## MIDDLE-ROAD

Populists May Support their National Candidates.

Regret That Aycock Cannot Speak.  
Cotton Mill Strike. Greensboro Fair. District Court. Chamber of Commerce.

Special to Journal.

RALEIGH, N. C., Oct. 10. Some of the Middle-of-the-road Populists arrived today. They will have a convention here to-morrow, to nominate electors. John P. Sossaman of Mocklenburg is their apparent leader. He says the Populists will support Barker and Donnelly. He insists that in his county there are 650 Populists who will thus vote. Dr. Cyrus Thompson, Secretary of the State is a middle-of-the-road Populist. Congressman Atwater of this district says the Populists will vote for Bryan. Secretary R. B. Davis of the Populist State Committee will vote for McKinley and thinks many Populists will do the same thing.

Great regret is expressed at the fact that by reason of sickness, Gov-elect Charles B. Aycock will be unable to speak in the National campaign. There were many requests for speeches by him at various parts of the State.

Cool weather has at last come to the delight of every one. Steam was turned on in the public buildings to-day.

The State charters the Heath-Morrow Company of Monroe. Its capital is \$100,000 and will deal in cotton. The North Carolina Peanut Company of Weldon, capital \$100,000, M. W. Ransom and others stockholders.

The Holt Cotton Mills at Haw River are yet shut down. Sixteen other mills in that county have served notice that Oct. 15 all union labor will be dispensed with. The strike is as unresolvable as was ever known.

The Chamber of Commerce at Raleigh held its annual session last night. It has 100 members. Among the chief things which it promoted during the year are the Melrose Knitting mill, the auditorium company and the Methodist orphanage.

There are now 26 children in the newly established Catholic protectory here.

The registers of deeds of six counties have not yet sent to the State auditor their reports for 1899. The penalty for such failure is severe.

There will be two fast races at the State fair here—a trotting in 2:15 and a pacing in 2:18.

The Central Carolina fair at Greensboro was formally opened this morning. The opening was postponed from yesterday by reason of the bad weather.

The annual meeting of the Confederate Veterans of North Carolina here October 24th, will be unusually largely attended.

The United States district court which is now also a circuit court, meets at Elizabeth City next Tuesday, and the following Tuesday at New Bern. The dual court will be in session at each of these places.

The Supreme Court proceedings on yesterday were:

Third District appeals argued: State vs. Page, argued by Attorney General for State, Skinner and Wheelbee for defendant.

State vs. Overby, by Attorney General for State, Pitman and Kerr for defendant.

Insurance Co. vs. Steamship Co., continued.

Cantwell vs. Herring, and Boykin and Boykin and Honey (three cases) argued by Deans and Cantwell and J. H. Poul for plaintiffs, F. A. Woodard for defendants.

Fleming vs. Lumber Co., by Skinner and Wheelbee for plaintiff, J. L. Fleming for defendant. (The argument in this case will be resumed this morning.)

Appeals from 3d, District now on the docket, and are as follows: Finlayson vs. Kirby; Jones vs. Duncan; Coley vs. Railroad; Bell vs. Commissioners.

The appeals from this District, will be called on Tuesday October 16.

Bryan in Michigan.

Special to Journal.

DETROIT, Mich., Oct. 10.—W. J. Bryan is greatly pleased with the Illinois demonstrations during his tour through the State.

Today Mr. Bryan began his Michigan campaign and is speaking at different points in the State.

Buller in Pretoria.

Special to Journal.

LONDON, October 10.—General Buller has gone to Pretoria and received an enthusiastic greeting.

The British War Office has published orders that the bulk of the militia regiments called out for service during the Fourth African war are to be disbanded. This affects 50,000 men.

Yellow Fever in New York.

Special to Journal.

New York, Oct. 10.—A case of yellow fever is reported by the authorities. The patient came from Havana.

## DAUGHTERS OF CONFEDERACY.

In Fourth Annual Session at Raleigh. Large Attendance.

Special to Journal.

RALEIGH, Oct. 10.—The fourth annual session of the United Daughters of the Confederacy of North Carolina began today in the lecture hall of the agricultural building, Miss Allie Rodman of Wilmington presiding. The attendance is much the largest on record. Rev. Dr. M. M. Marshall, rector of Christ church here, opened the session with prayer.

This afternoon there was a public session at which matters relative to the Davis monument was taken up. After some introductory remarks by Col. T. S. Kennan, Capt. C. D. Denson delivered an address on the causes which led up to the civil war. The various reports were read. There were some special music features. This afternoon there was a reception to the Daughters at the soldiers home.

Malaria Virus Cure.

TAOYMA, Wash., October 9.—Passengers who arrived here yesterday from the Orient report that Prof. Robert Koch is at Hongkong.

