WORKS BADLY.

Senatorial Primary Tends To Weaken State Campaign

Cots At Soldiers Home. A Noble Gift, Reception At Soldiers Home. Hosiery Mill Output. Decrease In Mortgages.

Special to Journal.

RALEIGH, October 4.

Secretary Pearsall of the Democratic State Committee says that while just now the Senatorial contest is attracting far more attention than the National campaign, so far as North Carolina is concerned, yet he thinks it will soon be fought out, and that then the public will return to the main issue.

In the 8th and 9th districts it is learned from a member of the State Democratic Committee that the consensus of opinion among the party is that the hot Senatorial is injuring the National campaign; the reason given being that the strong party workers there are parting on the Senatorial question and not working for the Congressional candidates and for Bryan as they should be doing among the doubtful voters. It is also said that some of the strongest advocates from these districts for the Senatorial primaries are now most anxious for postponement of it, abandonment of the plan, or else abandonment of it so far as those districts are concerned.

Julian S. Carr has provided the cots and furniture for 50 persons in the new hospital at the Soldiers Home. In this he carries out his offer made at the annual meeting of the State Veterans Association here in August. It is a very noble gift. It makes the much needed hospital immediately available.

The Daughters of the Confederacy will be represented by 57 delegates here next week. They will be given a reception at the Soldier's Home.

St. Paul's African M. E. church here is nearly ready for occupancy. It was begun in 1884, has cost about \$30,000, of which white people gave a large part; seats 1800 people and is an imposing building.

The Willard hose factory here now employs 125 persons. Its output 1 300 dozen a day. It has replaced half its looms with those making fine goods.

The Seaboard Air Line is putting down 16 miles of 80 lb. rail South of here, towards Hamlet. It is building a large depot and offices at Hamlet.

The decrease in the number of mortgages and mortgages in this county this year is about 15, the register of deeds says.

The Secretary of State is shipping the public and private acts of the June session of the legislature—2,900 of the private, 9,000 of the public.

The next meeting of the corporation commission is fixed for Thursday, October 18.

During September the mean temperature here was 73.8 degrees, or 3.8 above the average. The highest 96, lowest 52. Rainfall 2.13 inches, or an inch less than the average.

Chinese Situation.

Special to Journal.

WASHINGTON, Oct. 4.—The Chinese city of Shan Hai Kwan has surrendered to a British battle ship. Three British regiments have been sent to garrison it.

The American and Russian commanders have formally notified Field Marshal Count von Waldersee of the withdrawal of the American and Russian soldiers, respectively. The United States marines will proceed to Cavite. The British and German continue sending troops to Peking.

WASHINGTON, Oct. 3.—Plans are under consideration by which the powers will see that China carries out her purpose of punishing the guilty persons. The severity of China being accepted, it is felt to be proper that the punishment she inflicts shall be carried out in such a public manner, either with the knowledge of the foreign ministers or in their presence that there can be no question as to the completeness of the reparation. The German Government desires that this course be pursued, and there appears to be a general disposition to adopt some such supervision of the punishment.

Will Carry New York.

Richmond, Va., Oct. 2.—A large crowd assembled tonight at the Reservoir Park Casino, a mile from the city, to hear David B. Hill of New York discuss the campaign issues. In the course of his speech Mr. Hill said it was right that Bryan was given the Democratic nomination, and held that in his public career for four years the nominee had not said a foolish thing.

Mr. Hill said that he brought good cheer from the Empire State; that the people there were falling into line; that the Democrats were working night and day; that nothing honorable would be left undone in order to gain a Democratic victory, and that the Democrats expected to carry New York State for Bryan.

TRAIN ROBBER KILLED.

Exciting Attempt To Rob a Train. Brave Messenger Resists And Wins The Fight.

Special to Journal.

COUNCIL BLUFFS, Iowa, October 4.—A train was held up to day near here by train robbers. They forced the engineer and fireman to run the front of the train half a mile ahead of the remaining cars.

The express messenger refused to open his car door. The train robbers then placed two charges of dynamite against the door and forced the engineer to explode one of the charges. It failed to open the door and then the fireman was forced to explode the second charge which blew the door open.

One robber climbed into the car to blow open the safe, but the express messenger, named Charles Baxter, shot him six times. The messenger tried to kill the other robber but the latter fled. The dead body of the robber was brought by freight to Council Bluffs.

Wilmington Jail Escape.

