WHITE GETS CASH.

By Order Superior Court the Shell
Fish Commissioner Draws \$400.

Converting White Supremacy Clubs,
Ninth Congressional District.
Tickets Sent out. No Top
Crop. Freight Rates
Argued.

Special to Journal.
RALEIGH, October 18.—Francis D. Winston, state organizer of Democratic clubs, says that up to this date about 40 per cent of the White Supremacy clubs, formed last summer, have converted themselves into Bryan and Stevenson clubs.

The Republican leaders here say they see no prospect of carrying any district save the 9th. They say that in the 8th, there is organized opposition to Blackburn, their nominee; that their margin there is but small, and that J. B. Fortune, the independent Republican nominee, who represents what are known as the "insurgents," will certainly command some votes.

The last legislature abolished the office of chief shell fish inspector held by Theophilus White, fustianist, and created 7 oyster commissioners, at \$400 a year each. White sued to retain his office and also to get the entire \$2800. The Supreme Court said he could not be ousted during his term and also that he was entitled only to \$400. The auditor and treasurer declined to pay this, saying the act of the legislature named the 7 commissioners. Today the Supreme Court by mandamus forced them to pay the \$400 to White.

Today the work of sending out the Democratic electoral and Congressional tickets was finished. There are 1,900,000 Congressional and 1,750,000 electoral tickets sent out.
There was sharp frost today. It settled the question of the "top crop" of cotton. The growth of cotton at the top during the past 30 days has been phenomenal and many people have declared there would be a top crop, but it is a myth.

The corporation commission met today and took up the question of freight rates, the subject being that of classification. The furniture manufacturers appeared in large numbers and asked for a lower classification of furniture, so as to give them a lower rate of freight. The Wilmington tariff association, represented by James Kyle, asked for a lower rate on cotton piece goods.

In the new annex of the State museum one of the largest halls is to be set apart as the History room, and in this objects of interest in the history of the State will be arranged chronologically; for instance colonial, revolutionary, prior to the civil war, civil war, etc. There will be no Confederate room, in charge of any organization, and no historical collection in charge of any association. All will be under the direct control and management of the museum and the collections will be both by gift and loan.

It is claimed that the freight rate on cotton goods shipped by mills in this State to other points in the State is 20 per cent higher than the rate in Georgia. Hence a 20 per cent reduction is asked. The Wilmington, Fayetteville and other mills petition for this.

Mrs. Spicer Whitaker is elected regent of the North Carolina Daughters of the Revolution, Mrs. D. H. Hill, vice-regent, Mrs. T. K. Bruner, Secretary.
Rev. John E. White, of this city will accept the pastorate of the Second Baptist church of Atlanta.

The Corporation Commission at the request of the railroads has postponed action on the new freight classification, until November 10th.

THE STRIKERS WIN.

Great Coal Mines To Open Next Monday.
All Demands Granted.

Special to Journal.
PHILADELPHIA, Oct. 18.—The great anthracite coal strike after one month's duration, is settled, and the coal companies have posted notices for the miners to resume work next Monday.

PHILADELPHIA, Oct. 17.—The strike by the anthracite mine workers of Pennsylvania, which began September 17th, practically ended to-day when the Philadelphia and Reading Coal and Iron Company and the Lehigh Valley Coal Company agreed to abolish the sliding scale in their respective regions and to grant an advance in wages of ten per cent. net, the advance to remain in operation until April 1st, 1901, or thereafter.

This action meets the demands of the miners' Scranton convention.
The decision was arrived at after a conference of representatives of the individual coal operators and the large coal carrying companies. The conference began yesterday. To-day's action was the culmination of the recent meeting of the individual operators at Scranton, following the Mine Worker's convention in the same city. Nearly all the collieries in the coal region had previous to the miners' convention, posted a notice granting an advance of ten per cent. The mine workers in considering this demanded that the sliding scale be the Lehigh and Schuylkill districts be abolished, the advance guaranteed until April 1st, and all other differences be submitted for arbitration.

The individual operators agreed to everything, and the appointment of a committee to induce the Reading and the Lehigh companies to abolish the sliding scale and make the wage permanent followed. It is conceded that the result of to-day's conference is a complete victory for the miners.

All the demands of their convention are acceded to, and as one of the individual operators put it, after the conference, the operators go a little further in agreeing to maintain the wage advance after April 1st.

GEN. CARR'S LIBERALITY.

Will Send Democratic Literature To The
Ninth.

Gen. Julian S. Carr of Durham, desiring to aid in the election of W. J. Bryan for president and Hon. W. T. Crawford for Congress, has generously notified Hon. J. D. Murphy, chairman of the Democratic executive committee of the ninth district, to send a list of names and postoffices, and he will immediately send 5000 copies of the Weekly New York Journal to all points of this district.

This practical demonstration of Gen. Carr's interest in Democracy will win the gratitude of all Democrats. The offer was contained in the following letter:

"I am very anxious that the North Carolina electoral vote should be cast for W. J. Bryan for president, and that we send like representatives to Congress in full sympathy with him.

"I am deeply desirous for the success of Hon. W. T. Crawford. He is a splendid type of the Bryan Democrat, and has proven himself to be a wise and capable Congressman. The success of him by the Republicans was a most outrageous act, and every Democrat sincerely feels a great desire to see this wrong righted.

"It has occurred to me that it might do some good if 5000 copies of the New York Journal were sent out all over this district from now until election day. If you think this wise, send list of names and postoffices at once to the New York Journal, and I will see that the same are sent at once.

"Congratulations to you on the splendid work you are doing, and expressing my hope to cross your path. I am yours very truly,
J. H. Carr."
