CREATE ENMITIES.

Such is the Verdict on the State Primary.

Democratic State Committee Discuss Primary. Ninth District Appeals Douglass For Attorney General. Tax Assessment Cases.

Special to Journal.

RALEIGH, Nov. 20.—The Democratic State committee met tonight in special session. The matter it was particularly called to consider was that of primaries, legalized or otherwise. The senatorial primary lately held was a bad experiment and perhaps a costly one. At all events it is safe to predict there will be no more.

Walter H Neal, president of the State canvassing board, which was in session today said: "I hope the primary will be effectually squelched forever in North Carolina. We had one in Scotland county last year. It created enmities and was in all respects a failure."

The Supreme Court took up 9th district appeals today. Though the docket is light the attendance of lawyers is very large. Among those present are ex-Congressman R. Z. Linney, of Taylorville; A. D. Watts, of Iredell; W. W. Barber and T. B. Finley of Wilkes county; R. B. Glenn, of Winston; G. F. Bason and P. D. Walker, of Charlotte; Clyde R. Hoey, of Shelby; N. A. McLean of Lumberton; H. G. Conner, of Wilson; H. L. Stevens of Warsaw, W. C. Monroe and Stephen Isler of Goldsboro; E. L. Gaither of Mocksville, A. H. Eller and Lindsay Patterson of Winston.

Gen. Thomas F. Toon, who was in August elected State superintendent of public instruction is here.

The State board of canvassers resumed its session early today. Governor Russell and Chairman Walter H. Neal, a committee to ascertain whether in case of any errors in addition by county boards the State board could make corrections, decided that there was not such power. The Wake county returns were improperly added. Entry was made of this fact. The question was not a vital one in this particular case.

Gov. Russell appoints Robert Dick Douglas, son of associate Justice Robert M. Douglas and grand son of Stephen A. Douglas, to be attorney general, vice Walser, who resigned Saturday to become Supreme Court reporter. Mr. Douglass will hold the office less than two months, when R. D. Gilmer comes in.

Mr. Arthur Arrington of Franklin county says that inquiries made of the farmers there as to whether cotton or tobacco has paid better during the past 5 years show that cotton has paid better. Farmers are saying they think the day is coming when tobacco will be laid aside in favor of cotton.

On the 26th, instant the last hearing of the tax assessment cases, on the side of the railways will be had, in this city. That is it will be the last unless Judge Simonton gives the railways some time in rebuttal of the testimony the State will offer. The State will have three months time. There is talk of delaying the hearing of the State's side until after the legislature meets, as several members of the legislature are attorneys for the State in this case.

DeWitt's Little Early Risers are the best liver pills ever made. Easy to take and never gripe. F. S. Duffy.

The Senatorial Vote.

Special to Journal.

RALEIGH, N. C., November 20.—The Committee of the friends of Simmons and Carr, the candidates for Senator at the primary, canvassed the returns today. All the returns were in save those from Mecklenburg, Cherokee and Madison Counties and omitting these show for Simmons 100,490, Carr 44,988. The three counties not yet forwarding will add about five hundred to Simmons majority and make it almost exactly 56 thousand.

If you have ever seen a child in the agony of croup you can realize how grateful mothers are for One Minute Cough Cure which gives relief as soon as it is administered. It quickly cures cough, colds and all throat and lung troubles. F. S. Duffy.

Stage Coach in Use.

MCCONNELLSBURG, Pa., Nov. 17.—With a record of having traveled a sufficient number of miles to have taken him four times around the globe, David E Little, of this place, has resigned as stage coach driver after a service of 15 years. During these years Little carried over 12,000 persons across the Cove Mountain, among them some of the distinguished men of the country. He has crossed the mountain in his daily trips over 9300 times and has driven 98,800 miles.

VAST INCREASE OF EXPORTS.

Present Year Will Show Receipts of $100,000,000 Each Month.

WASHINGTON, D. C., Nov. 18.—October exports have broken all monthly records in the history of the commerce of the United States, and the 10 months of 1900 ending with October also break the record of exports for the corresponding period of preceding years. The total exports during the month of October, as shown by the records of the Treasury Bureau of Statistics, were $163,033,597, or practically double the exports of October 1894, when they were $83,653,121.

The total for the 10 months ending with October, 1900, is $1,194,775,365, or practically double that of the 10 months ending with October, 1894. Exports exceeded imports during the 10 months ending with October by $429,967,936, while in the corresponding 10 months of 1894 imports exceeded exports by $96,663,369. This year 1900 will, for the first time in the history of our commerce, show an export of more than $100,000,000 value in every month of the year.

Agriculture, mining and manufactures have jointly contributed to this enormous increase in our export business. The details of the tenth month of the year, October, have not yet been completed, but those for the nine months ending with September show that agricultural exports are $50,000,000 greater in 1900 than in 1899; manufactures, $61,000,000 greater; products of the mine, $7,000,000 in excess of the corresponding months of the preceding year and products of the forest $5,000,000 greater than in the nine months of 1899.

