RALEIGH.

Effort to Persuade Farmers to Store Their Cotton.

Grand Lodge of Masons. Streets Laid With Stone. Auditorium Causes Varying Opinions. The Hearing at Greensboro.

Special to Journal.
RALEIGH, October 8.—Grand Secretary John C. Drewry of the Grand Lodge of Masons reports that there are now 319 subordinate lodges and that the total membership is 14,000.

The most earnest efforts are being made here to induce farmers to refuse to sell their cotton for less than 10 cents a number of them are storing.

The State Superintendent of public instruction is now preparing his abstract of reports. He has as yet failed to receive reports from the County Superintendents of Cumberland, Edgecombe, Iredell and Martin.

District Democratic elector B. C. Beckwith and Congressional nominee J. H. Pou returned today from Randolph county where they made speeches last week. Mr. Beckwith says the party will get the same vote it got in the August election in that county, that the attendance at the speakings was good and interest was shown.

This city has so far this year laid 52 blocks of macadamize, the granite used being taken from the quarry which furnished the stone for the State capitol.

There is a hitch here about the auditorium. It was at first decided to build the Trade building, make an entrance through it and build the auditorium in rear. The auditorium stockholders assented, but not by a stock vote. Now a stock vote will be taken. Many people do not like the location in rear of Trade building, but desire a prominent location and a handsome and showy building.

Democrats are manifesting much interest in the hearing at Greensboro which began today, of the cases against Democratic election officers. The institution of these suits has aroused no little feeling, particularly against district attorney Holton, Republican ex-State chairman and one of the bitterest Republicans in the State.

Returning From the War.

Special to Journal.
LOSOS, October 8.—Ex-President Kruger, according to reports, has decided to reside in Brussels.

Kruger's grandson, Mr. Kloff, will sail October 10 to prepare a residence in Brussels for Mr. Kruger, who will sail on the Dutch cruiser Gellerland a few days later.

The City of London Volunteers called for England today from Cape Town: their departure being attended by a scene of great enthusiasm. Sir Alfred Milner, in the course of an address thanking them for their services to the Empire, told them that a still greater reception awaited them at home.

A railway collision in a Berlin station today killed 10 and wounded 26 people.

The Minnesota Tornado.

Special to Journal.
MINNEAPOLIS, Minn. Oct. 8.—The tornado in Minnesota killed 9 people and wounded many. Much property was destroyed at Pewabic. Six people were also killed in a Finnish village. The tornado struck a railway engine house and smashed the engine and cars into scrap iron.

Quiet in China.

Special to Journal.
WASHINGTON, Oct. 8.—Minister Wu tells the State Department that the rumor that there are great armies of Boxers under terms is untrue.

The Empress Dowager and court have gone to Shan Si. The United States has not yet replied to the French note on the Chinese question.

Gen. Lee Favors Canteen.

Special to Journal.
WASHINGTON, Oct. 8.—Gen. Fitzhugh Lee, in his annual report to the War Department, comes out in favor of the army canteen and declares that it tends to the moral improvement of the men, and eases the condition of one particular command, which had no canteen before they came under him, to prove the declaration. The administration takes good care to publish every good word it receives for the army canteen.

Bryan at His Home.

Special to Journal.
SALAM, Ill., October 8.—W. J. Bryan was given a grand reception at his birthplace at this town. He met his relatives and many old friends and visited the old farm.

Mr. Bryan addressed the big crowd today before starting on his tour through Illinois. Mr. Bryan showed some feeling at some of the villagers putting McKinley and Roosevelt pictures in the windows during his visit.

SETTLEMENT COMING.

Advance in Coal Wages By All Companies. Convention Called.

PHILADELPHIA, Pa., Oct. 8.—A ten per cent. advance to the coal miners has been made unanimous by all the coal railways and the independent operators.

It is expected that work will be resumed in all the anthracite coal mines next Monday. President Mitchell calls the miners in convention at Scranton next Friday.

An annual wage scale arrangement similar to that in force in the bituminous coal field is advocated by Mitchell and other leaders. The operators in those regions meet their employees each year and fix the wage scale.

Colder Weather.

WASHINGTON, Oct. 8.—For North Carolina, rain followed by clearing and colder Tuesday, fresh south shifting to north-west winds.

Weather Conditions.—A high pressure area is central over the northwest which has extended into the lake region, the interior and the western and northwestern states with much colder weather.

Freezing temperatures are reported from Nebraska northward. Heavy frost occurred at St. Paul.

Showers have fallen in the Gulf and South Atlantic States, Ohio Valley, lower lake region, and on the Middle and North Atlantic coast.

Post Office Affairs.

WASHINGTON, October 8.—The business of the Post office department has increased one-third in the last four years or \$180,000,000, and the difference between expenses and receipts is slowly but surely decreasing, having been \$1,500,000 less for the last fiscal year than for the year previous, but the balance on the wrong side of the ledger is still considerable, the exact figures for the year being \$4,801,718.81. Unless the abuses of second class mail, which are entirely too numerous, but which Congress has refused to legislate out of existence after two hard and bitter fights, are allowed to increase, the business of the Post office will be in a few years self-sustaining.

It is hardly likely that it will ever be allowed to become profitable to any considerable extent, as the movement for one cent letter postage, which has not been actively pushed for several years, can be depended upon to become popular as soon as the deficit in the postal service is overtaken by the receipts.

DEMOCRATIC CLUBS.

Call for Organization in Townships Next Saturday.

By order of the State Chairman of Democratic Clubs, the following call is issued:

The State Association of Democratic Clubs was organized in Raleigh on September 26th. A permanent organization was made by electing a President, Secretary, one Vice-President from each Congressional District and an Executive Committee of five members.

Eleven delegates, one from each district and two representing the State-at-large were elected to represent the Association at Indianapolis at the National Convention of Clubs. Eleven alternate delegates were also elected.

The organization, in its working force has representatives in all parts of the State. The object of the Association is to assist in giving Bryan and Stevenson the electoral vote of North Carolina, and to help elect nine Democratic Congressmen from this State. To this end, all patriotic citizens are cordially invited to co-operate.

The platform and principles of the Association are found in the platform of the Democratic party promulgated at Kansas City. The Clubs have no candidates other than those named by the Democratic conventions.

The County Chairmen are requested to call a meeting in each township in their various counties on Saturday, the 13th day of October, for the purpose of organizing a Club. It is also urged that at each speaking by candidates or other Democrats a Club be formed. Do not let an opportunity pass to organize. These Clubs are a part of the party machinery. They are subject to the party authority. The two main purposes for which they are to be formed are to distribute literature and to bring out a full vote. It is presumed that the last campaign secured a full registration. As soon as a Club is formed send the names of the officers to Hon. F. M. Simmons, Chairman, Raleigh, N. C. Also send a list of the officers to Max Thompson, New York City, N. Y.

Let each Club appoint an active committee to secure the attendance of voters at the polls. A full vote will give the Democratic party 50,000 majority. The issues involved are momentous, vital and far-reaching. Our free institutions are endangered by a colonial policy abroad and by aggregation of wealth at home. Let North Carolina make a firm stand against both.

The State Association adopted as its emblem a button containing a picture of that great tribune of the plain people, William Jennings Bryan, upon a field of silver, encircled by these burning words from his great speech of acceptance: "The Sun rather than the Dollar!" In this sentence is contained the true theory of government.

G. T. WATSON, Chemist,
F. T. FAYRENSON, Secretary.
