#### RALEIGH.

##### The Murder Case. Fou Sure of Election. Railroad Extension in Hyde County.

Special to Journal.  
RALEIGH, October 31.—Today the white men, Mangum and O'Neal, were arraigned on the charge of murdering Peter Griffin, also white, in this county. Two weeks ago the coroner's jury said the killing was a justifiable homicide, but last Friday the men were arrested and jailed, without the privilege of bail. The State claims to have a strong case against them.

H. L. Grant, the Republican clerk of the Federal Court here, makes the charge that the Democrats are keeping J. J. Jenkins, Populist, in the field as a Congressional candidate in this district; in other words are paying him not to withdraw in favor of Giles, the Republican nominee, in order to have an opportunity to divide the Republican vote. The fact is the Democrats do not care a straw whether Jenkins stays in the field or withdraws, as E. W. Pox, the Democratic nominee will win in a walk.

Engineer Clapman of the Great Eastern railway is here, looking into the business end of the road, with a view to ascertain whether it will pay to extend the road to Raleigh. It is now under construction between Fremont and Snow Hill, and its objective point eastward is Eglehard, Hyde county, on Pamlico sound. Clapman says that there will be an all-rail route between Fremont and Eglehard. Several hundred men are now grading and some miles of track are down. He will look carefully into the prospect for business in case it is decided that Raleigh will be a desirable objective point.

The State museum is presented by Hill Reed of Herford county with the first copy of the New York Sun, of date Sept 3, 1823. It is a trifle larger than a letter sheet but the paper and the press work are of high quality.

#### Boers Sure to Win.

Special to Journal.  
LONDON, Oct. 31.—A dispatch from Pretoria says that negotiations for the surrender of the Boers have failed. The Boers believe that if they can hold out to the end of the year they will receive foreign help.

#### N. C. Cotton Crop.

Special to Journal.  
RALEIGH, Oct. 31.—The estimate on the cotton crop of North Carolina for this year is four hundred and fifty thousand bales.

#### Parade in New York.

Special to Journal.  
NEW YORK, Oct. 31.—A big Sound Money parade is being arranged in New York City for Saturday.

#### Montenegro and Austria.

Special to Journal.  
VIENNA, Oct. 31.—The Montenegrins attacked an Austrian frontier patrol today. Two Montenegrins were killed and ten wounded. Two Austrians were wounded.

#### To Carry Ohio.

Special to Journal.  
CINCINNATI, October 31.—The Democrats of Cincinnati have gone to work to make the Bryan demonstration in this city tonight the greatest and most enthusiastic political gathering in the history of Ohio, looking towards carrying the state for Mr. Bryan.

#### Searching the Ruins.

Special to Journal.  
NEW YORK, October 31.—It is found that the explosion in the Tarrant building fire was caused by overheated chloride of potash which generated an explosive gas.

It will never be known how many were killed, the bodies were so mangled and found in so many fragments.

#### Alvord in the Tombs.

NEW YORK, October 30.—Cornelius E. Alvord, the bank embezzler, passed a restless night in a cell at police headquarters. This morning he was allowed the privilege of the corridor, and sat out in his shirt sleeves reading the morning papers and smoking.

It appears probable that there may be a long contest as to jurisdiction. District Attorney Gardner apparently being determined that the prisoner shall be tried in a State Court.

#### New York For Bryan.

NEW YORK, October 30.—Executive Chairman James K. McGuire, of the Democratic State Committee, gave out tonight the first estimate from the Democratic State Committee on how the State would go. He said:

"Our canvass of the State gives Bryan 50,000, and it also shows that the Republicans will not come to the Bronx with more than 70,000 majority. I have refrained from making any statements heretofore until our canvass was completed. This estimate on our canvass is a very conservative one."

#### CHAIRMAN JOHNSON SAYS.

##### Maryland, Delaware and California Safe. Will Carry Minnesota, Wisconsin and Illinois.

NEW YORK, Oct. 30.—A dispatch to the New York Sun from Chicago gives the following interview with J. G. Johnson, of Kansas, chairman of the Democratic National Executive Committee:

"We expect Mr. Bryan's speeches to be delivered here this week to carry Chicago and Illinois for the Democratic ticket. Four years ago his speeches in Chicago in the closing days of the campaign saved 30,000 votes for the ticket. This year he can do better, because conditions have changed. To-day our chances of carrying Illinois are good as those of the Republicans. Mr. Bryan's speeches here will change the tide and, I believe, carry the State."

