## STATE FISHERY.

### Satisfaction Over Its Establishment On All Sides.

Trial For Swindling Through Mail. State Guard Report. Matter of Sale White Oak Swamp Lands. Will Vote For Bonds.

Special to Journal:

RALEIGH, Dec. 7.—Much satisfaction is expressed at the decision of the State Board of Agriculture to establish a fish hatchery at Avoca. The United States has had a hatchery across the river from that place, and it has not proved a success, but the State will have better fortune. A number of years ago its hatchery there was very successful.

In the federal court here today the trial of J. L. York of Fayetteville began the charge being using the mails for a swindling scheme.

Adjutant General Royster is here. He says the report of the First Regiment of the State Guard, which at present has only 10 companies, shows 466 officers and enlisted men.

The State board of education has made sale of the White Oak Swamp lands, in Onslow and Jones counties, for \$28,000. There are alleged to be 224,000 acres, but it is said there are really only 110,000. The lands are claimed by C. S. Vedder of Charleston S. C., under a grant of 1795. The State claims them, under deeds made by sheriff in 1799 and 1800, to governors William R. Davie and Benjamin Williams, for non-payment of taxes. It is said that a man in 1795 made entry of all the swamp lands in Jones and Onslow and sold them to the man for whom Vedder claims title for \$100,000. K. S. Finch got an option of the lands recently but sold it for \$175. As the lands are in dispute the State agrees to sell to a trustee, getting, as stated, \$28,000, of which \$1500 is in cash. Then Vedder can sell his interest to the same trustee for whatever he can get. It is the purpose to get the timber from the lands, which are useless for any other purpose.

The Board of Agriculture decided to submit to the legislature a provision for the fixing of a standard for fertilizers. The matter will go before the legislature in January.

The State Superintendent of Public Instruction says he is confident the ratification of the franchise amendment will result in a notable stimulation of public education. It is certain that more money will be given to the public. North Carolina, more populous than Virginia, gives only half as much to the common schools.

The aggregate capital of the wood-working establishments chartered by this State this year is \$975,000.

The Supreme Court will next week take up the last of the appeal dockets, that of the 12th district. It will probably end the fall term about Dec. 23.

There is no doubt that Raleigh will vote next year for another \$100,000 bond issue for street improvements. The macadamizing of streets has been pushed rapidly this year. Vast quantities of stone have been taken from the city's granite quarry and crushed or cut.

## THE TIBER DOES DAMAGE.

## Burglar Caught Napping.

MARSAQUA, L. I., Dec. 5.—Tired by the labor of ransacking a house and selecting what he wished to take away, a burglar sought the best bed in it early this morning and lay down to sleep. He was dreaming contentedly when awakened by the muzzle of a revolver being jabbed against his nose. The man behind the gun in this case was a minister. The intruder surrendered, as there were two men behind the man behind the gun.

The house had been thoroughly ransacked. Things were turned topsy turvy and clothing and other articles were scattered in all directions. A catch of silverware and other valuables stood near the bed and there was a bundle of clothing tied up ready to be carried off.

## CONSUL STOWE'S VIEWS.

### Situation in South Africa From American Standpoint.

LONDON, Dec. 4.—James G. Stowe, the United States Consul General at Cape Town, landed at Southampton today, wearing the identical coat which he wore when the Boers attacked his train while he was on his way to Pretoria on a special mission. A bullet hole in the collar of his coat testified to the narrowness of his escape.

Mr. Stowe is taking a long-delayed leave of absence, and will sail for the United States on Dec. 15 on the St. Louis. He said:

"I give the war in South Africa four months to come to an end. In my opinion, it is bound to be snuffed out during that period. I do not believe Lord Kitchener will do much more than any other General. The present plan of the British campaign is bound to bring about results. Moreover, there are 16,000 Boer prisoners in Ceylon, St. Helena, and Cape Town, all of whom are anxious to have an end of hostilities.

"Shortly before I left these Christian Botha, a cousin of Louis Botha, got up a petition among his fellow-prisoners at Cape Town urging the Commandant General to make peace. A majority signed the petition, which undoubtedly represented the aggregate opinion of the Boer prisoners.

"All this talk about burning farms is unbecoming. The only farms destroyed are those from which shots are fired at the British or those which are being obviously used to shelter the Boers."

Mr. Stowe commenced to relate several instances where the British had good excuse for burning farms, but refrained. He said he did not believe the rumors of a settlement in Cape Colony would result to much.

"I have friends among the Boers as well as the British. I have been strictly neutral throughout, and I do not believe that the colonists have any intention of cutting their own throats. Splendid commercial opportunities are being opened up in South Africa, of which the United States is only just beginning to take advantage. As soon as the fighting is over South Africa will be one of the best markets in the world, a market where the British themselves admit that we are already outstripping them."

## Don't use any of the counterfeits of DeWitt's Witch Hazel Salve.

Most of them are worthless or liable to cause injury. The original DeWitt's Witch Hazel Salve is a certain cure for piles, eczema, cuts, scalds, burns, sores and skin diseases. F. S. Duffy & Co.
