### RALEIGH.

#### Pension Lists, Seed Tests, Routine Work And Dullness in State Departments.

**Special to Journal.**  
RALEIGH, N. C., Sept. 1, 1900.—The pension lists are now in the printers' hands. They show an increase of 235 over last year. The pension warrants will be issued December 15.

The Corporation Commissioners have filed their answer to the complaint of the railways in regard to the tax assessments. It is mainly along the line of the answer made in 1899.

The tests of seeds at the two soil test farms which the State has established in Edgecombe and Robeson counties are now in progress. Seeds are being raised from Egypt, Ceylon, South and Central America, Morocco, etc. On 10 acres at each farm fall oats and the hairy vetch will be sown together. They ripen at the same time. Twenty-five acres will be sown in grass and clover, the seeds coming both from the United States and from abroad. Fifteen acres will be sown in various varieties of foreign and domestic wheat.

Among today's arrivals was George L. Morton of Wilmington.

It is extraordinary dull here. Only routine work is going on in any of the departments. There are no important cases before the Supreme Court. In the Agricultural department the apple show is the only feature. The Secretary of State is arranging in neat files the jumbled mass of documents relative to early land grants, particularly as to Tennessee. The executive department is taking things easy after the recent worries about pardon applications.

**DR. W. H. LEWIS, Lawrenceville, Va.,** writes, "I am using Kodol Dyspepsia Cure in my practice among severe cases of indigestion and find it an admirable remedy." Many hundreds of physicians depend upon the use of Kodol Dyspepsia Cure in stomach troubles. It digests what you eat, and allows you to eat all the good food you need, providing you do not overload your stomach. Gives instant relief and a permanent cure. F. S. Duffy.

### Disaster in Transvaal.

**Special to Journal.**  
LONDON, Oct. 1.—While a regiment of the Gordon Highlanders were destroying the Boer ammunition captured when the Boers deserted Kamatipoort, there was an explosion which killed twenty of the Highlanders.

The Canadian contingent, under Col. Pelletier, sailed yesterday for home on board the transport Idaho. The poop's of Cape Town accorded them a splendid reception, the mayor voicing the thanks of the city for their brilliant services in the field.

### Strike Cuts No Figure.

**Special to Journal.**  
WASHINGTON, October 1.—Senator Morgan, of Alabama, whose conservative opinions have a high value, is in Washington. He said of the coal strike: "I don't believe that the mining troubles in Pennsylvania and other sections will cut much figure in the election. As for the charge that the Democratic committee was influential in bringing out the order for the general strike, I don't believe it. Either party would fight shy of getting mixed up in such a matter. It will be over and cut no figure in November, I believe from the outlook."

### Weather Conditions.

WASHINGTON, October 1.—For North Carolina, rain Tuesday, fresh northeast winds.

**Weather Conditions:**—The barometer is high over New England and the lower lakes, and low to the southeast of Florida, causing general easterly winds on the Atlantic coast. Cloudy weather prevails from North Carolina northeastward to New England. Showers have fallen on the Middle and South Atlantic coasts. Philadelphia reports a rainfall of .25 inches during the past 24 hours. The conditions indicate rain for this section with fresh northeast winds.

### STRIKE KEEPS GOING.

#### Complete Tie Up in Hazleton Region. Men Not Satisfied With 10 Per Cent Raise.

**Special to Journal.**  
HAZLETON, Pa., October 1.—The thoroughness of the strike in the Hazleton region is shown by the fact that for the first time in years no coal car went out over the Reading Railway. The road ordinarily sends out hundreds of cars daily. All the mines in this region are now cleaned up, not a ton of coal is left for shipment.

The employees paid no attention to the ten per cent advance in wages offered by the Reading companies. Only 7 of the 39 Reading coal collieries are working today. All the Shamokin coal mine Superintendents attempted to begin work today. Only a few, if any miners reported for work.

