to reach them and has several hundred men at work; also a stone crusher of 150 tons daily capacity. The stone will be used in ballasting the new parts of the road.—Ridgeaway to Richmond and Hamlet to Columbia and afterwards the other parts of the line. Baldwin passenger engines are now arriving daily. All have 7 feet driving wheels and 19x28 inch cylinders.

William H. Allen of Goldboro is here. He talked to-day about the Senatorial contest and said: "There is no doubt of my county (Wayne) being for Simmons. In Goldboro some are for Carr, but the majority are for Simmons. He will get a handsome majority in our county and section. In fact I see few active Democrats from our section who are not for Simmons." Simmons himself said this morning, upon his return from Pittboro, where he went to appear for the Democratic election officers indicted by the fatalists: "I'm in touch with all parts of the State. If the primaries were held now I have no doubt I would get at least 50,000 majority. I see no reason for anything save an increase of those figures by the date the primaries are to be held."

It is evident that the State convention of Democratic clubs here next week is to be a big affair. Secretary P. M. Pearl says most of the clubs will be represented, judging by the letters they are writing. Aycock, Overman and McLean will be among the speakers.

There will be at least 50 applicants for license as attorneys before the Supreme Court. The State University sends half of these.

The Superior Court of Wayne has decided in a suit for delay in shipping water-melons, that the Atlantic Coast Line is liable though that line showed that it had turned over the melons to the Pennsylvania railway and that the delay was on the latter.

**GERMANY'S ATTITUDE.**

Dispatch From French Sources Says Tension There Over United States Refusal.

Special to Journal.  
PARIS, September 22.—Dispatch received from Berlin says it is believed in the German Capital, that there is a severe tension between the United States and Germany, over the settlement of the Chinese trouble, and Germany's proposal which the United States rejected.

WASHINGTON, September 21.—The United States Government has made full and complete answers to the various inquiries that have been addressed to it by the Powers relative to the Chinese trouble. It has gone farther and has made a disclosure of all its purposes, and, as a member of the Administrations put it, "it has thrown its hand open on the table."

Minister Wu called, by appointment, upon Acting Secretary Hill, and was handed a memorandum embodying the response of the Government to the request of China that Mr. Coger, or some other person, be immediately empowered to begin negotiations with the Chinese for a final settlement. Minister Wu left with a dissatisfied expression on his face.

Next came Mr. Thihauli, the French representative, and after Baron Sternberg called and was made acquainted with the note, he hastened away to cable it to his Government.

The Government then sent the cablegrams directed to its representatives abroad.

The State Department absolutely refused to make any statement as to the answers, taking the ground that to do so would be a violation of diplomatic proprieties. However, it was calculated that all of these answers will have reached their destinations abroad tomorrow. The ministers and charges who received the messages here adopted the same secretive attitude as the Government.

It is known, however, that the German proposal that negotiations with China be deferred until those responsible for the Chinese outrages have been surrendered to the allies, has failed of approval by our Government. The doublet has been couched in a manner that cannot give offense, but the United States Government cannot recognize the principle that a country may be called upon to surrender its own citizens to a foreign power or powers for punishment.

**ALLIES LOSE MEN.**

Peking Taken After Fight. Barbarities Practiced on Missionaries.

Special to Journal.  
WASHINGTON, Sept. 22.—A dispatch says that the Russians, Germans and Austrians attacked the Peking forts on the night of Sept. 20th.

The Chinese kept up a fire all night, but evacuated the forts in the morning, which were then occupied by the Allies. Twenty-five Russians and Germans were blown up by a mine, while entering the forts.

Capt. Wise of the United States Navy entered the forts, and says only five Chinese were killed.

WASHINGTON, D. C., Sept. 21.—An official communication, coming through diplomatic channels, was brought to the attention of the State Department to-day, giving information as to the conditions in the Yangtze Kiang valley, and also giving detailed and fully authenticated instances of atrocities in the province of Hunan against Christian missionaries. The account as given by one of the Christian missionaries who escaped, and who makes the report through the officials of the Government now forwarding it to Washington. In one case, it is stated, a missionary had his eyes burned out, then a portion of his body was cut off, and finally a red hot staff was driven through his back. In another case, given in the report, a missionary was wrapped in cotton, the cotton was soaked in oil, and the mass set on fire. The missionary was burned to death.

**SUSPECT GERMANY.**

Russia and Li Hung Chang Have Understanding Regarding Situation.

