At the afternoon session there will be a report by the committee for the Jefferson Davis monument, with introductory remarks by Col. Thomas S. Kennan. Captain C. B. Denon will deliver an address on the causes which led up to the Civil War. The State chairman will report, and the chapters will submit their reports. A collection will be made. The songs, "Tenting to Night," and "Dixie" will be sung. In the evening the local chapter, Johnston Pettigrew will give a reception in the auditorium, to the visiting daughters, etc., and a portrait of Capt. Thomas Sparrow will be presented.

Thursday, the 11th, there will be business sessions in the morning and afternoon and the visitors will be driven around the city and to the Soldiers' Home, at which the local camp of the United Confederate Veterans will give them a reception. In the evening from 8:30 to 11 the Capital Club will give the delegates a reception.

Mr. and Mrs. M. T. Norris of Raleigh announce the engagements of their daughters, Miss Mamie Norris to Mr. Henry A. Coles of Atlanta, Ga., and Miss Ethel Norris to Mr. Joe K. Marshall of Raleigh. Both marriages will take place before the holidays. The Misses Norris are well known in social circles in North Carolina.

The Supreme court will devote next week to the hearing of appeals from the third district.

The trees look much greener than they did as much as two months ago. This is particularly the case in the forests. A very late frost is predicted.

Last year was a notable one for insects which ate the foliage of trees. This year there have been remarkably few such insects.

The Melrose knitting mill here will manufacture men's underwear.

Secretary Pearson says the news which is now coming into Democratic State headquarters shows that things are rapidly brightening so far as the National campaign in this State is concerned.

The city has decided to put up names of all streets and to thoroughly and carefully renumber the houses. The numbering was done in 1884.

Ex-Senator Jarvis says he believes the Senatorial primary will prove helpful to the Democratic ticket, will bring out a full vote and save one or two close districts.

MAKING INDIANA SURE.

Bryan Speaks To Enormous Crowds in Trust Regions.
RICHMOND, Ind., Oct. 6.—In nine counties in this State to-day Hon. William J. Bryan spoke to 13 enormous gatherings.

The places in which stops were made ranged from 3,000 to 22,000 in population, and the crowds ranged all the way up to 30,000. The day's work was planned with a view to economy of time, and word had been passed along the line that no parades should be arranged in order that Mr. Bryan might have more actual time for speaking. With the same end in view all the meetings were held close to the railroad stations.

The day was one of hard, serious campaigning among a class of voters whom the Democrats hope to bring into line this year. Four of the counties visited—Madison, Delaware, Grant and Blackford—are in the gas belt and are centers of trust manufacturing interests in glass and tin-plate. Early in the day Mr. Bryan started to use his anti-trust ammunition and for 19 hours he poured hot shot into corporations in restraint of trade. Without exceptions his audiences expressed bolters enthusiasm approval of his anti-trust utterances.

During the day Mr. Bryan spoke in counties the combined Republican majorities in which were 13,822 in 1896. But two of them gave Democratic majorities. No attempt is made by partisans on either side to deny that the trip of the Democratic leader through this part of Indiana has brought out more large audiences in succession than any other candidate heretofore.

Fire at Hawkside.

The dry kiln at Hawkside, belonging to the Pine Lumber Company, was burned yesterday morning. It was filled with lumber and the loss is about \$1200. The sawmill and other property was not injured. Some 200,000 feet of lumber has been recently shipped, which was near the kiln and this is regarded as a fortunate thing. The building will be replaced at once.

THE SOIL SURVEY.

Now Completed and Large Scale Map to be Made.
Special to Journal.

RALEIGH, October 6.—The State Chemist says that the soil survey of a strip of land eight miles wide from Raleigh to New Bern is now completed. Chemists are analyzing the soil samples.

A detailed map of the New Bern trucking region is now being made by C. L. Harris and a United States specialist will classify the different soils. A map on a scale of four inches to the mile will show the various soils on any fifty acre farm.

Weather Conditions.

Washington, D. C. October 6.—For North Carolina, Fair Sunday. Fresh east to south winds.

Weather Conditions.—The moderate depression over the Gulf yesterday has moved inland and combined with a low area of considerable intensity central near Omaha, Neb.

