### RALEIGH

Tobacco Only Crops Up To Average. Support Of National Ticket. Rancy Memorial Library.

Special to Journal.  
RALEIGH, Oct. 23.—The State crop report for October was issued today by the agricultural department. It says that tobacco alone holds its quality as compared with the August showing, perhaps increased in quantity but of inferior quality to the 1899 crop. The general status of the chief crops is as follows: Yield of cotton as compared with an average year 68 per cent., quality 91; yields of tobacco compared with an average year 71; condition of corn 70, peanuts 75; sweet potatoes 74.

The Supreme court today took up the 5th district appeals. Many lawyers are here, among them, T. T. Hicks of Henderson, F. L. Fuller, J. S. Manning and J. Crawford Briggs of Durham; Charles W. Stedman, R. R. Kingman, J. L. Morehead of Greensboro; J. W. Huges, A. A. Hicks, Oxford; P. C. Graham of Durham and A. L. Brooks of Greensboro; A. A. Cooke and Hen. G. Green of Warrenton; F. I. Osborne of Charlotte; A. W. Graham of Oxford.

Mr. Frank P. Haywood, Sr., died here today at the home of his daughter Mrs. Elizabeth Budger. He was 91 years of age and was born in Raleigh. He was one of its three oldest citizens. He had been an invalid several years.

Edward W. Pou, Democratic nominee for Congress in this district, says that at 25 places at which he has spoken he has not seen or heard of a man who in August voted the Democratic ticket who does not purpose to vote it again in November.

He says as to the arrests of Democratic election officers in Johnston county by federal officials that all are made merely for political effect; that the whole Republican idea is to debauch their offices in an effort to cast aspersions upon the Democrats there.

This evening at the Rancy Memorial Library the State Literary Society held its first meeting. The presiding officer was Judge Walter Clark. Many literary people were present. The features of the evening were the talks upon special subjects. These were by Prof. Bassett of Trinity College and Maj. Daves of New Bern, in "How to collect and preserve material for State and local history" by Maj. F. J. Hale of Fayetteville, in "Practical plans for publishing what we may produce," and by Prof. Stead of Wake Forest on "How we may stimulate the production of literature in North Carolina."

### New Bern Fair Nov. 12-17, 1900

**Hamburg Loan Taken.**  
New York, Oct. 22.—Subscriptions to the new Hamburg 4 per cent. loan, amounting to 40,000,000 marks (about \$10,000,000) reached up to noon today called for more than the portion allotted to this country and insures the success of the offering.  
The books close in Germany tomorrow. The orders came principally from local subscribers, out-of-town purchasers having had scarcely time to declare their intentions.  
It is announced definitely that arrangements have been perfected whereby interest payments in the Hamburg loan will be made in the United States instead of at foreign centers, so in the case of nearly every other foreign loan offering.

### IN THREE STATES.

Bryan Speaks From an Automobile To Vast Crowds in West Va.

Special to Journal.  
WASHINGTON, Oct. 23.—William J. Bryan discussed the campaign issues in West Virginia, speaking from an automobile to the great crowds of people.  
Later in the day he spoke at Rockville, Md., and at Alexandria, Va. At the latter place he predicted that Virginia Democrats would have far greater company in this year's election than they had four years ago.

### HOBSON SPEAKS OUT.

Asks Justice For Admiral Sampson, Commander of the Fleet at Santiago.

ATLANTA, Ga., Oct. 22.—During his present visit to his home in Alabama and wherever he has appeared before the public, Lieut. Richard P. Hobson has been quoted as saying that Admiral Sampson is dying of a broken heart owing to the Sampson-Schley controversy, which was the outcome of the naval battle of Santiago. He is quoted as follows:

"When last Saturday, October 13, I saw in the papers that Admiral Sampson was ill, I took the next train to Boston and spent Sunday with him. His health is declining. His physicians are baffled at his malady. His organs are right, but his health does not improve.

"We touched on one or two subjects. For a little while he could not speak. Soon he had to be carried to his room, and I did not see him again. Mrs. Sampson told me that this great man was brooding, was breaking his heart at the thought that his fellow-countrymen were so unkind.

"I said to Mrs. Sampson: When I visit my Southland if the opportunity offers itself I wish to try to tell them something of this majestic character. She replied: 'You dare not. Your Southland was quick and vigorous to resent what was thought to be an attempt to take away the laurels of one of its great men.'

"I came by Washington and saw the Secretary of the Navy and the President. To them I also stated my intention and they both gave their consent, warning me, however of what I might expect."

Mr. Hobson in his speech at a public reception here to-day said Admiral Sampson had not received simple justice at the hands of the American public. He said:

"It has been sought to place him in a leapable light before the world, to make him an incompetent, narrow minded man, jealous of the fame of his contemporaries, particularly of one illustrious naval chief. As his junior officer serving under him, I express the deliberate opinion that Admiral Sampson is the colossal figure of the Spanish American war—the genius of the naval victory of Santiago.

"He is unmatched to day as the brilliant mind of a war squadron on the sea."  
"I say this much for him, because he is a silent man. In the clamor of column and detraction he holds his peace, though his great heart is rent with this unkind cut. He suffers in silence."

No other pills can equal DeWitt's Little Early Risers for promptness, certainty and efficiency. F. S. Duffy.

### General Buller Welcomed.

Special to Journal.  
CAPE TOWN, Oct. 23.—General Buller arrived here today and was given an enthusiastic reception.

### Waiting for the Word.

Special to Journal.  
PITTSBURGH, October 23. It seems probable that President Mitchell will soon speak the word which means the resumption of work by the striking coal miners. He concedes a point on the powder question. Special officers guarding the Empire Colliery were repeatedly fired on last night. The mines continue idle.

There will be a great demonstration of miners at Pottsville tomorrow. It is expected that twenty thousand men will be in line. Strikers from the neighborhood of Wilkesbarre are invited to join.

Torturing skin eruptions, burns and sores are soothed at once and promptly healed by applying DeWitt's Witch Hazel Ointment, the best known cure for piles. Beware of worthless counterfeits. F. S. Duffy.

### Zeppelin Air Ship Tested.

FRANKFURT, WURTEMBERG, Oct. 22.—Another trial of count Zeppelin's airship was made yesterday, resulting in a series of successful evolutions.  
The airship, with Lieut. Zeppelin and Herr Eugen Wolf on board, succeeded at 3 o'clock this afternoon in an altitude of five-eighths of a mile, where various maneuvers were executed. It descended slowly to the water which it reached near the pier of departure, at twenty-five minutes past 5.

The King and Queen of Wurttemberg witnessed the trial.  
The best method of cleaning the face is the use of the famous little pills known as DeWitt's Little Early Risers. Keep in mind. Never grip. F. S. Duffy.
