But stop at 76 Pollock Street and leave your laundry. We have moved our Laundry Office to the store Mr. Mr. Berry generally uses for toys. We have our Laundry plant in fine shape, plenty of light, plenty of room, plenty of good soft water. Now with these advantages we will guarantee better work than we have ever done.

We don't stop at these promises. We have 400 nice presents which will be given away with every package of laundry that is left at the office. These presents are well worth coming after and will only be given out two weeks.

Our wages will be on the streets every day, all goods will be called for and delivered as before.

With many thanks for your past patronage and wishing all a prosperous New Year, we are

## THE STATE CAPITAL.

Reports of State Departments For Past Year.

Great Growth in Masonic and Odd Fellows Organizations. Soldiers at Governor's Inauguration. Association of Academies Election.

Special to Journal.  
RALEIGH, December 29.—Grand Secretary B. H. Woodell of the Grand Lodge of Odd Fellows says there are now 120 lodges, a gain of 5 per cent, with 7,000 members, a gain of 85 per cent in 13 months. This is a remarkable increase. The Masons during the year gained 5 lodges and 800 members. The gain of both organizations, as will be seen, is in addition to old lodges. The Odd Fellows are growing, however, far more rapidly than the Masons.

Secretary Bruner of the Agricultural department tells me he regards the shipments of the winter lettuce from the eastern counties as of marked importance. Shipments began December 15 and will continue until the crop is exhausted. He says the crop is more profitable than spring lettuce. Mr. Bruner says that the development of cattle raising in the mountain region is gratifying. There are many more cattle of the better breeds, such as Durham, Short Horn and Polled Angus. He says the most notable activity in the State just now outside of manufacturing and packing is of apple culture, brought about by what he terms the rediscovery of the apple region in Yancey county. A great many orchards are being set here as well as in Watauga, Wilkes, Madison, Haywood and other counties. That region is the habitat of the apple. The seedling developed there offers the world its finest apples. Under the new and proper plan only one variety of fruit is in orchard. This is called a commercial orchard. Good packing and good roads for the transportation of the apples are the prime necessities. In concluding his remarks on development in the State, Mr. Bruner said another notable feature of the year's work is the seeding of a very large fall acreage in wheat for central North Carolina to the mountains, and he speaks of this as a piedmont feature.

State Librarian M. O. Sherrill is preparing his report. It shows 30,000 volumes in the library proper. Regarding the library he says the first reference he can find to it is in the laws of 1821, when an act was established. It does not appear that it was of any size as far along as 1841. Gov. Morehead, Chief Justice Ellis, and Associate Justice Daniel and Watson were appointed trustees. The following have been the librarians: C. F. Taylor, Oliver H. Perry, Theophilus F. Hill, Henry D. Coley, Thomas P. Burnett, (now U. S. Judge) Sherwood Hayward, Randolph A. Shotwell, J. A. Birdsong, J. C. Ellington, R. M. Cobb, M. O. Sherrill. The library building is defective and is quite the reverse of a library.

The report of the corporation commission is in course of preparation. In 1901 the railway commission was created. The average number of complaints received was about 225 a year. In 1900 the railway commission was abolished and the corporation commission was established. All the duties of the railway commission were devolved upon it and many others besides, such as example supervision of banks and building and loan associations. The railway commission increased the railway assessment from 12 to 22 million dollars. Then last year the corporation commission increased it from 22 to 42 million. It was on this last increase that the great fight began, which has already been in progress 14 months. No one knows when it will end, and what it will cost. The commission has three months in which to take testimony before the standing master. Then the railways will have a month in which to take testimony in rebuttal. After all this the standing master will make his report to Judge McManis.

The railway commission reduced the passenger rates, first class from 24 to 21 cents and second class from 12 to 9 cents. Freight rates have been reduced about 25 per cent. Telegraph rates were reduced to 25 cents for a 10 word day message from any point in the State to any other point within it. The telegraph companies objected to this as a big fight and put the case in the federal court, but withdrew it and accepted the situation. Then came the "fusion" railway commission, put in by Governor Russell, by the force of arms, so to speak. That commission undertook to reduce the Western Union telegraph rates to 15 cents. When the corporation commission came in it withdrew the case and restored the 25 cent rate. The "fusion" commission issued an order reducing the passenger rates, first class to 21 cents. The corporation commission came in and withdrew this case from the federal court into which the telegraphists had put it.

There are about 50 applicants for admission to the Methodist Orphanage.