The eminent bacteriologist of the Berlin University has devoted a year to scientific investigations in the Dutch East Indies and in the German colonies of East Africa for the purpose of testing what he claims is a cure of malaria, which was only partially successful in Germany before his departure. The scientist now announces to the medical world that his cure is positive and that every malarial district can be absolutely purged of the scourge.

During his stay on the Island of Java Professor Koch procured several gorillas infected with malaria. He gave them hypodermic injections of his virus and in their food he mixed a medicine which contains about 50 per cent. of quinine. The doses were much larger than those intended for human beings, and the results were eminently satisfactory.

Dr. Koch announces that his medicine is both for curative and preventive purposes. He also wants it known that he has found a way of ridding countries of the malarial parasites, the mosquitoes.

On his arrival in Berlin he will present his official report to the German Government and will recommend that measures be taken at once to introduce his method of exterminating the parasites and his cure for malaria. He claims the latter can be manufactured at once in all countries.

Germany's Cotton Factories.

WASHINGTON, Oct. 9.—"If, for any reason, Germany should be cut off for one year from her cotton supply there would be a crisis of incalculable consequences," says United States Consul Winter at Annaberg, in a report to the state department upon the cotton consumption in that country. "In order to guard against any possible emergency, the German Colonial Association," says Consul Winter, "recently sent a petition to the Imperial chancery, requesting that every means be used to introduce cotton growing in the different German colonies where climate and soil favor. With the exception of about \$17,000 worth of cotton grown in one little colony, Germany is entirely dependent upon the United States and England for this commodity, and she consumes more of it than any nation of the continent. This accounts for her desire to produce her own cotton."

"Germany, France and England," says the consul, "have never forgotten the days of the civil war, when their cotton supply was completely cut off by the blockade of the southern states."

There is a tendency, he said, on the part of cotton industries to gravitate towards the centers of production, that is, the United States, England and the East Indies. The shifting of cotton mills and manufacturers to these points save money and time, and the problem which confronts Germany is to insure a cotton supply that can be absolutely depended upon in peace or war.

Soldiers Home Burned.

Special to Journal.

BORIS, Crr., Ind., Oct. 10.—The Soldiers Home at this city was burned today. One veteran was suffocated by smoke, out of eight hundred inmates of the Home.

The Strikers.

Special to Journal.

PHILADELPHIA, Pa., Oct. 10.—Twenty-five thousand coal mine strikers paraded at Merion to-day.

President Mitchell spoke and declared that the miners will demand two week's pay, a reduction in the price of powder, and ten per cent. increase in wages, the latter being already conceded by the mine operators and the powder reduction being also arranged for.

Wheat in Place of Cotton.

George W. Truitt, Truitt's great cotton grower, stated that he is now growing up some of his cotton fields preparatory to sowing wheat. He says of course, the cotton has all been picked out on the land he is plowing. Not only Mr. Truitt but other farmers are now doing the same thing. It seems that late is good evidence of a short crop. Another healthy indication is that they are growing the same kind for wheat—Germania Kings.

Weather Condition.

WASHINGTON, Oct. 10.—For North Carolina, fair Thursday except occasional rains on the coast Thursday. Fresh to brisk northeast winds.

Weather Conditions.—The high pressure area has moved slowly eastward and is central over the interior valleys and southern portions of the upper lake region.

Light frosts are reported from Chicago and Pittsburg. The weather is cooler over the eastern portion of the country from Florida north and northeastward to the lower lakes and New England.

Rains have fallen along the Atlantic and west Gulf.

China Helps Russia.

Special to Journal.

WASHINGTON, Oct. 10.—China is reported to have voluntarily ceded Manchuria to Russia, the cession being made under a secret treaty.

The report that Secretary Hay is to retire has no foundation.

New York, Oct. 9.—A complete list of the Protestant missionaries believed to have been killed from the beginning of the Boxer movement to September 5th, has been received by the American Bible Society, from Rev. John R. Hykes, D. D., its agent in Shanghai.

The list contains the names of 178 people, very few, if any, of whom, will escape. Of these 66 are men, 73 women (41 married and 33 single), and 39 children.

In the above total there are the following Americans: 25 men, 24 women.

There are still some missionaries in the provinces of Kansu and Kwachow who have not been heard from for some time, but there is good reason to hope that they will get to places of safety.

Big Orange Crop.

JACKSONVILLE, Fla., Oct. 8.—Railroad men who are going through the State preparing for the winter's shipment of oranges report that the coming crop will be the largest marketed since 1894.

Fruit men who have been investigating the matter say the same careful estimates show that the crop will be fully one million boxes.

The crops of some of the largest growers in South Florida have already been purchased at a rate of \$1.35 per box on the tree. Next season's crop, if nothing interferes, will be over a million and a half boxes.