It is especially in raw cotton and manufactured iron and steel, however, that the greatest growth is shown. Exports of cotton in the single month of October amounted to over $80,000,000, against $28,000,000 in October, 1899; 30,000,000 in October, 1898, and $32,000,000 in October, 1897.

Both makers and circulators of counterfeits commit fraud. Honest men will not deceive you into buying worthless counterfeits of DeWitt's Witch Hazel Salve. The original is infallible for curing piles, sores, eczema and all skin diseases. F. S. Duffy.

Horse Show Opened.

NEW YORK, Nov 19.—With a first day's attendance estimated by the management at 12,000 New York's sixteenth annual horse show was launched to-day upon a week of prosperity, which is expected to surpass the best traditions of the association.

Never before have there been so many entries in most of the competing classes, and never have the advance sales of boxes and seats been so flattering. The receipts are reported to be already in advance of those of any former year.

Fifty-Six Cadets Punished.

ANNAPOLIS, Nov. 16.—Fifty-six cadets comprising the entire third class of the Naval Academy, have been placed on the third conduct grade.

The reason for this step is that the cadets signed a petition to the Secretary of the Navy asking him to show clemency to a cadet that the Superintendent had asked to have dismissed.

The Atlantic Coast Line.

RICHMOND, Nov. 19.—The annual meeting of the stockholders of the Atlantic Coast Line Railroad Company was held at the general offices of the company, in this city, today. President Elliott says the gross earnings and receipts from all sources for the year were $27,718,710.15, and of this amount $1,685,745.58, was received from operating the roads and $121,019.20 from other sources. The expenses of maintenance and operation and the taxes paid amounted in the aggregate to $21,000,000.00. The operating expenses were 58.5 per cent. of the gross receipts.

The election of officers resulted as follows: W. O. Elliott, president; H. Walters, first vice president; Alexander Hamilton, second vice president; E. S. Gibbons, third vice president.

MANY STILLS SEIZED.

There Were 483 Last Year. Tobacco Production.

WASHINGTON, Nov. 19.—In his annual report Commissioner Wilson states that during the last fiscal year 483 stills were seized and 51 arrests made. The value of the property seized foots up $45,425. With the plants seized were 58,000 gallons of spirits.

North Carolina stands third on the list of States producing the largest quantities of chewing and smoking tobacco 31,952,401 pounds, and is only surpassed by Missouri and Kentucky. North Carolina has 29 manufactures producing cigars and the output last year was 198,858,784. She also produced 291,396,500 cigarettes, using for that purpose 5,000,000 pounds of tobacco.

During the year 918 criminal suits were commenced in the State against violators of the internal revenue laws and of these 527 were decided in favor of the United States and only 169 adverse, the others being disposed of in various ways or still awaiting trial.

The Last Figures.

Special to Journal.

RALEIGH, Nov. 20.—The Democratic state committee tonight declare the result of the Senatorial primary and also unanimously declared F. M. Simmons the Democratic nominee for Senator.

The vote announced Simmons 102,355, Carr 47 282, with returns not in from Madison and Cherokee counties.

Kaiser Becomes a King.

Berlin, Nov. 19.—The coronation of Emperor William as King of Prussia will take place at Konigsberg on Friday, January 18, the thirtieth anniversary of the proclamation of the German Empire. The state festivities will last for four days.

The coronation will take place in the Royal Schloss, where the vast Moskowiter Saal is being prepared.

Kentucky Goes to Turkey.

WASHINGTON, Nov. 19.—The first-class battle-ship Kentucky, now in Mediterranean waters, has been ordered to touch at Smyrna, Turkey, on her way to the Philippines. The Kentucky has been in Mediterranean waters for some time and will stop at Algerian ports. She is now at Naples, Italy, and is going to Manila via the Suez Canal route, in command of Captain Colby M. Chester. The Kentucky's presence in Turkish waters will be coincident with renewed efforts on the part of the administration to collect from the Turkish government payment of the indemnity claimed by the United States for the destruction of missionary property in that country some years ago. These claims have been pending for a long time.

The payment was urged in turn by Minister Angell and Straus, and Mr. Griscom, the American charge d'affaires at Constantinople, has been persistent in his demands for a settlement, but thus far apparently without any definite assurance that the claims will be paid. The claims approximate in amount $100,000.

Smyrna lies at the head of the gulf of that name, has a large population and for centuries has been the most important centre of trade in the Levant. The city lies out of the ordinary line of travel to the Suez Canal.

Gatlin vs. Kilgo.

DURHAM, N. C., Nov. 19.—The suit of Gatlin vs. Kilgo and others is set for trial at Oxford on Wednesday. Possibly an date on the records of the State society has echoed more general interest than T. J. Gatlin is suing Rev. Dr. Kilgo W. H. Odell and R. E. Dukes for libel and defamation of character in the circuit of non-resident Benjamin Aitken.
