## THE LEGISLATURE.

### Bill to Create State Text Book Commission.

Resolution to Congress to Improve Upper Cape Fear River. To Make First Monday in September Labor Day.

Bills Passed.

Special to Journal.

Raleigh, Jan. 17.—The Legislature today adopted a resolution, urging Congress to improve the Upper Cape Fear river.

Senator Aycock introduced a bill creating a State Text Book Commission, composed of the Governor, Superintendent of Public Instruction, and three members of the State Board of Education, with power to adopt and make contracts, the adoption to be for five years. There is now county adoption.

Books are to be examined and recommendation to the Commission will be made by committee of school teachers.

Bills passed the Senate incorporating the Security Life and Annuity Co. and the Southport and Northwestern, Railway.

It was private bill day in the House. The proceedings were uninteresting. A bill was passed making the first Monday in September "Labor Day." A bill giving the United States the right to acquire territory for the Appalachian National Park was ratified.

When threatened by pneumonia or any other lung trouble, prompt relief is necessary, as it is dangerous to delay. We would suggest that One Minute Cough Cure be taken as soon as indications of having taken cold are noticed. It cures quickly and its early use prevents consumption. F. S. Duffy & Co.

NEARLY \$60,000,000.

### House Passed The Rivers And Harbors Appropriation Bill.

WASHINGTON, Jan. 16.—The Rivers and Harbors Appropriation bill was passed today by the house. The bill has been under consideration for over a week and has been assailed from many quarters, but its friends have stood solidly by it and defeated every amendment to which the River and Harbor Committee would not agree.

The bill passed practically as it came from the committee. It carries slightly less than \$60,000,000, of which \$28,000,000 is in direct appropriations. The friends of the Missouri river improvement, although they were unsuccessful securing what they desired, persuaded Chairman Burton to offer an amendment to permit owners of property abutting on the Missouri to build dykes and wing dams for its protection where such structures do not interfere with the navigation of the stream.

Quality and not quantity makes De Witt's Little Early Risers such valuable little liver pills. F. S. Duffy & Co.

### Hanged For Train-Wrecking.

OCALA, Fla., Jan. 16.—Norman McKinney, colored, has been lynched for wrecking the Plant system fast train near Dunnellon Sunday night, and the victim implicated two others who may share the same fate if they are caught. In less than two hours after the wreck in which the engineer was killed, the Citrus county officers were on the trail of the wreckers, and a dozen arrests were made before noon Monday. All of the arrests were on suspicion and several of them were liberated, proving conclusively that they were not the guilty parties.

Monday afternoon McKinney was taking a deep interest in the affair and was promptly arrested by the officers, also on suspicion. That night he was questioned so closely and told so many conflicting stories that it was decided to carry him to Inverness, the county jail. On the way a mob of 50 or more overpowered the officers and took the prisoner. He was taken back to the scene of the wreck and there confessed to the crime, implicating and describing the two others, who have escaped, but are now being hunted. After the confession to which he stated that the train was wrecked for the purpose of robbery, he was hanged to a tree. The coroner's jury returned the verdict that he met death at the hands of parties unknown.

## MANY NEW CORPORATIONS.

Cotton Being Held Back. Meeting of State Association, Marriage at Chapel Hill.

Raleigh, N. C., January 17.—The beautiful weather ended last night and rain set in. The small grain will be benefited. It needs a snowfall. So far there has been a little snow as there was last winter.

There will be a great many new corporations this year. It is learned that there will be applications for at least two railway charters, and more development along that line than during the past 2 years. The State today chartered the Maxton ash and door company.

The cotton growers say a great deal of cotton is yet being held by growers and ginners. It is the case all through this section.

Revenue officers are at present making but few seizures in this district of illicit distilling though they admit that there is as much "moonshining" as ever.

At Chapel Hill last evening Miss Mary S. MacRae, daughter of ex-judge James O. MacRae, dean of the State University law school, was united in marriage to Mr. R. L. Gray, son of R. T. Gray, Esq., of Raleigh.

Ex-Attorney General Douglas in his report covering his brief term of office, warmly recommends the establishment of a reformatory for young criminals. The pressure for this is great, but there is considerable sentiment against it in the legislature, mainly from the members from the eastern section of the State, it appears.

President F. P. Venable of the State University says that while it gets \$35,000 a year from the State it ought really to have \$50,000.

No news has as yet been given out here as to the completion of arrangements for ending the \$10,000,000 tax assessment case between the railways and the corporation commission. The attorneys on both sides are dumb.

As your correspondent predicted two weeks ago, the republicans in the legislature would vote for Richard Pearson for U. S. Senator. Never was there an emptier compliment, but it is one he coveted. The caucus decides to support him.

The tobacco growers association of the State last night elected John S. Cunningham president. He is to go to Washington and urge a reduction of the tobacco tax, for which the association asks.

The State Cotton growers protective association also met, W. A. Graham presided. It discussed the best method of holding cotton. It too urged a reduction of tobacco tax.

## Alford Gets Thirteen Years.

New York, Jan. 16.—Cornelius L. Alford, Jr., the defaulting note taker of the First National Bank, was today sentenced to 13 years imprisonment. The amount of his defalcation was \$600,000. He was taken immediately to Sing Sing, where his pedigree was recorded and a striped suit given him.

## The Holy Bostonese.

Boston, Jan. 16.—The directors of the American Humane Education Society and Massachusetts Society for the Prevention of Cruelty to Animals today voted to petition Congress to prevent the further shipment of American horses and mules for use by the British army in South Africa in consideration of their terrible suffering when so used.

## HAZERS ARE DENOUNCED.

Mr. Driggs Uses Many Adjectives in Reference to West Pointers.

West Point, N. Y., Jan. 16.—Cadet Albert B. Dockery, of Mississippi, today acknowledged to the Congressional committee which is investigating hazing at the Military Academy, that he had exercised young MacArthur, who was with five or six other fourth class men.

"What was the reason for hazing MacArthur?" was asked.

"For not bracing hard enough," replied Dockery.

"Was it a disinclination on his part to brace hard?"

"I can't say sir."

"You are satisfied you hazed Mr. MacArthur and that he was sick—in fact, had convulsions after it?" said Mr. Driggs.

"Yes, sir."

"Did you think it was cruel?"

"Yes, sir."

"Well, young man, for your own information I will tell you that I think it was atrocious, base, detestable, disgraceful, dishonorable, disreputable, heinous, ignominious, ill famed, nefarious, odious, outrageous, scandalous, shameful, shameless, villainous and wicked," said Mr. Driggs and the torrent of adjectives almost took away Dockery's breath.

Cadet John C. Pegram, of Virginia, a second class man, said that he had hazed several cadets. He gave Cadet Brown 150 eagles. That was the only time he remembered having hazed Brown.

"How many eagles could you do yourself?" asked Colonel Clayton.

"I could do about 300," replied Pegram.

"Have you ever given tobacco sauce to other cadets?"

"No, sir, but I was required to take it myself. I have taken 10 drops three or four times."

"Were you ever engaged in a fight?"

"Yes, sir."

"With whom and where?"

"With F. M. Smith, of the third class. The fight took place in the barracks on November 5 last. I was awarded the fight on a foul. I was in the hospital for a week after it," replied Pegram.

Such little pills as DeWitt's Little Early Risers are very easily taken and they are wonderfully effective in cleaning the liver and bowels. F. S. Duffy & Co.
