### NEW CENSUS.

#### Wilmington Gets Less Than Before.

School Census at Greensboro. Speedily Married.

RALPHIGH, December 21.—The police census of the city of Wilmington has been completed. It gives the population as being 20,907, which is just 69 less than the government figures made it. Before the count by the police was made the impression prevailed that the government had considerably underestimated the population. Neither the police court nor the estimate of the government includes cotton mill and trucking settlements on the suburbs.

Greensboro's new school census, just completed, shows that there are within the city limits 3,467 children of school age. Of this number 1,801 are white and 1,666 are colored. There are 65 more females than males.

The proceedings of the second annual convention of the Cotton States Association of Commissioners of Agriculture, which was held here last August appeared today. Copies may be had upon application to the State Agricultural Department.

The supervisor of roads of this county says he proposes in future to build only gravel roads; that they cost only half as much as macadam, are better and last nearly as long. They cost \$500 per mile grading included.

The Capitol Club will give two dances during the holidays.

The prospect of establishing a new opera house in Charlotte is engaging the attention of a number of prominent business men in that city, and there are indications that the plan now on foot will result in the building of a first-class theatre.

Dr. J. M. Spahnour, who is attending the meeting of the directors of the State Normal and Industrial College at Greensboro has a bundle of Continental money that was in circulation in North Carolina prior to 1776, which he is exhibiting to his friends in town.

A man named Burgess at Albemarle secured a divorce from his wife at the sitting of the court Saturday and immediately procured his license, went after his lady love and was united in marriage the following Monday.

### One Day Cold Cure.

Do not underestimate the power of this Cold Cure. Easily taken as candy and works like magic.

### Solomon's Judgment Revised.

The Independence Breeze says a magistrate in Georgia recently found himself in an embarrassing situation. Two young women each claimed to be the mother of an infant of six months. The magistrate, who had not forgotten his scriptural teaching called for a butcher's knife, and placing the child on the table in front of him, declared his intention of dividing it and giving a half to each of the vociferous claimants. "Don't do that," they shrieked, "keep the baby yourself," and immediately fled from the court house. The magistrate, it is said, has solved the difficulty in which he was placed by professionally adopting the child.

DeWitt's Little Early Risers are plenty little pills, but they never fail to cleanse the liver, remove obstructions and invigorate the system. F. S. Duffy & Co.

### Faith Cure and Typhoid.

BENTON HARBOR, Mich., Dec. 20.—Charles Mosher, aged thirty five, and his son Harold, aged ten, are dead from typhoid fever, and a daughter is not expected to live. The mother was sick, but is recovering. The father died yesterday, while the boy died Sunday. The family are followers of the Dowie faith and refused to have physicians. The sick members refuse to take medicine.

### Lived 108 Years.

HAWAII, Mass., Dec. 19.—James A. Nicholas, 108 years of age, died today of old age. He was a Welshman and had resided here for many years. He leaves three sons and two daughters.

### Fortune for Dead Daughter.

CHICAGO, Ill., Dec. 19.—Notwithstanding that she has been dead for 15 months Mrs. Horace Obenshyn, is named as a beneficiary in the will of her millionaire father, George A. Fuller, who died on Thursday, at a Long Island sanitarium. He died without knowing that his daughter was dead. She committed suicide by jumping from a window in the Hotel Majestic, in New York.

The will had been made five years ago and later Mr. Fuller's health became impaired, and the tragic death of his daughter was kept from his knowledge. He leaves a fortune of millions.

### Help is needed at once when a person's life is in danger. A neglected cough or cold may soon become serious and should be stopped at once. One Minute Cough Cure quickly cures: coughs and colds and the worst cases of throat, bronchitis, grippe and other throat and lung troubles. F. S. Duffy & Co.

### GOLD FOR HIS BOY.

#### Millionaire Cudaby Pays \$25,000 and His Son is Returned.

OMAHA, Neb., December 20.—There is rejoicing in the home of Edward Cudaby, the wealthy packing house owner and capitalist of this city. Edward Cudaby, Jr., who was kidnapped Tuesday evening, after being held thirty-six hours for a ransom of \$25,000 in gold, which the young man's father unhesitatingly paid, has been returned to his family, and to-night the boy and his parents are receiving congratulations from relatives and friends throughout the country.