Help is needed at once when a person's life is in danger. A neglected cough or cold may soon become serious and cannot be stopped at once. One Minute Cough Cure quickly cures coughs and colds and the most rapid of relief, bronchitis, grippe and other chest and lung troubles. F. S. Duffy & Co.

## THE SISTERS OF ST. FRANCIS USE PERUNA

Their Favorite Remedy for Coughs, Colds, La Grippe and Catarrh.

ST. VINCENT'S ORPHAN ASYLUM, EAST MAIN ST., COLUMBUS, OHIO.

Dr. S. B. Hartman: "Some years ago a friend of our institution recommended to us Dr. Hartman's 'Per-na' as an excellent remedy for the la grippe, of which we then had several cases which threatened to be of a serious character. 'We began to use it and experienced such wonderful results that since then Per-na has become our favorite medicine for influenza, catarrh, coughs, colds and bronchitis.

SISTERS OF ST. FRANCIS, "St. Vincent's Orphan Asylum."

Mr. G. W. Arings, of Collinsville, Tex., writes: "I have been using Per-na for cough I have had for some time. It has completely cured me, and I do heartily recommend it to those suffering from coughs and colds. I will praise Per-na forever." Per-na cures la grippe.

Mr. Joseph Kirchensteiner, 87 Croton street, Cleveland, O., says: "We have used Per-na for eight years as our family medicine. During the whole of that time we have not had to employ a physician. Our family consists of seven, and we always use it for the thousand and one ailments to which mankind is liable. We have used it in cases of scarlet fever, measles and la grippe.

Whenever one of the family feel in the least ill mother always says: 'Take Per-na and you will be well,' or, 'if we do not happen to have any, 'We will have to get more Per-na.' Per-na is always satisfactory in colds and coughs."

Free Correspondence.

The climatic diseases of winter are mainly coughs, colds, catarrh, bronchitis, tonsillitis and other catarrhal affections of the respiratory tract. Per-na is an absolute specific for all of these affections. Per-na will cure a cough or a cold in a very few days. Per-na will cure chronic catarrh even of years' standing in a few weeks. Per-na should be kept in every house as a safeguard against the many affections to which the family is liable during the winter season.

Mr. Albert Borngraber, of Mayville, Wis., says: "I want to tell you that I have been given good health by Per-na. In September, 1898, I caught a very bad cold. It settled on my lungs and I was troubled with night sweats and a terrible cough. I could not sleep part of the time. I could scarcely breathe. I began to take Per-na, and in a short time was entirely cured."

Mr. W. E. McKain, Iowa, Pa., Texas, who was completely restored to health by Per-na, writes as follows: "I have used your Per-na and have given it a thorough trial. I must say the result was flattering to you, and I can conscientiously recommend it for coughs, colds, and especially la grippe." Address Dr. Hartman, Columbus, O., for a book on chronic coughs. Reported Capture of Dewet.

LONDON, Dec. 28.—Present reports are in circulation in London and throughout the continent that General Dewet has been captured. The British Chartered South Africa Company received this information from a source to which it is accustomed to place implicit confidence. The War Office, however, is without any confirmation of the report.

When you need a soothing and healing antiseptic application for any purpose, use the original DeWitt's Witch Hazel Ointment, a well known cure for piles and skin diseases. It heals sores without leaving a scar. Beware of counterfeits. F. S. Duffy & Co.

Stonewall Jackson's Chaplain Dead.

CLARKDALE, Miss, Dec. 28.—Rev. J. E. Martin, pastor of St. Luke's church, of Jackson, Tenn., died here today. He was chaplain with "Stonewall" Jackson in the Army of Virginia, during the civil war.

Many persons have had the experience of Mr. Peter Sherman, of North Street, N. H., who says, "For years I suffered torture from chronic indigestion but Kodol Dyspepsia Cure made a well man of me." It digests what you eat and is a certain cure for dyspepsia and every form of stomach trouble. It gives relief at once even in the worst cases and cost only 25c. at the drug store.—F. S. Duffy & Co.

Record Around Cape Horn.

SAN FRANCISCO, Dec. 18.—The new steamer Boston, built for the Oceanic Steamship Company, has arrived here after a record-breaking trip from Philadelphia. She came around Cape Horn in 29 days and 9 hours, making no stops. The best previous time was that made by the Heron, 42 days 5 hours. She stopped at Concord, however. The 29 days is a later ship of the Heron. She is to be placed in the run to Honolulu and Australia.

DeWitt's Little Early Bitters are daily little pills, but they never fail to cleanse the liver, remove obstructions and regulate the system. F. S. Duffy & Co.
