Special to Journal.

RALEIGH, Dec. 31.—The news of the sudden death of chief justice Faircloth at Goldsboro was the chief topic of talk yesterday and today. There was a meeting of the bar at the supreme court room at 9 o'clock this morning. At this the following were appointed a committee to go to Goldsboro to the burial: Gov. Russell, associate justice Clark, ex-chief justice Sheppard, Thomas S. Kensa; Spler Whitaker, and W. C. Douglas. The following were appointed to draft resolutions: Richard H. Battle, W. H. Day, Armistead Jones, S. G. Ryan, and J. H. Poo. Besides the committee above named several gentlemen went to Goldsboro, among them associate justice Douglas, Charles A. Cook, revenue collector Duncan, Claude Bernard, and J. C. L. Harris.

There is no end of surmises as to who will be the next chief justice. Most Republicans expect associate justice Furches to be and think C. A. Cook, E. W. Timberlake, W. S. O. B. Robinson or Augustus M. Moore to be the appointee to fill the vacancy caused by Furches' promotion. Some say the governor doesn't like Furches. Not a few express the belief that Cook or Timberlake will be named.

There is one story current that Senator Butler may get the place, that he would resign and C. A. Reynolds, who would thus become governor, would appoint Russell Senator.

Today there was talk among some leading democrats of having the bar urge Gov. Russell to go on the supreme bench to ask him to resign and let Gov. Reynolds appoint him. Those who favor this say the appointment must be made from the east and that Russell is far and away the ablest republican in that part of the State. They say it would really be almost an appointment by the bar, as it is evident that a republican is to have the place, and they do not want either Cook or Timberlake to have it. Timberlake came here yesterday, Cook today.

It is said that one of the largest fertilizer manufacturers in the State says his contracts for spring delivery are 150 per cent greater than last season's. This is construed to mean a vast average in cotton, a most deplorable thing.

The year ended today has certainly been a prosperous one for Raleigh and North Carolina.

To show the remarkable openness of the season it may be stated that roses were picked here today.

President Winston says the entrance examinations for the Agricultural and Mechanical College begins on January 3rd, at 9 a. m., thus requiring students to be here on January 2nd. The registration for the term is January 2-3. Examinations to remove conditions January 3rd and 4th. There will be a fee of \$1 each, for entrance examinations. Registration and examination to remove conditions charged all students who fail to be examined as prescribed above, on January 3rd and 4th. No fee will be charged those students who come to be examined on those days. The fees will be immediately turned over to the students aid fund, the fund started by the alumni to keep along needy students.

Some of the politicians are saying that Claude Bernard, U. S. district attorney, has a sort of idea that some one is after his place, and hints that Senator Marion Butler may be after it.

It is said that the best way to get at the true valuation of land for taxation is to have the land owner swear to it. Such a personal property is sworn to, just as valuation would not be binding on the State of course, but when the value of the land came in question in a way whatever it would give a most valuable kind of information.

The Capital Club to-night gave its New Year's dance.

The hearing of the assessment court at Wilmington will continue until Friday.

The assertion is positively made that the value of the different kind of negro illiterates will come before the State Supreme Court.

Quality and not quantity makes De Witt's Little Early Efficacy such a valuable little liver pill. F. S. Duffy & Co.

Cook Probably Chief Justice.

Special to Journal.

RALEIGH, December 31.—It is the current opinion tonight that Charles A. Cook will be made Chief Justice, to succeed Judge Faircloth. He has been at the Executive office most of the day.

The Governor has said that he intended to appoint a Republican lawyer late of Greensboro as Chief Justice. An official at the Capital has given a hint that Judge Timberlake will be appointed.

Will the Kaiser Come?

LONDON, Dec. 30.—With reference to an order of Prince Henry, of Prussia, to repair to Berlin, which The Norddeutsche Allgemeine Zeitung explains as due to the wish of Emperor William to have him learn the affairs of government, the Berlin correspondent of The Daily News mentions a conjecture that the summons is preparatory to a visit by the Kaiser to the United States.

Chinese Matters Look Well.

PEKING, Dec. 30.—The Chinese plenipotentiaries have been unexpectedly ordered to sign the preliminary joint note and have notified the foreign envoys to that effect. The Chinese themselves were greatly astonished at receiving the Imperial instructions. Neither Li Hong Chang nor Prince Chung had expected success in persuading the court under ten days. The Emperor's instructions are to agree fully to the note but to endeavor to get the best terms possible, particularly in the matter of limiting the number of legation guards and also as to the places where these are to be located and to request the powers not to destroy the forts, but merely to disarm them.

Value of A. C. Line.

Special to Journal.

RALEIGH, Dec. 31.—The Corporation Commission will on Wednesday have the books and papers of the Atlantic Coast Line produced before standing master at Wilmington to show its true value.

A Corner in Beans.

ST. LOUIS, Mo., Dec. 28.—The corner on the white bean market being manipulated by the Dickinsons in Chicago is having a bullish effect on prices here. Within two weeks the price on white beans has gone up from \$1.54 per bushel to \$2.50, and today at one part of the market the price reached \$3.50. It is the opinion of St. Louis merchants that the price may go up as high as \$2.50 before the corner ends.

According to the local merchants the Dickinsons have got the market at their mercy and there are only 300 cars in Chicago and 25 in St. Louis now owned by individuals independent of the corner. The shortage of the crop in Michigan and other points has played directly into the hands of the manipulators, and the great demand for the food coming from England and the United States for their armies in Africa and the Philippines has tended to bring on unusual hardness in price.

The College Graduate.

The late Mr. C. F. Huntington, in a public speech, shortly before his death, said that the college graduate was impotent. Mr. Robert Kille Jones, President of Robert College, discusses the matter thoroughly in an article in the January Forum, and points out the impotence in college discipline, the impotence of parents, and the course generally that will a college man for the severe struggle that must follow graduation if the graduate is dependent on his own energies for existence.

Imperial Post Office Notice.

It is very important that all persons holding keys to Post office boxes not now rented by them surrender them at this office at once. The keys are not the property of the Government. They are the property of the United States. The boxes have to be rented to other parties and it is not desirable to have some other party holding a key to their box. If mail should be placed out of the box, suspicion would of course rest upon the party holding the key.

Gain, Not Loss.

Regarding the Associated Press dispatch that members of the order of Chosen Friends would not get a cent for their policies. Secretary H. C. Twining, of Wilmington Council, No. 19, says that this does not apply to the council here. Some years ago all the councils of the order had the choice of adopting what is known as the equalization plan. Wilmington Council choose to adopt it. Its members gain instead of lose in the recent change in the order.—Wilmington Star.

Queen Wilhelmina's Marriage.

NEW YORK, Dec. 28.—The Holland Society, of New York, received a cablegram from The Hague today saying that Queen Wilhelmina's marriage has been set for February 7.

"What is light?" asked the teacher of the pupils in the junior class.

An Oversight.
"What are you here for, my man?" inquired the benevolent visitor at the jail.
"Why, you see, sir," answered the prisoner, "I tucked something that didn't belong to me by rights, and didn't do it according to law."