A demonstration to be made in Wilkes-Barre tomorrow, will be the most important yet attempted by the strikers, who now express the belief that there will be nothing less than 25,000 men in the line. President Mitchell expects to fully outline his policy in a speech he will then make.

### Gold Below a City.

DENVER, Col., September 29.—While drilling for artesian water in the alley between the Federal Building and Post Office and the Tabor Grand Opera House today, the drill entered a body of iron pyrites, which disclosed unmistakable showings of gold in large quantities. Old miners in the throng that gathered pronounced the specimens to be of the richest "peace" gold. The scene of the discovery is within fifty feet of Sixteenth Street, the main thoroughfare of the city, and by a singular travesty of fate the rich ore was found under the Opera House built by ex-Senator H. A. W. Tabor, who won and lost millions in the mines of Colorado, dying almost penniless.

### Feelings of safety pervade the household that uses One Minute Cough Cure, the only harmless remedy that produces immediate results. It is infallible for coughs, colds, croup and all throat and lung troubles. It will prevent consumption.

F. S. Duffy.

### President Hudson Dead.

**Special to Journal.**  
NEW YORK, October 1.—President John Hudson of the Bell Telephone Company, the organizer of a trust of all the telegraph and telephone lines in the United States, died suddenly in the railway station at Boston today. He was sitting beside his wife and threw up his hands and slipped to the floor dead.

### It is well to know that DeWitt's Witch Hazel Salve will heal a burn and stop the pain at once. It will cure eczema and skin disease and ugly wounds and sores. It is a certain cure for piles. Counterfeits may be offered you. See that you get the original DeWitt's Witch Hazel Salve. F. S. Duffy.

### Tens—Dauber, the celebrated artist, is to paint Miss Gortjes.

Jess (a rival)—Gracious! What does she need another coat for?

Do not get scared if your heart troubles you. Most likely you suffer from indigestion. Kodol Dyspepsia Cure digests what you eat and gives the worn out stomach perfect rest. It is the only preparation known that completely digests all classes of foods; that is why it cures the worst cases of indigestion and stomach trouble after everything else has failed. It may be taken in all conditions and cannot help but do you good. F. S. Duffy.

### Vaccination shields at Davis' Pharmacy.

Don't fall to those so beautiful flannel and silk coats at J. J. Baxter's before buying.

Cream Coconut and taffies at McSorley's.

"The" cigars on sale only at Davis Pharmacy.

### Poisonous toothstools resembling mushrooms have caused frequent deaths this year. Be sure to use only the genuine. Observe the same care when you ask for DeWitt's Witch Hazel Salve. There are poisonous counterfeits. DeWitt's is the only original Witch Hazel Salve. It is a safe and certain cure for piles and skin diseases. F. S. Duffy.

### GENERAL APATHY.

#### Claimed at Washington That he is Still in Command of Campaign.

**Special to Journal.**  
WASHINGTON, October 1.—Although it is only a little more than a month to election day, the politicians have not succeeded in working up anything like the usual excitement at this stage of the campaign.

They claim everything, but are really up in the air, so to speak, themselves as to what the result will be, so far as being able to produce any tangible foundation for their claims, and they fear that if the people are too busy to do the ordinary campaign shouting, they may also be too busy to vote.

From the best obtainable evidence, sifted with prejudice, it seems almost certain that control of the House will go with the Presidency—If Mr. McKinley is re-elected, his party will elect a majority of the House, and if Mr. Bryan is elected, his party will have the House. The uncertainty about the Presidency is largely owing to the belief that the vote is going to be much smaller than it was in 1896, when the whole country was worked up to fever heat.

### Russia's Advance.

MOSCOW, Sept. 31.—Reports from Kabul say that the British are alarmed at the movements of the Russian troops on the Afghan frontier. The Amer also is said to share in the panic and to be purchasing large stocks of rifles and field guns. The granaries at Herat and Kandahar are full to their tops at capacity, and both fortresses are prepared for a long siege. A supply of cattle for army transport purposes has been bought in Turkistan, and the exportation of Afghan horses is prohibited.
