### A FEARFUL TALE.

State Charters Large Cotton Manufacturing Co. Registered Milleries School.

RATION, November 28.—Frank S. Spruill of Lumburg arrived here today from Nash county, where he appeared as a prosecuting attorney in a case which he says was the most revolting in his entire recollection. A white man named George Griffin and Griffin's second wife were convicted of manslaughter in causing the death of four of Griffin's children by a former marriage. It was shown that there were four children, the oldest 10 years of age; that they were placed in an out-house 60 feet from the house; that the step mother said she was "going to leave the miserable little dirt-eating devils out there and let them die; that the poor children were fed like beasts that they stinked and died on one bed, the first one in June, the others at intervals of a week or ten days; that their sores and bed were filled with maggots, that no doctor saw them, that they were given no medicine; that some of the neighbors discovered their awful condition and went to the place, that Griffin threatened to do those who came violence and so drove them off. The place is in the "darkest" part of Nash county and some of the people living near evidently did not understand their duty as neighbors. Griffin and his wife were first charged with murder and a true bill found. Then it was concluded that on account of their lowness in the scale of intelligence and their grinding poverty it was decided to try them for manslaughter. They were convicted and yesterday afternoon were sentenced, the unnatural brute of a father to 12 years and the inhuman step mother to 6 years in the penitentiary. Both richly deserved the limit, 30 years. It was contended in the defense that the children died as much of disease as neglect. The story is soul-harrowing. The bodies of the dead lay on the bed beside the living until the neighbors took them away.

The State charters the Chadwick cotton manufacturing company of Charlotte, Capital \$250,000. The mill will both spin and weave.

Arrivals: Walter G. MacRae, Wilmington; Wilson G. Lamb, Wilmington.

Revenue officers today seized the registered distillery of H. E. Joyner in this county and that of W. C. Stevens in Person county.

### The One Day Cold Cure.

For colds and sore throat use Kerwood's Chocolate-LaSalle Quinine. Easily taken as candy and quickly cures.

### The Shorts Frantic.

CHICAGO, Nov. 27.—Frantic efforts are being made by shorts caught in the Phillips corn corner to swap him with grain on the last day of the option. The way they hope to down him and get themselves out of a tight place is by reinspection of this week's receipts, which have been graded No. 3, one grade too low to pass on contract.

"They won't get a car of it graded up," said Phillips, when he was told of the tactics of the shorts. "When there is a corner on there is always a big demand for reinspection, but it never amounts to anything."

Phillips came into the pit early and lifted the price from 49 cents, where it opened. Between 50 and 51 cents he unloaded 300,000 bushels; his total sales for the day being 240,000 bushels. His day's transaction netted him a profit better than \$25,000.

Other days this week are said to have been equally profitable to him. Today's close was 50 cents.

If you have ever seen a child in the agony of croup you can realize how grateful mothers are for One Minute Cough Cure which gives relief as soon as it is administered. It quickly cures cough, colds and all throat and lung troubles. F. S. Duffy.

### War Secretary Home.

WASHINGTON, Nov. 27.—Secretary Root returned from Cuba at 1:30 today. He had expected to reach Washington in time for the Cabinet meeting, but a landslide on the railway south of Washington delayed the train five hours.

Mr. Root said his trip to Cuba had been quite satisfactory. He had confirmed his impression to the west end of the island, where he had visited with very favorable things. His annual report, Mr. Root said, would be ready for the President about the time Congress meets.

### Crar's Condition.

LEAVITT, November 28, Nov. 27.—The impression in the Crar's condition continues, judging from the following bulletin issued to-day.

The Crar passed a good day yesterday. At 9 o'clock in the evening his temperature was 97.5; pulse 94. During the night his Majesty slept well. The Emperor's condition and general strength this morning were perfectly satisfactory. Temperature, 98.5; pulse, 94.

### MEN, WOMEN AND PISTOLS.

Wives Take up the Quarrel of Their Husbands. One Man Killed.

TAMPA, Fla., November 27.—W. J. Bailey, railroad agent at Mango, shot and killed Paul Huet, a Frenchman, in a duel at that place. Huet, who was employed by Bailey, was ordered to stop the work on account of its not being satisfactory. Huet became enraged at this, and it is alleged, threatened to do Bailey violence. Bailey returned to his home for a gun. Huet ran to his home on a similar mission.

Mrs. Bailey followed her husband, armed with a pistol. Mrs. Huet followed her husband, similarly armed. When the party met, both men raised guns, it is alleged, and Bailey shot first, killing Huet instantly. Mrs. Bailey and Mrs. Huet were, in the meantime, fighting with revolvers. Mrs. Huet severely beating Mrs. Bailey over the head and painfully wounding her.

After the homicide, Bailey coolly carried his wife home, gave her medical attention, and then telegraphed to the officers to come for him.