LONDON, September 21.—It seems to be generally believed throughout Europe that Germany proposed her demand that the anti-reiga leaders should be surrendered before negotiations were commenced with a view of delaying any general acceptance of her proposals until Field-Marshal von Waldsee should arrive at Peking.

At any event, with Count Waldsee journeying northward and Li Hung Chang conducting negotiations from Tien Tsin, matters must soon reach a crisis. The matter of Earl Li's reception seems to confirm the suspicions existing in Shanghai regarding his close understanding with Russia.

A long conference was held, at which no representative of any other Power was present. This remarkable friendship exists at a time when two continents are riving with the story of massacres by the Russians in Amur.

The Moscow correspondents of the Standard, reverting to the subject of the massacres, this morning say: "From a recent visitor to the Amur region I learn that massacres are the order of the day with the troops that are overrunning Manchuria. The orders are issued by General Grodekoff, but it is quite certain that Emperor Nicholas must be ignorant of their nature."

**Rathbone Intends to Fight.**

Special to Journal.  
WASHINGTON, D. C., Sept. 22.—Director Rathbone, former Director of post offices in Cuba, now on trial charged with fraud, asks for a warrant for the extradition of Fourth Assistant Postmaster General Bristol.

This indicates that Rathbone will fight his case.

**Mod Strings Up Negroes.**

NEW ORLEANS, La., Sept. 21.—In "Bloody" Tangipah parish last night, four negroes were hanged after the jail in the village of Ponchatoula had been broken open and the prisoners, accused of robbing the family of Henry Holtfetter, had been taken from their cells. The men lynched were: Isaiah Rollins, aged eighteen years; Nathaniel Bowman, aged forty-seven years; Charles Elliott, Geo. Dickman, aged twenty years. There were fourteen colored suspects in the Ponchatoula jail, accused of various robberies.

Mrs. Holtfetter, who related the colored man, was choked and beaten so unmercifully that she lost her mind.

Last night at 9 o'clock, a committee of white citizens called on Sheriff Nix and demanded the keys to the jail. The Sheriff refused to produce them. A mob were brought and the jail was immediately broken open. Four of the suspects were hanged to a tree a few blocks away after being made to confess having participated in the burglary of Holtfetter's house.

The coroner's jury returned a verdict of "Death by unknown hands." Citizens scoured the parish throughout the night arresting all the negroes they could get their hands on. These were crowded into the little jail of Ponchatoula and a wholesale lynching is feared.

Mayor Jackson and the Sheriff are using every means to restore order, but are making slow progress. The bitter element among the colored population is fleeing to the churches, where the time is being spent in prayer.

You can spell it cough, cough, cough, cough, but the only remedy that quickly cures it is One Minute Cough Cure. F. S. Duffy.

Martial Law Prevails. Reading Colliery Closes To Prevent Disturbance. Pennsylvania National Guardsmen On Duty And Hold Situation.

Special to Journal.  
BERNARDSVILLE, Pa., Sept. 22.—All is quiet here to-day, martial law prevailing in this district.

The Reading Company closed its colliery to-day, to prevent any possible trouble. No crowds were permitted to gather at the colliery.

General Gobin has 2500 Pennsylvania National Guardsmen on duty. He says the situation is well in hand.

General Gobin is Lieutenant-Governor of Pennsylvania, and in command of the Third Brigade, N. G. P., which is composed of the troops noted above. He is a veteran of two wars, and was a brigadier-general in both the Civil and Spanish-American Wars.

The Huns and Poles who started yesterday's rioting, look sullenly on, but make no further show of resistance.

**SHERMANSVILLE, Pa., September 21.**—A sheriff's posse fired on a crowd of riotous men near here this afternoon killing two persons, and wounding seven others.

Sheriff Toole and Deputies O'Donnell and Brennan were called to Shermansville today to suppress the mobs that threatened mine workers and colliery property. At quitting time three sheriffs and a small posse went to the Indian Ridge colliery of the Reading Company, near here, to escort the workmen to their homes.

The workmen left for home shortly after 4 o'clock and met a large crowd of Poles, Slavs and Hungarians, men, women and children, who lined both sides of the road. A shot rang out from a saloon. This was followed by a shower of stones. Many of the crowd had picked up sticks and stones and were acting in a threatening manner. Seeing this, the sheriff, who had previously cautioned his men to keep cool and not to use their firearms, commanded them to fire. The order was obeyed with terrible result. The crowd pursued the sheriff and his posse to the Ferguson House, where they took refuge.