High temperatures occurred yesterday over the west and southwest from Nebraska to Texas.

North Carolina Populists.

CHARLOTTE, N. C. October 6.—The Populists of the Seventh North Carolina District, at Salisbury, today nominated ex-Congressman A. C. Shuford for Congress and endorsed Barker and Donnelly for president and vice-president.

Hard to Believe.

LONDON, October 6.—The Daily Chronicle publishes the following statement by its Washington correspondent:

"The United States Government has proposed to the Powers to insist that Prince Tuan be beheaded, that the Emperor be induced to go to Peking to form a Government of progressive under the support of European bayonets, and that the Emperor Dowager be deposed."

Even the Daily Chronicle admits that it finds considerable difficulty in believing this report.

Ross Withdraws Offer.

NEW YORK, Oct. 6.—Charles Broadway House has withdrawn his offer of \$1,000,000 for the restoration of his eyesight.

"No further test shall be made," said Mr. Ross today. "I withdraw my offer of \$1,000,000 for a cure. I shall discontinue the services of my substitute. It is decreed a shall remain forever blind. All tests have proved futile and not one has given me the slightest relief. The experiment on the eyes of my substitute, James J. Martin, have proven equally useless. I will pass the remainder of my days in pain."

Played Real Indian.

Special to Journal.
TAMMAM, N. J., October 6.—A number of boys were "playing Indian" here today and one of their number, Ed McBride, to the state as a captive. They built a fire around him and attempting to extinguish the fire they used gasoline for fuel. The boy was burned to death.

BELIEVED NEAR END.

But Miners Hold Out and No More Concessions.
HARRISBURG, Pa., Oct. 6.—The belief prevalent here that the anthracite coal strike is approaching an end is considerably strengthened tonight by the action of the individual operators in following the lead of the big coal carrying and coal mining railroads by offering a new increase of ten per cent. in the wages of their employees.

New York, October 5.—The Evening Post says:

"President J. Rogers Maxwell, of the New Jersey Central, and the president of another coal-carrying railway, who declined to be quoted for publication, made the definite announcement today that no further concessions would be granted to the striking miners, and that if they did not accept the 20 per cent. offer the strike would be fought out."

A Call to the Clubs.

The State Association of Democratic Clubs was organized in Raleigh on September 26th. A permanent organization was made by electing a President, Secretary, one Vice-President from each Congressional District and an Executive Committee of five members.

Eleven delegates, one from each district and two representing the State-at-large were elected to represent the Association at Indianapolis at the National Convention of Clubs. Eleven alternate delegates were also elected.

The organization, in its working force has representatives in all parts of the State. The object of the Association is to assist in giving Bryan and Stevenson the electoral vote of North Carolina, and to help elect nine Democratic Congressmen from this State. To this end, all patriotic citizens are cordially invited to co-operate.

The platform and principles of the Association are found in the platform of the Democratic party promulgated at Kansas City. The Clubs have no candidates other than those named by the Democratic conventions.

The County Chairmen are requested to call a meeting in each township in their various counties on Saturday, the 13th day of October, for the purpose of organizing a Club. It is also urged that at each speaking by candidates or other Democratic a Club be formed. Do not let an opportunity pass to organize. These Clubs are a part of the party machinery. They are subject to the party authority. The two main purposes for which they are to be formed are to distribute literature and to bring out a full vote. It is presumed that the last campaign secured a full registration. As soon as a Club is formed send the names of the officers to Hon. F. M. Simmons, Chairman, Raleigh, N. C. Also send a list of the officers to Max Thompson, New York City, N. C.

Let each Club appoint an active committee to secure the attendance of voters at the polls. A full vote will give the Democratic party 50,000 majority. The issues involved are momentous, vital and far-reaching. Our free institutions are endangered by a colonial policy abroad and by aggregation of wealth at home. Let North Carolina make a firm stand against both.

The State Association adopted as its emblem a button containing a picture of that great tribune of the plain people, William Jennings Bryan, upon a field of silver, encircled by these burning words from his great speech of acceptance: "The Man rather than the Dollar!" In this sentence is contained the true theory of government.
