### HONORS VICTORIA.

North Carolina Sends Resolution of Sympathy

To People of British Empire. Hopes For Increased Friendship Between America and Great Britain During King Edward's Reign.

Special to Journal.

Raleigh, January 23.—A resolution was introduced in the Senate, and adopted by both branches of the Legislature, ordering the National and State flags on the Capitol to be placed at half staff for three days, in memory of Queen Victoria.

Both branches by a rising vote adopted the following resolution introduced in the House:

"Resolved, that the sympathy of the people of North Carolina is with the family of Her Late Majesty, and with the people of the British Empire in their sorrow at the death of the Great and Good Queen Victoria.

"That the people of this State extend to His Majesty, Edward VII, their good wishes. They hope for him a long and happy reign, and they hope that during his reign the ties of friendship, long existing between the people of this Republic, and of the Mother Country may be multiplied and strengthened, and that peace, happiness, and prosperity may ever bless the Great Empire over which it is his high destiny to reign.

"That a copy of this resolution be transmitted to His Majesty's plenipotentiary at Washington City."

### IT IS SENATOR SIMMONS.

Duly declared Elected United States Senator to succeed Marion Butler.

Special to Journal.

Raleigh, January 23.—Both branches of the Legislature met in joint session at noon to lay and receive the report of the tellers on the election of F. M. Simmons for United States Senator.

The President of the Senate declared him duly elected and he was escorted to the hall by a committee, and spoke saying, "that he would make his term, six years of work and watchfulness, to better promote the interests of his State and country." Mr. Simmons was frequently and heartily applauded, during his speech and at its conclusion.

### TO SELL STATE ROADS.

Determined Effort to Sell North Carolina and A. & N. C. railroads.

Special to Journal.

Raleigh, Jan. 23.—Mr. J. O. L. Harris said he heard a prominent man say positively today, that there would be a determined effort made to sell the State interest in both the North Carolina and in the Atlantic and North Carolina railroads.

### SMALL POX OUTBREAK.

Reception and Ball to State officers.

Commissioners from the Governor.

Raleigh, January 23.—Secretary R. H. Lewis of the State board of health was today advised of a bad outbreak of small pox in Vance county. The members of the legislature from that county called on him and urged him to send an expert there.

At the capitol club this evening a reception and ball in compliment to the new State officers and the legislature were given. Refreshments were served. About 350 invitations were sent out.

The State labor commissioner is receiving inquiries from printing firms as to when he will award the contract for the public printing. This is not in his province, but is entirely in charge of the legislative joint committee on printing.

At the State museum a piano made in 1800 has been received. On it is the following inscription: "W. Whitaker Forte piano maker. Raleigh, 1800."

Tomorrow, Dr. J. L. M. Curry will address the legislature on education.

This afternoon the "Hull" bill, designed to give newspapers protection, which they very greatly need, and which was introduced by Senator London of Obidiah, was up before the committee on judiciary.

The Governor commissioned today W. F. Keester, captain, and Ripley P. Smith, 1st Lt. Co. M., 1st Regiment N. C. State Guard.

Friends of a white man, here, Joe Francis, are looking for him and believe he has committed suicide.

### MANILA REPORTS PROGRESS.

Secretary Root thinks The Outlook is Brighter.

WASHINGTON, Jan. 23.—At the Cabinet meeting today, which lasted about an hour, Secretary Root read extracts from reports which he had recently received from Government officials as to the situation in the Philippines.

These reports make careful comparisons with the conditions which prevailed one year ago and show conclusively, it is said that great progress has been made since that time in all directions. It is understood that Secretary Root will prepare a resume of these reports for transmission to Congress.

Among other things Secretary Root had the Taft Philippine Commission, which reported progress at many points. Secretary Root seemed to think that the conditions were decidedly improved in the Philippines and that the prospects for a speedy settlement of existing troubles are bright.

### TO EXTEND JIM CROW LAW.

Governor Appoints B. S. Royster Adjutant General. Libel Bill Favorably Reported.

Special to Journal.

Raleigh, January 23.—The Governor appointed Beverly S. Royster, Adjutant General.

Two bills were discussed before the railway committee today, one to extend the Jim Crow law to the fast through trains, the other to strike out all exemptions in the present law, thus making it apply to all trains, even freights.

Henry Miller of the Southern Railway appeared before the committee and said the best solution was to eliminate the second class fare, and have a uniform fare of three cents per mile, that this would settle the whole matter.

The Senate Judiciary committee unanimously agreed to report favorably the London Libel bill, which is to give newspapers proper protection.

### QUEEN VICTORIA.

One Week's Illness. Edward VII is Now King of England.

Queen Victoria's long reign is at last ended. She died at Osborne House, Isle of Wight, at 8:30 P. M. January 22nd London time, Edward VII is now King.

Victoria's fatal illness began with a paralytic stroke, suffered on Wednesday of last week. It was her first serious illness in all her long life and she did not submit to prompt precautions. Her condition rapidly grew worse, and in the last few days all hope of saving her life had been abandoned.

About 10 o'clock yesterday morning the royal sufferer had a slight rally, recognizing her eldest son and others about her bedside. She soon sank into a fitful sleep and remained unconscious to the end.

It is expected that the coronations of the new King will take place in about six months. In the meantime he rules with all the prerogatives of the King.

When threatened by pneumonia or any other lung trouble, prompt relief is necessary, as it is dangerous to delay. We would suggest that One Minute Cough Cure be taken as soon as indications of having taken cold are noticed. It cures quickly and its early use prevents consumption. F. B. Duffy & Co.

### Great Loss From Tropical Storm.

PORT ANTONIO, JAMAICA, Jan. 23.—Northern winds, the heaviest of the season, are raging. Small boats have been driven ashore and smashed; what property washed away and banana plantations ruined. The telegraph lines are cut. Several washouts have occurred in the railroad line. The disaster is keenly felt, as the island was just recovering from the hurricanes of October, 1899.

### THE DOUBLE LETTER.

The double letter is scarcely of use in any language. Sometimes we are purely inconsiderate. Letter must have two (A, U, I, O, S, X). The double letter very seldom affects the pronunciation. Would it not be well to drop the double letter altogether? It would simplify spelling and save time too. Notes and Queries.

The Kind You Have Always Bought

### Krupps Will Sell England Arms.

BREITENBURG, Jan. 23.—Count von Buelow, the Imperial Chancellor, has received a notice from the Krupp Works saying that, while the company has heretofore refrained from filling British orders for arms and ammunition, it will fill them hereafter. This is understood to be due to the fact that the Ehrhardt concern, at Düsseldorf, has all along sold arms to England.