**Mine Laid For Roberts.**

LONDON, Nov. 27.—The War Office makes public the following dispatch from Lord Roberts, dated at Johannesburg, yesterday:

"As reports of a plot against my life will probably reach you, I think you should know the facts. It is believed that there was a plot in existence, and five Italians, four Greeks and one Frenchman were arrested November 16 and are now awaiting trial. Their intentions were to explode a mine under St. Mary's Church during the morning service, held at 11 o'clock, on November 18".

The Evening Standard says the mine was to be exploded while Lord Roberts was attending the service.

### End Comes To Senator Davis.

ST. PAUL, Minn., Nov. 27.—United States Senator Cushman Kellogg Davis, chairman of the Committee on Foreign Relations of the Senate, died at his home in this city at 8:40 o'clock this evening after an illness of two months. He had suffered greatly during his sickness and gradually sank away, being unconscious for several hours before death, and, so far as known, suffering no pain.

Since November 18th the Senator has been subject to delirious spells. In his delirium he raved of his Congressional work. He would declare in vigorous phrases fragments of the nation's foreign policy.

After his return from the Maine campaign in September, Senator Davis was troubled by twinges of pain in one of his feet, to which he paid little attention, thinking it due to some neuralgia condition which would soon pass. He began an active campaign in this State, speaking in Duluth, September 21st, and at Alexandria, Minn., September 25th. During the latter speech he suffered so greatly that he could not finish his speech. He returned home at once and was ordered to bed by his physician.

It was at first believed the case was one of blood-poisoning, caused by infection through a slight abrasion of his foot from the dye of a black silk stocking, and surgical operations drew off the accumulation of pus. On November 11th kidney trouble became apparent, and since then the patient has steadily grown worse.

Throughout the last week the Senator suffered little pain from his foot, which was healing slowly. His strength was kept up with stimulants, but the failure of his kidneys to set left his system impregnated with poison. His delirium lasted nearly a week, and this morning he sank into unconsciousness, which lasted until death brought him relief.

### RESOURCES OF PHILIPPINES.

Judge Taft Says Opportunities Cannot Be Exaggerated.

CINCINNATI, Ohio, Nov. 27.—Judge Taft, president of the Philippine Commission, in a letter to a friend in this city, refers to the resources and needs of the islands as follows:

"With these islands completely pacified they are far and away the best possessions in the Orient for the purposes of trade and development. The climate is better than the climate of any tropical country I know, and the capacity for agricultural, mineral and commercial development would seem to be unlimited.

"Even with the unsettled condition of the country as it is the tonnage of the vessels coming into the harbor of Manila, excluding the Government transports, is double what it ever was in Spanish times, and the same thing is true of the inter-island tonnage. With the construction of roads and railroads through these islands the opportunities for development cannot be exaggerated. These people are a people who take to the luxuries of life, enjoy good clothes and comforts, and markets among them for cotton goods, canned goods, flour, petroleum and machinery can be created in a wonderfully short time.

"One of the things that is needed here is the introduction of American business methods. The establishment of two or three large American business houses here, retail and wholesale, carrying into business the same methods that prevail at home, would do wonders for the business standards of these islands."

Both makers and circulators of counterfeit bills commit fraud. Honest men will not receive you into buying worthless counterfeit bills of DeWitt's Witch Hazel Salve. The original is infallible for curing piles, sores, eczema and all skin diseases. F. S. Duffy.

### BELLAIR.

Missionary Society's Annual Meeting Farmers Feeling Happy.

November 28th.

The Beech Grove Missionary Society held its annual meeting last Friday, our friends from off did not join us as much as usual on these occasions and our gathering was not as large as it has been on some former meeting.

But we met to have a good social day, to collect missionary money and enjoy a good dinner at Beech Grove, all this we did.

Our Society beat itself this year by bringing in more than one hundred dollars for the great cause (\$108). More workers and more effective work done, is our report for 1900.

As to the dinner, it was all a farmer's appetite at 1 o'clock p. m. could desire. Only one feature was a disappointment, and that was bridge over very smoothly. Dr. Swindell our speaker was summoned off and could not be with us, but our pastor came in very nicely with an appreciative talk, and all went on nicely.

Saturday the 24th was quarterly meeting on our circuit, and when some of the brethren were regretting that they were "hopelessly behind on missions Beech Grove was rejoicing that her bells were all paid in full, without offset or discount.

Farmers are happy now or ought to be, bread in store, meat fattening on pens, potatoes, etc., fall work nearly done, cabbage being set, a full crop it seems, and now the warm sultry spell of last week broken and old "Boreas" sent us down a few blasts like winter, thermometer low enough to afford frost and ice.

The health of the community is fair and all seems to move on smoothly.

Thanksgiving is very near even at our doors, and whoever is not thankful is hardly worthy a place in the great mass of moving humanity, that is so rapidly nearing the 50th century. Conference in New Bern, a few hog killings, a few more social chats around the hearthstone, a few potpourris mixed with joy, a few days of toll and nights of sweet repose, and a New Year. A New Century will present itself to us for use and improvement.

When you want prompt acting little pills that never grip, use DeWitt's Little Early Rider. F. S. Duffy.