Young Cudaby to-day related the story of being overpowered, placed in a closed carriage, blindfolded and bound and carried many miles from the city to a place, the location of which he cannot identify, and his father made known the details of a long ride into the country to deposit a bag containing \$25,000 in gold in a place indicated in a letter written Wednesday to Mr. Cudaby by the outlaws, naming this condition as a surety for the return of the boy.

This sum was to be deposited in a place indicated about five miles north of the city on a lonely road leading up the bank of the Missouri river.

Mr. Cudaby called into consultation the chief of police and his friends and discussed plans looking to the capture of the gang when they should make an appearance at the point of rendezvous named in the letter. The great strain on the family, however, caused Mr. Cudaby to abandon all idea of capturing the men in whose power was the life of his son, and he decided to at once comply with all the demands of the bandits.

Absolute secrecy was necessary and a trusted messenger was dispatched to the bank to secure the gold.

After securing the money he started out entirely alone. To identify himself he had attached to the dashboard of his buggy a red lantern, which was one of the conditions in the letter. Mr. Cudaby drove to the appointed place, where he found near the road a white lantern suspended from a short stake driven in the ground near the river bank. Nobody was in sight. He at once alighted, placed the bag of gold conveniently near the stake and returned to the city without hearing a sound.

That the bandits were on the spot and secured the valuable package cannot be doubted, for about 10 o'clock this morning, the young boy ran breathless up to the door of his father's home and rang the bell for admission.

Notwithstanding the entire police and detective force of the city, several Pinkertons from Chicago and half a hundred of Mr. Cudaby's own men have been searching diligently for a clue looking to the capture of the outlaws ever since the return of the young man, up to 11 o'clock tonight nothing has developed to give the least idea of the identity of the men who perpetrated the crime. Young Cudaby says there were six of the men, but that all wore masks.

Chief of Police Donohue said tonight that every effort was being made to bring the abductors to justice; that there were probably three instead of six men, that they had been figuring on it for at least six weeks and that the police suspect certain parties. He said that Mr. Cudaby evinced little desire to prosecute but tonight Mr. Cudaby announced he would pay \$25,000 reward for the apprehension of the abductors.

### Fate of Esterhazy.

PARIS, Dec. 20.—Major Count Ferdinand Esterhazy, who figured so prominently in the Dreyfus case, has sunk into utter misery, and writes from London that he is penniless, has not eaten for two days, has no clothes, and is compelled to warm himself by entering churches and museums.

### An English Steamer Ashore.

MIAMI, Fla., Dec. 20.—A large English tramp steamer went ashore this afternoon about 45 miles south of Miami. She is laden with coals.

The breakers have been running so high all day and to-night that the crews from the wrecking station have not as yet been able to reach her, or get sufficiently close to ascertain her name. The steamer is lying belly to night and every indication is that she will be a total loss with a loss of the cargo.

Many persons have had the experience of Mr. Peter Sherman, of North Stamford, N. H., who says, "For years I suffered terribly from chronic indigestion but Kodol Dyspeptic Cure made a well man of me." It digests what you eat and is a certain cure for dyspepsia, and every form of stomach trouble. It gives relief at once even in the worst cases and can't help but do you good.—F. S. Duffy & Co.

### Big Steel Output.

PITTSBURGH, Pa., Dec. 20.—Iron and steel statisticians here estimate that the rolled steel output for the year will be about 1,000,000 tons greater than that of 1899. It has been the prevalent impression that the output will show a decrease owing to the long shutdown of some mills, and the cry of dull times. The output for 1899 of all rolled steel was 19,377,897 tons. The output for the present year already exceeds 11,000,000.

Most of the mills doing heavy work ahead, and the prospects for the rolled steel tonnage of 1901 exceeding that of 1900 is good.

WASHINGTON, Dec. 20.—The North Carolina declaration in Congress is not a unit by any means in favor of the Hopkins bill. Several are looking with favor on the Burleigh bill which will give the State an additional member. <p>They have had informal conferences on the subject but when the voting occurs it will probably be found that without regard to politics the delegation will be very much split up.</p>