WILMINGTON, N. C., October 3.—The keeper of the new Hanover county jail discovered this morning that a good-sized jail delivery had been effected during the night. Four prisoners escaped through a transom in one side of the building under the eaves. Contrary to orders they were not locked up in their cells. This left them free to climb on top of one of the cages and get up into the jail loft.

They took their hammocks, buckled them together, end to end, and making one end fast to a bar across the transom, easily descended to the ground. Two of the escaped prisoners were committed for larceny and one for highway robbery. The fourth, who was in for a trifling offense, was taken soon after he escaped. Another surrendered himself late this afternoon.

Great Day in Indianapolis.

INDIANAPOLIS, Ind., Oct. 3.—Great enthusiasm and large attendance marked the convention of the National Association of Democratic Clubs, which began here today.

The program for the opening session of the convention as officially announced was changed just prior to the hour of meeting. President W. R. Hearst was expected to be present and preside, but telegraphed that he was ill and unable to attend. The convention was therefore called to order by Senator James K. Jones, chairman of the Democratic National Committee. Mayor Taggart was introduced and made an address of welcome.

The parade was a big success. From the buildings in the business portion American flags and streamers of hunting were hung to the breeze. Prominent among the decorations portraits, framed in electric bulbs, of distinguished leaders of the Democracy were displayed. Thousands of persons lined the sidewalks.

Weather Conditions.

WASHINGTON, Oct. 4.—For North Carolina, rain Friday, fresh northeast winds.

Weather Conditions.—A moderate depression of the barometer has moved in to the Gulf and is apparently south of Port Kads.

Cloudy and unsettled weather has spread into the East Gulf States and showers are reported this morning in that section and Atlantic coast states. Wilmington reported a rainfall of 1.68, and Jacksonville 2.02 inches during the past 24 hours.

The temperatures have been moderate on the Atlantic coast, and ranged yesterday from 86 to 90 over the interior valleys and West Gulf States.

The conditions indicate unsettled weather for this section during the next 36 hours with occasional showers. The winds will be mostly from northeast and fresh.

Feelings of safety pervade the household that uses One Minute Cough Cure, the only harmless remedy that produces immediate results. It is infallible for coughs, colds, croup and all throat and lung troubles. It will prevent consumption. F. S. Duff.

London's Big Coal Order.

CHICAGO, Oct. 3.—Negotiations for the sale of 500,000 tons of American coal have practically been completed between a Chicago firm of bituminous coal mine owners and operators and an agent of a London brokerage firm who is now in this city. The purchase price will be paid in cash. The deal is believed to mark the beginning of a regular demand by British concerns for American coal.

After a long training by practical experience and study from celebrated books on the human eye and scientific fitting of lens I feel competent after having purchased an up-to-date trial case to satisfactorily fit you with glasses. I will exchange lens any time within one month free. I have a full line of all optical goods. Yours, etc., J. O. Baxter, The Jeweler.

Don't fail to look at our stock of Shoes, Hats, Neck wear, etc. I can do you good. J. J. Baxter.

STILL APART.

Little Change In the Strike. Miners Expect Better Terms.

Special to Journal.

WILKESBARRE, Pa., October 4.—The situation in the mining strike is unchanged today. Fourteen thousand strikers have appealed to President Mitchell for supplies. Food is being distributed at Pottsville.

The last of the Reading collieries save one, is tied up. Coal reserves and shipments have nearly stopped.

It is believed that the companies are about to change their offers and make more liberal terms to the strikers. The report reaches this city that the Delaware and Hudson Company, one of the large producers, is now trying to make arrangements for lower terms of transportation over the lines of connecting roads to tidewater.

President Mitchell expects that he will have occasion to issue a call for a general conference of representatives of the local unions, to be held in Scranton during the latter portion of this week. Delegates have been elected in some mining districts, including Shenandoah, although the call has not yet been issued. As matters now stand it may not be made for several days.

New Bern Cotton Market.
Cotton sold in the local market yesterday at 9.90 to 10. Sales were 131 bales.

Leaders All Be There.

NEW YORK, October 3.—Tammany's program for the Madison Square Garden meeting on October 10 has been completed. Mr. Croker will have a place of honor on the platform. Mr. Bryan will speak first. After him will come Adlai E. Stevenson, and then Mr. Croker. The other speakers will be Webster Davis, John R. Stanchfield and William F. Mackey, of Buffalo. Edward M. Shepley will preside.

After leaving the Garden Mr. Bryan will speak at Madison Avenue and Twenty-fourth street, at Tammany Hall, where meetings will be held inside and outside and at Cooper Union. At Madison Square Garden each person who enters will receive a small American flag.