"We will carry New York by 50,000 majority, Indiana by 25,000 and Ohio by 40,000. Maryland, West Virginia and Delaware are as safe for Bryan as Texas or South Carolina. I have just received a letter from the chairman of our State Committee in California assuring me that the State will go for Bryan by 10,000. We will carry Minnesota and Wisconsin. In Wisconsin there is now a strong movement in our favor, and I should not be surprised to see the State go for Bryan by 60,000."

"Mr. Bryan will carry every State west of the Missouri river, with the exception of Wyoming and possibly North Dakota. He will have 15,000 plurality in Kansas and 20,000 in Nebraska. The Republicans don't understand the conditions in those States. Bryan is much stronger there than he was four years ago. This election is going to be a revolution of the people, and Bryan is going to sweep the country."

#### Death of Gen. Frost.

ST. LOUIS, Oct. 30.—Gen. Daniel M. Frost, who fought in the Mexican War and commanded a brigade in the Confederate Army during the Civil War, is dead at his home in this city.

#### Death of a Noted Editor.

NEW ORLEANS, La., Oct. 30.—Major Henry James Harsey, editor of the Daily States and one of the best-known newspaper writers in the South, died here today. He was 60 years old and was born in Louisiana.

#### VOICE OF THE PEOPLE.

##### Advice to Colored People.

To the Editor:—Allow me space to give timely, saving, salvation advice to a people, unless now saved by efficacious and redeeming counsel and honest advice, their final terminous will equal a blank.

In the future, if there be one million colored voters more or less as the case may be, that when the two great parties name their candidates for any office, let the colored race equally divide their vote voting half for each party's candidate.

Politically, the colored voters should organize to this end at once.

Then to us, it would make no difference which political white side won. We would know the entire colored race every interest would be fully protected by the written and unwritten law.

No, there would not have been a single man of color disfranchised in any southern state to day, had this advice been given you for these thirty-four years by your white Republicans, your own race political leaders and the race's editors.

This is not written for the benefit of office holders nor office seekers of the race, but rather for the good of the race as a race, nothing more nor nothing less.

Remember this as a truth, that where you see or hear a colored man undertaking to criticize my advice here given, you investigate and you will find him to be a bigger office holder or an office seeker, or a paid nigger editor or an office seeking nigger editor, for these have labored hard for thirty-four years to keep the race in darkness and use it to further their ends.

I ask all editors irrespective of color, or party to reproduce this common caution in their papers.

Look out and see if you see it any paper except white papers.

[Signed] ISAAC H. SMITH,  
New Bern, N. C.

##### Knox Whips the Boers.

LONDON, Oct. 30.—The War office has received the following from Lord Roberts, dated Pretoria, October 28: "Knox successfully engaged Dewet on October 27. During the Boer retreat Knox caught Dewet in the Rensburg drift. The Boers lost considerably and left two guns and three wagons in Knox's hands. Another ammunition wagon was blown up by a shell. The British casualties were all."

Referring to the Jacobabad affair, Lord Roberts says it was due to the treachery of the inhabitants, who admitted the Boers to their houses at night. They opened fire at daybreak. Fourteen men were killed and 12 were wounded, mostly Cape Highlanders. Troops dispatched from the Modder river drove off the Boers. The houses of the treacherous inhabitants were destroyed. Commandant Beaman was killed.

Lord Roberts calls attention to the "increasing inclination of the better class of Boers to co-operate with British in some parts," since they find that possible warfare is "filled with heavy punishment."

#### UNITED WITH THEM.

##### This Country in Accord With Anglo-German Agreement.

Special to Journal.  
WASHINGTON, Oct. 31.—The reply of the United States to the agreement between England and Germany has been made public.

It is held by the administration that the Anglo-German agreement simply upholds the policy of the United States and that the open door policy will be maintained. The only disagreement is in regard to the details of the course to be pursued.

Japan has also accepted the agreement made by England and Germany.

In Russia's reply, the first two clauses are accepted. As to the third, a reference is made to the Russian circular of August 25 proposing the evacuation of Peking. The officials of the British Foreign Office do not regard the Russian note as adequate treatment of the points raised in the agreement.

##### Spread Like Wildfire.

When things are "the best" they become "the best-selling." Abraham Hare, a leading druggist, of Peleville, O., writes: "Electric Bitters are the best-selling bitters I have handled in 23 years. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of malady. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by C. D. Bradham, Druggist."
